Chamberlain's Cough Remedy Always Proves Effectual.

There are no better medicines on the market than Chamberlain's. We have used the Cough Remedy when all others failed, and in every instance it proved effectual. Almost daily we hear the virtues of Chamberlain's remedies extolled by those who have used them. This is not an empty puff, paid for at so much a line, but is voluntarily given in good faith, in the hope that suffering humanity may try these remedies, and, like the writer, be benefited.—From the Glenville (W. A Regretted Assigment.

It is not often that we are called upon to announce the failure of any of Manning's business concerns and in the present instance we can truly say that it is with sincere regret that we announce the business failure of Mr. J. H. Lesesne, one of our youngest merchants, and whose pride was in his business. Mr. Lesesne has made an assignment for the benefit of his creditors without having been sued or even threat-eped with suit. He assigned all of his assets voluntary, and refused to have himself placed in a position whereby he could get the advantage of the homestead, to which the law entitles him as the head of a family. This step on the part of Mr Lesesne was taken after mature deliberation, after finding that his mercantile business did not warrant its continuance. The cause is plain to all business men. Limited capital at the seat of strong competition where, unless a man is financially strong, it is only a matter of time when he is bound to taste of the cup of bitter experience and disappoint-
