Since the rainy spell we would suggest to the town council the propriety of distributing more disinfectants, and require the police to make a thorough inspection of premises.

It is important that the presidents of clubs or the committeemen send in to the county chairman the names of the managers for the clubs not already supplied with managers.

The entertainment given last Thursday night at the Institute hall for the benefit of the cemetery, under the direction of Miss Bessie Galluchat, was a decided success. All of the young ladies did their parts well and we could not make special mention of any without slighting all; we will, however, take the chance of mentioning little Joe Hall, who delighted her audience with her graceful dancing and cute singing. Miss Galluchat deserves much credit for the training she gave her companions, and all who attended were elegantly entertained.

Parties desiring to build houses, remodel old ones or build anything or paint residences, churches, etc., will do well to call on or address S. L. Krasnowf Manning, S. C. Estimates furnished on application free of charge.

Look out for cattle thieves, they are roaming the country. On last Wednesday night a cow was stolen from Mr. J. A. Brown of Packville and she was tracked to Sumter and found in possession of butchers Weeks & Bradwell who bought the cow from an unknown negro for \$7. When the dealer was asked how he got the cow he said he and they told the dealer he would have to wait until the bank opened so they could pay him the balance. The thief took the dollar, went off and never went back for the rest. No doubt his suspicions were aroused or he might have espied the stolen party. This is the second cow stolen from that community recently and we think it would be a good idea for Judge Richardson to apply the stringent law to gentlemen of elegant leisure who might find it tempting about in that section. If that doesn't have the desired effect a dozen bulls properly distributed into the car-trail of these scoundrels might bring about the desired result.

Executive Committee Proceedings. Manning, S. C., July 23, 1898. The County Democratic Executive Committee met in the court house with Chairman J. Elbert Davis presiding. The roll call showed a quorum present and the chairman proceeded to read the call and announced the committee ready for business. The rules governing the Democratic primary as adopted by the State convention were read and adopted as the governing rules of the county primary. A copy of said rules will accompany the ballot boxes. A new club known as White Democratic club, recently organized, was admitted.

On motion it was decided that as much as six clubs be represented at the meeting, and as a consequence there were no suggestions as to who should act as managers for these absent clubs, it was ordered that the county chairman be instructed to confer with the presidents or committeemen of the absent clubs and obtain names to act as managers, and in case he cannot obtain the names in this way, that he be authorized to appoint the managers. The following were the missing clubs: Fork, Forester Reform, New Town, Silver and Trinity.

A resolution offered and advocated by Mr. Louis Appelt to provide for a separate box to associate the will of the people on the question of Prohibition and Dispensary, after considerable discussion was regarded by the committee to be unnecessary and the same was lost. The matter of pay for the managers was also discussed and the necessary assessments, all money left in the treasury.

The following are the managers: A. J. Nettles, J. R. Hodge, J. W. Brantton, Clarendon—Cross Roads—J. F. Richardson, G. L. Lesse, J. J. Gardner. Doctor Swamp—J. N. Tobias, C. J. Haley, S. F. Parker. Douglas—R. R. Tomlinson, F. N. Thomas, A. J. Hicks. Manning—F. P. W. T. Tomcherry, C. A. Ridgill, W. T. Francis. Forester Reform—Forester—C. M. Mason, T. L. Bagnal, J. W. Wilson. Fulton—H. B. Richardson, Jr., D. P. Lide, H. H. Shack. Harmony—J. D. Daniels, J. G. Flourens, M. Youmans. Jordan—R. C. Plowden, J. W. Clark, J. J. Mitchell. Manning—J. H. McKnight, F. M. Benbow, A. Weathers. Midway—J. M. Player, S. E. McFadden, G. D. Smith. New Town—New Zion—W. E. Fleming, Pat Hanly, T. M. Beard. Packville—R. J. Bradham, J. F. Richardson, J. A. Brown. Panama—C. W. Brown, J. H. T. Conliffe, S. P. Fairley. Pinewood—A. W. Griffin, G. F. Broadway, B. D. Schamps. Silver—Summerton—A. P. Burgess, J. R. Dingle, H. L. Brunson. Trinity—White—P. E. Ridgeway, Sr., W. C. White, W. S. Anderson.

It was requested that the names of managers for the clubs not represented be sent to the county chairman as soon as possible. All the pledges of candidates, together with the assessment fee, must be in the hands of the county chairman not later than the 20th day of August.

The county campaign meetings will be held as follows: Pinewood, August 22. Packville, August 23. Summerton, August 24. Manning, August 25. Forester Reform, August 26. Boykin's Mill, August 27.

The following fee was assessed the candidates: Congress, \$50; Senator, \$10; House of Representatives, \$10; Judge Probate, \$5; Superior, \$10; Superintendent of Education, \$10; Auditor, \$10; Treasurer, \$10. This concluded the business before the committee and they adjourned. A. J. Krasnowf, Secretary.

Every man who marries a woman for her beauty alone must expect to get about the same kind of satisfaction as the negro (who ate a mocking bird on account of his fine singing) got.

Prohibition Impracticable. The prohibitionists are making a hard and determined fight to control the government of our State, but they are fighting behind the rampart of democracy, and their standardbearers are conducting a courteous and decent campaign. They appeal to the sober sense of the voters, and do not attempt to build themselves up by blackening the character of their honorable opponents. It matters not what the result of our democratic primary, those Prohibition candidates have so conducted themselves as to win the respect of the public. They rely for success on reason and argument, and not on baseless charges against their opponents, and do not appeal to the prejudice and factional antagonism.

Railroad Wreck—Mannington on Board. Mail train No. 32 from Charleston to Columbia via Manning yesterday was wrecked about four miles this side of Columbia and the engine and three coaches were hauled down an embankment 20 or 25 feet at Hampton's pond. Among the passengers were Mrs. J. R. McLean and her daughter, Miss Jessie, en route to Spartanburg, and Lieutenant A. C. Davis, returning to his company. The ladies were severely shaken up and bruised, but not seriously hurt. Lieutenant Davis was cut about the head and his body badly bruised, but it is hoped that he, too, has no serious injury.

The first news of the wreck to reach Manning yesterday afternoon was a telegram stating that Davis had several ribs broken; later, after Dr. Taylor made an examination, another telegram came which stated that no bones were broken. All of the injured passengers were taken to Columbia; those most seriously hurt were sent to the hospital, the others were placed at hotels, where they are receiving the best of attention. Engineer Johnson was badly scalded and when he was picked up his flesh dropped from him. Conductor Webb was in charge of the train.

The afternoon Register says: The exact cause of the wreck was not clear from the information received. A special was made up. It left the station about 12:15 o'clock for the scene of the accident. From one who came from Hampton's it is stated that the front engine was displaced and the engine went down the embankment near Hampton's pond about 20 or 25 feet. The engine fell on her side. The coaches fell over on the engine and also fell down the embankment. The cars were badly smashed up. The passengers remained remarkably cool under these trying circumstances, and this was especially so with the male passengers on board. As soon as possible, passengers were extricated from their positions. Some were found to be painfully hurt. The crew on the South Carolina and Georgia road generously rendered assistance to get to Columbia. The train was going at the rate of about 40 miles an hour, and it is unappreciated that those aboard were not instantly killed. There were only three passenger coaches. The second car was the first to go over the side and the last passengers in it came near suffocating.

Card. In announcing my candidacy for the State Senate, I stated my position on the question of prohibition vs. dispensary, and promised to request that a separate box for the determination of this question be placed at each club in order to ascertain the wishes of the majority, pledging myself to conform with the result of the county executive committee met last Saturday and in accordance with my promise I offered the following resolution:

Resolved, That there is a question of grave importance now before the people and one on which they have a right to instruct their Representatives in the General Assembly—Prohibition-Dispensary, and in order that our Representatives may know the wishes of the people on this question, Resolved, That the county chairman is hereby instructed to provide a separate box at each club wherein the voters may cast their votes for Prohibition or Dispensary and the county chairman is further instructed to have printed at the expense of the committee's treasury an equal number of tickets of sufficient quantity for said election; one half the number of tickets are to have the word "Prohibition" on the other half the word "Dispensary"; that when the result of this ballot is announced the Representatives from this county shall stand pledged to support the expressed wishes of the majority.

Attention, Manning Guards! The company is hereby ordered to meet at their armory, in dress uniform, on next Saturday, 30th inst., at 4:30 p. m. for drill. By Order, W. M. Lewis, Captain. F. P. Evans, 1st Lieutenant.

CASTORIA. The Kind You Have Always Bought. Our Duty as Voters. Editor THE TIMES: As the day draws near for our primary I think it is the duty of every voter to calmly consider who he should vote for and the reasons therefor. As to our county candidates, it is supposed that they are personally acquainted with every voter, so it is not my purpose here to intend to discuss their fitness or unfitness for the office to which they aspire. I do hope that each and every voter will exercise his best judgment in the matter and carefully weigh all the candidates for a State office. I have known Leland P. Epton, candidate for Comptroller General, for about twenty-five years and I can assure the voters of this county that if they knew him as I do he would give very few votes in Clarendon. In the race for County Auditor he received the largest majority ever given a candidate in Spartanburg county. I hope every voter in Clarendon in making up his ballot will remember L. P. Epton, the one-armed boy from Spartanburg county, candidate for Comptroller General.

A CLARENDON VOTER. Persons troubled with diarrhea will be interested in the experience of Mr. W. M. Bush, clerk of Court, Dorchester, S. C. He says: "For several years I have been almost a constant sufferer from diarrhea, the frequent attacks completely prostrating me and rendering me unfit for my duties at this hotel. About two years ago a traveling salesman kindly gave me a small bottle of Chamberlain's Colic, Cholera and Diarrhea Remedy. Much to my surprise and delight its effects were immediate. Whenever I felt sick I applied a few drops and in a few minutes the attack with a few doses of this valuable remedy. The result has been very satisfactory and almost complete relief from the affliction." For sale by R. B. Loryea, the druggist.
