C. W. KENDALL, Proprietor.

**From Girlhood to Womanhood.**  
 DON'T LET YOUR DAUGHTER have a wrong marking into womanhood. The greatest crisis in every girl's life is at this stage when the menstrual functions are being established, and she should have every provision obtainable for establishing this period properly, without which she can never become a perfect woman. Mothers, teach your daughters to provide in you. Explain their condition to them and watch over them as you would the most delicate plant, and as this most critical age draws near commence giving her  
**GERSTLE'S Female Panacea.**  
 It will establish the menstrual functions, restore the strength and give life and energy to the system. PRICE \$1.00 PER BOTTLE.  
 When there is any costiveness, move the bowels gently with moderate doses of ST. JOSEPH'S LIVER REGULATOR.  
 My daughter was suffering from a severe bilious attack, together with great "bearing-down" pains and back-ache during her monthly periods. She had violent nervous prostration, a peculiar gutting and jerking sensation. I bought a bottle of GERSTLE'S FEMALE PANACEA (G. F. P.) and some ST. JOSEPH'S LIVER REGULATOR and commenced treating her. All pains and biliousness were removed and the spring was stopped. It is the best I ever saw for young girls.

**MATTER OF PRONUNCIATION**  
 A Father Who Seeks to Enlighten His Son on a Small Point.  
 There is a certain man who by the sweat of his brow—in summer time—earns his bread as a government official, with an office in the big state, war and navy building. He also earns bread for a wife and three likely children and a servant, who manages to carry a slice of pie along home with her bread about three evenings in the week. But that is the cook's privilege always.  
 This official has a son aged 18, who is very nearly as sharp as the father thinks himself to be, especially in those things that everybody ought to know and not one person in a dozen does know. About three times a week the father comes to the office loaded with some new information which he seeks to impart to his fellow clerks by the inductive method—that is, he induces them to show how little they know; then he springs it on them. His strong point is words and their pronunciation, and he thinks he is an authority.  
 The other evening while he was entertaining three or four of his office friends at a small supper the eldest boy spoke up from the far end of the table. "Say, pop," he inquired, "how do you pronounce 'N-e-w-o-n-a-n'?" spelling it out slowly.  
 "I presume," replied the father, with the courage of his convictions, "that it is an Indian name, and by the rule I would pronounce it Ne-w-o-y."  
 "But that isn't the way," dissented the boy.  
 The father was never more surprised in his life.  
 "I don't quite see how it would be euphonious any other way," he said, with a mild air of offended intelligence.  
 "What's the matter with pronouncing it new one?" inquired the boy, with a loud, irreverent ha ha. And the blow almost killed father.—Washington Star.
