DISPENSARY ANNUAL REPORT FOR YEAR 1898.

Table with columns: 1898.—SALES, Consumers' Price, Invoice Bill, Gross Profit, Expense, Net Profit. Rows include quarterly sales and totals.

We return thanks to the following business firms for handsome calendars for this year: Walker, Evans & Cogswell Co., printers and binders, Charleston; Carolina Grocers, wholesale grocers, Charleston; the Typographic Manufacturing Co., Hartford, Conn., manufacturers of the Columbia bicycles, and Irwin N. Megarage & Co., paper dealers, Philadelphia, Pa.

A sad accident occurred on Monday evening near Paskville which caused the death of Mr. Hampton Catter. He was working at the saw mill of his father, Mr. Ben Catter, when a piece of plank was caught in the rapidly revolving saw and hurled in the direction Mr. Catter was working and struck him on the head, crushing his skull. After lying in agony during about 4 o'clock yesterday morning to relieve his suffering, it is a heavy blow to the family who have the sympathy of many friends.

It has been demonstrated repeatedly in every state in the Union and in many foreign countries that Chamberlain's Cough Remedy is a safe preventive and cure for croup. It has become the universal remedy for that disease. M. V. Fisher of Liberty, W. Va., only repeats what has been said around the globe when he writes: "I have used Chamberlain's cough remedy in my family for several years and always with perfect success. We believe that it is not only the best cough remedy, but that it is a sure cure for croup. It has saved the lives of our children a number of times." This remedy is for sale by R. B. Loryea, druggist.

Our investigations show a levy of 4 mills on \$2,000,000 real and personal property, making the amount to be collected, \$8,000. The appropriation was \$10,312, making \$2,312 more than taxes to be collected, and with the deficits of former years and also including 1898, it puts the county in a position of starting business this year, 1899, with a debt of \$1,920.99. It does not require much thought to see how utterly impossible it is for the representatives to give a lower levy this year. As a business proposition it would be the proper thing to add on another mill and wipe out all outstanding debts, borrow the necessary funds to run the county upon a strictly cash basis and put to work on the changing any county officer who would make a debt contract against the county. But as long as we go along in this shilly-shally, come-a-day, go-a-day manner of doing business, paying all kinds of prices for the county's needs, and not attempting to extricate ourselves from the mire of debt, the prospect for lower taxes is hopeless, but on the other hand, the prospect is great to bankrupt the county. Clarendon's levy and assessment is among the smartest in the State, but it could be considerably lower if the people would consent to allow their representatives to throw off the yoke of past indebtedness and place the county on a sure business basis.

I want to let the people who suffer from rheumatism and sciatica know that Chamberlain's Pain Balm relieved me after a number of other medicines and a doctor had failed. It is the best liniment I have ever known of.—J. A. Dodgen, Alpharetta, Ga. Those who have been cured of rheumatism by this remedy. One application relieves the pain. For sale by R. B. Loryea, druggist.

County Taxes Cannot be Lowered. There is a constant cry of "high taxes" and a general desire to have the levy lowered. To lower the tax levy the editor of THE TIMES as one of Clarendon's representatives would heartily give his aid, but after a thorough investigation we find it impossible. The financial condition of the county is such that if the delegation acted upon business principles they would increase the levy instead of decreasing it. We are opposed to increasing the levy this year, because the prices obtained for products the past year made money matters very tight and an increased tax would make the burden heavier, but if we are ever to throw the yoke of debt, it is penny wise and pound foolish, to undertake to run the county with an annual deficit; we must some day have a tax levy sufficient to pay the county out of debt and then have each legislation as will prevent getting back into debt. The writer has given the county's present condition serious study, because to lower taxes was one of the main objects he desired to accomplish, but his investigations have convinced him of the impossibility of accomplishing his object. He was disposed to hoodwink the people by lowering the levy this year to only increase the indebtedness for next year.

W. H. Nisbet, Cash's Depot, S. C., writes: I had despaired; used Zeilin's Liver Regulator, but it did no good. I then tried Dr. A. S. Simmons' liver medicine; the first package did me good. I continued its use and was cured. Sold by Dr. W. M. Brockington.

All letters for the editor of THE TIMES that relate to his duties as State Senator, or that of any of his constituents wish to write him on public business, will from now on find the adjournment of the General Assembly, to be sent to "Senate Chamber, Columbia, S. C."

To insure a happy new year, keep the liver clean and the body vigorous by using DeWitt's Little Early Risers, the famous little pills for constipation and liver troubles. R. B. Loryea, Manning; L. W. Nettles, Foreston; H. L. Wilson, Jordan.

We want more correspondents to THE TIMES. Send us the happenings from your community so your neighbors can see what is going on. They will appreciate it. We would ask that all communications sent for publication be mailed so they will reach this office not later than Tuesday morning, in order to insure publication the same week.

Paul Perry of Columbus, Ga., suffered agony for thirty years, and then cured his piles by using DeWitt's Witch Hazel Salve. It heals injuries and skin diseases like magic. R. B. Loryea, Manning; L. W. Nettles, Foreston; H. L. Wilson, Jordan.

During our absence Mr. H. R. Boger will have charge of THE TIMES office and the friends of the paper will confer a great favor if they will furnish him with news. Our correspondents should come to our aid now by sending in some interesting communications and the editor will endeavor to keep the readers informed from his post of duty at Columbia.

These are dangerous times for the health. Croup, colds and throat troubles lead rapidly to consumption. A bottle of One Minute Cough Cure used at the right time will preserve life, health and a large amount of money. Pleasant to take; children like it. R. B. Loryea, Manning; L. W. Nettles, Foreston; H. L. Wilson, Jordan.

That part of the Fulton road about three miles from Manning was in an impassable condition from the heavy rains after the new work that was put on it by the changing. Supervisor Owens has set his gang and teams to work hauling in sand and clay and he thinks that when he finishes it will be one of the best pieces of road in the county.

Mr. S. A. Fackler, editor of the Micanopy (Fla.) Herald, with his wife and children, contracted a terrible grippe. One Minute Cough Cure was the only remedy that helped them. It acted quickly. Thousands of others use this remedy as a specific for their grippe and its extending after-effects. R. B. Loryea, Manning; L. W. Nettles, Foreston; H. L. Wilson, Jordan.

Mr. Daniel Morris of Senanton was in town last Thursday to pay taxes on his Clarendon property, and when he learned there had been no extension and the penalty was forthcoming, he told Deputy Sheriff Gamble that the Legislature met in Williamsburg county last week and extended the time for the tax collection. Morris ought to move his Clarendon lands into Williamsburg to take advantage of the great work done by the Legislature last week in that county.

The "petrified man" that was found near Columbia several years ago and has been exhibited through this and other States ever since, now turns out to be a fake. Several pieces taken from different parts of the "man" were sent to Berlin, Germany, and examined by experts who pronounce it a composition of "vine and clay dilute". It is supposed the "man" was cast in a mould made from the body of a mummified Indian. It will be remembered this "petrified man" was exhibited in Manning about a year ago and the exhibitor took in a good many times here. It is a fake, a clever piece of work was executed when it was moulded.

Most men are ready and willing to die for their country—of old age.

Beats the Klondike. Mr. A. C. Thomas of Marysville, Tex., has found a more valuable discovery than has yet been made in the Klondike. For years he suffered untold agony from consumption, accompanied by hemorrhages, and was absolutely cured by Dr. King's New Discovery for consumption, coughs and colds. He declares that gold is of little value in comparison with this marvelous cure; would have it, even if it cost a hundred dollars a bottle. Asthma, bronchitis and all throat and lung affections are positively cured by Dr. King's New Discovery for consumption. Trial bottles free at R. B. Loryea's drug store. Regular size 50 cents and \$1. Guaranteed to cure or price refunded.

OUR THANKS.

We cannot start another year's business without first thanking our many friends and customers for the liberal support they have given us during the past year. Friends, we thank you for the large patronage you gave us last year, and we are determined to make 1899 the greatest year in the history of our business by selling new, fresh and first class goods cheaper than they were ever known in the history of this town. We do not and we will not handle old auction goods that have been layed away in some warehouse or knocked around over the country for the last ten or fifteen years. They may look well, but when you examine them they are rotten. Our commercial standing enables us to buy our goods in any market and buy them advantageously, and we will not buy anything but the newest and best goods the markets can produce. Many of the goods we sell you this year grew in the cotton fields last year, for we buy them directly from under the manufacturer's loom.

WE OPEN

The year's business by naming you the following prices: Five thousand yards of Tobacco Bed Cloth at 1 1/4c per yard. Who will dare beat this price? Ten thousand yards of best Fast Color Shirting Print Calico at 3 1/4c per yard, 30 yards for 1.00. One thousand yards of Plow Boy Jeans at 15c per yard that can't be bought elsewhere for less than 25c. Five hundred pair of Oil Grain Plow Shoes at 1.25 per pair; now these are first quality oil grain, no seconds about them.

Two Thousand Yards of Calico, Worsted, Outstanding and Homespun Remnants which we offer at prime cost.

Those who wish a nice Suit of Clothes had better give us a look. We can open your eyes, even if you are sound asleep.

Attention, Plow-Boys!

The time is now at hand when you must turn your attention to the plow, friends, and we wish to remind you, should you need a Plow of any kind, Backbands, Traces, Leather or Poplar Collars, we have them at the lowest prices.

Eleven yards good Rope for only 10c; a good Axe for only 50c. All kinds of Farm Tools very cheap.

Yours truly,

W. E. JENKINSON.

CAN'T FIND HIM! WHO, WALSH, THE SHOE MAN OF SUMTER?

He's moved; you will find him in store under Opera House. You can't miss it; just look up for the city clock and he's right under it.

His stock of Shoes is full, and if you go there, he sells so cheap you'll really be glad "cotton is low."

Mr. Ben Cuttino, an old Clarendon man, and practical Shoemaker, is with him.

I value my Clarendon trade and will always try to give you satisfaction.

Did You Know

That flour was on a rapid advance in price? Well, if you don't know, we will tell you that it has advanced about 40 cents per barrel in the last ten days, and the top is not reached yet. We have now on hand, bought, in the house and on the road about 100 barrels which we offer at old prices until all is sold.

Good Patent Flour at 4.50 per barrel. One car of the finest Liverpool Salt, in 100-lb sacks, at
