"What might have been"—if that little cough hadn't been neglected—is the sad reflection of thousands of consumptives. One Minute Cough Cure cures coughs and colds. D. O. Rhame, Summerton; Dr. W. M. Brockinton, Manning.

There is no subject upon which young America is more determined than matrimony, where two young hearts lay themselves out to the will of the old folks. "All is fair in war and love," goes the saying, and this was the opinion of young Frank Jennings of Packville and Miss Mamie Jennings of Manning, aged about seventeen and eighteen, as they took time by the forelock last Sunday, and outwitting the designs of all objecting folks repaired rapidly to the presence of Judge Richardson of Packville, and put all troubles and obstacles behind, were united according to the statutes in such cases made and provided.

It was composed largely of members of the Methodist Sunday school, with assistance from the older Sunday school, and under the able and efficient management of Miss Jesse McLau was quite a success. The stage presented a forest like appearance, and the crowd of girls and children had an easy and merry time picking out singing songs among the trees and flowers. There were too many who did well for them all to receive special mention, but two little tots, little Joe Hall and the Beckman played their parts admirably and it is a pleasure to the rest to make special mention of them. The entertainment was well attended and when it was over some refreshments were sold, the whole proceeds netting the neat sum of nearly fifty dollars.

Grand Opening. The tobacco season is on. The first grand opening sale of the People's Tobacco Warehouse will take place next Wednesday, August 2nd, and a big opening is expected. There will be plenty of buyers, representing the best manufacturers and tobacco centers in North Carolina and Virginia, and tobacco sellers will be sure to get the highest prices that are prevailing on that day. Free dinner is to be served to all sellers and a big day is expected. It is hoped that farmers from all parts of the county will be on hand that day and each one bring a load of his best weed, so that the first day's sale will not only be a success, but will induce all buyers who are here that day to remain and others to come.

Manager Charles M. Mason is the right man in the right place to make the new warehouse a success, and he is delighted with the prospect of a fine season and high prices. We hope to see Manning one of the best tobacco markets in the State this fall, and with two large and well-equipped warehouses, each with a full force of experienced tobacco handlers, and now are satisfied that farmers in this and adjoining counties can find no better place to come to sell their crops. Not only is this the case, but after they have sold, there is no better place for them to buy goods. Manning has a number of up-to-date merchant who have realized that in order to keep in the front ranks of their profession they have, first, to keep the goods that the farmers need, and in the best places, sell them at prices that cannot be beaten anywhere. So that when all things are considered there is no use in any of our farmers hunting other markets to sell their produce in, or in shipping it to foreign markets on account.

We hope that Manning will be crowded with tobacco sellers next Wednesday, as they are assured of good treatment and a royal big time at the first big sale at the new warehouse.

The mornings and afternoons will be devoted to business sessions, and there will be preaching each morning at 11 o'clock and at night. Quite a number of distinguished ministers will be in attendance upon the occasion, and Bishop Hanson will be here the latter part of the week and probably preach Sunday morning. Dr. J. A. Rice, President of the Columbia Female College, Dr. John O. Wilson, pastor of the Sunday school of Camden, Dr. G. H. Waldell, superintendent of the Epworth Orphanage, and Prof. John G. Clinkscales of Wofford College, will be here to represent their respective interests, and, as all these gentlemen are able speakers, our committee feel addresses in store for those who attend the conference. Most of these addresses will probably come on Friday and Saturday.

Among the visitors who it is hoped will attend the conference is Dr. J. H. Wells, a physician who are much beloved by all who know them. Doctors Samuel Leader of Williamson Female College, O. A. Darby and Samuel A. Webber, of these conferences are very interesting, as some strong debates often come up which are calculated to enlighten the people on important educational, missionary and church subjects. All sessions of course, are public and it is expected that the conference will be largely attended.
