This institution, famous in the history of education in South Carolina, has recently been thoroughly reorganized and now, with a large and able Faculty, is prepared to do college work of the very highest grade. The building will be furnished with new heating apparatus throughout, all the rooms will be supplied with new furniture, new pianos will be purchased, new physical, chemical and mineralogical laboratories will be equipped-in short every thing that is necessary in the work of a first-class woman's college will be provided. The site is unequalled in South Carolina for beauty and for healthfulness. Limestone College makes its appeal to the people strictly on its own merits. Literary, Scientific and Commercial Courses. The regular college degrees are given by the authority of the State of South Carolina. An especially fine Course in Pedagogy is offered to those desiring to become teachers.
