An unusually attractive programme has been arranged to extend through the whole week this year, and the good crops of cotton and tobacco in the lower section of the State and the unusually fine prices for cotton will put many folks in position to spend something for pleasure this fall, so that Charleston Gals week this year bids fair to be one of the best she has ever had. Clarendon will be largely represented from all sections of the county and especially will Manning be represented.

EDITOR TIMES:
We only want to say a few words to our friends and the purchasing public this week. At the store of M. Levi's Estate a complete stock of New Goods has been received for the fall and winter.
We buy in many instances direct from the factories, and the long and well established standing of this business puts us in position to get the best prices, which we always give our customers the benefit of.
Remember that we carry EVERYTHING to be found in a General Merchandise business and employ a force of courteous gentlemen to wait on our friends and customers.
Come and see us when you have any buying to do, and if you have been everywhere else and cannot find what you want, come and see us anyhow, and probably we have the article.
One other thing. We give the highest market prices for cotton. We get several reports from Liverpool each day and reports on the cotton market every twenty minutes from New York while the exchange is open. Things that happen in Liverpool at 12 o'clock noon we often know here by 10 or 10:30 the same day. Bring us your cotton.
