NOTICE.

All persons having claims against the county of Clarendon, will please present them on the 1st Saturday in January that the same may be considered for approval or rejection. An invitation is also extended to the Representatives to meet with the board on that day for the purpose of acquiring necessary information to aid them in their legislative duties. It is earnestly desired that there be a full attendance of the Delegation.

T. C. OWENS, Supervisor.

It is not often that Manning is visited by such genial souls as Col. A. C. Heckheimer and Maj. Gus Gumprecht, both of Baltimore, and when these gentlemen do visit as the "pleasure is all ours." They spent last Wednesday here representing their respective business houses, and when concluding "schmusing" the merchants and mailing their fat orders they made fun for the week. These two gentlemen always receive a warm welcome here and the houses they represent are fortunate in having them.

If you wish to procure any Patent Preparation, Soaps, Perfumery, Toilet articles, fine Confections, in endless variety? Then read advertisement in Manning Times, Wednesday, Dec. 13th. The R. B. Loryea drug store, Isaac M. Loryea, Prop.

Parties are about to commence circulating petitions, praying the legislature to exempt certain portions of Clarendon from the operations of the stock law during the months of December, January and February. The portions sought to be exempted is in Mt. Zion, Brewington and Midway townships; those who want to tax their stock will probably not plant any winter grain and are not caring about those who do plant such crop. A bill was introduced at the last session looking to the stock law exemption and was killed in Committee for lack of compliance with the law.

"A thing of beauty is a joy forever" do you wish to possess any article that will give you pleasure? Then the sure and real advertisement in Manning Times, Wednesday Dec. 13th, The R. B. Loryea drug store, Isaac M. Loryea, Prop.

In the notice of the County Supervisor calling for claims against the county to be filed on the first Saturday in January, he also extends an invitation to the county's representatives to meet with his board. We are glad the supervisor has done this, and we hope there will be nothing to prevent any member of the delegation from being present. No Representative can intelligently represent his constituents who does not seek the necessary information that he may become conversant with the county's needs. The people have placed a trust in their hands and an important one; the fact that the position of Representative is a condition makes it the more honorable, and those who are thus honored should appreciate it sufficiently to come to the court house to acquaint themselves of the condition of the county. We sincerely hope all will be on hand.

Do you wish your Prescriptions compounded carefully, accurately and promptly? Then do not miss reading our advertisement in Manning Times, Wednesday Dec. 13th. The R. B. Loryea drug store, Isaac M. Loryea, Prop.

Quite an exciting episode occurred last Monday by the running of one Cicero Harvin, colored, away from a constable who had a warrant for his arrest, on the charge of violation of contract. The crowd took in after the fleeing negro and he was finally captured. While the chase was in progress many in the crowd did not know the cause of excitement or who was wanted but they went on with the crowd, then some fellow in a spirit of mischief gave out that they were chasing Bill Dixon, which caused many to halt instantly and remember they had business elsewhere. Harvin when taken was very much frightened, the fellow did not seem to know why he should have thus been pursued. But Mr. Ed. Briggs of Sumter who had him arrested told the fellow that he was charged with fraud and violation of contract. It was not long however before Harvin gave bond and was released.

Are you a letter writer, and desire to improve your effusions on Paper that will show a refined and cultivated taste? Then read advertisement in Manning Times, Wednesday Dec. 13th. The R. B. Loryea drug store, Isaac M. Loryea, Prop.

Our Sheriff informs us that about eighteen years ago a constable named Harvin was committed in the Silver section and up to date no one has paid any penalty for the crime. Charles Connors, a negro; immediately after the murder, left for parts unknown and at the coroner's inquest it was learned that the man and woman who were the wife of Charles Connors was poisoned with concentrated lye. A warrant was issued and the country ransacked for the escaped murderer, without avail, the sheriff communicated with other sheriffs in the State and there as Charles Connors; something reached the sheriff which caused him to look after this man and he located him as the missing Charles Connors wanted by him on the charge of murder. Deputy Sheriff Guible left on Monday for Bennettsville and brought Connors here and placed him in the county jail to be tried at the next term of court.

Quite a crowd assembled in Manning last Monday, to hear the preliminary trial of Cy Connors and Ellison Connors, charged with stealing cotton from the railroad depot at St. Paul. Magistrate Richbourg of St. Paul was the trial magistrate and when the hour arrived, it was ascertained that some of the material witnesses for the State was not present, and Magistrate Richbourg granted a continuance until next Monday. This case is being watched with the keenest interest, because it is believed that there is an organized band of thieves who have adopted the plan of robbing cotton from the rails and by putting a little seed cotton with it, have it packed at some of the cotton gins; there is also a strong suspicion that the band is not altogether composed of negroes, and the anxiety displayed by the negroes from that section exhibited a degree of restlessness among them.

Pine-wood has had a cotton stealing scare from its depot, and as a consequence J. W. Dove, and J. W. Green, both colored, are now in jail in default of bond. The boxes of cotton stolen belonged to Mr. N. C. Shack, and Mr. Pat. Brockinton. It is suspected that the Pine-wood and Silver robberies are the work of the same organized gang.
