BILLY WILSON'S NERVOUS VENTURE.
Everybody remembers the St. Charles hotel in Charleston. The old folks remember it as the "Pavilion." This hostelry has sheltered many Clarendon people, for when it was in its prime it was headquarters for everybody from this section. The building has been closed for some time, and even before it closed its doors, the management was such that drove patronage from it. The concern was run down, and is now an eyesore to the progressive people of that city. There is an element of young blood in the city now, and prominent in that class is our own "Billy" Wilson, who are making the mossbacks wonder what will turn up next. It is such nerve and push as is possessed of Col. W. B. Wilson which has brought about a condition that will force Director Merriman of the Census bureau to acknowledge Charleston as being entitled to a place on the map.
Colonel Wilson and Mr. George H. Moffett put their heads and "wads" together, lighted the Carolina Grocery Company's celebrated Morro Bella cigars, and sauntered down Meeting street and stopped on the corner of Hazel. Here these two young men determined to set a worthy example to those who they are urging to stick pins in themselves to produce activity; they bought the old "owl roost" and when the papers were signed sealed and delivered the owl in the rookery wanted to know "who, who" and when told that Billy Wilson the country lad that went down to the city a few years ago had the titles in his inside vest pocket, and had associated a pal who can't stand still, the owls organized an emigration society, flew off to the custom house, took a plunge in Ostendorf's bath tub, and then hid themselves off to the offices of the fellows who will not contribute to the Exposition fund, nor do anything else to help Charleston.
Colonel Wilson and Mr. Moffett are going to tear the whole inside out of the building, and give it such a renovation as will make it as good as new and modern in all of its appointments. These gentlemen did not go into this project to restore their health, nor for any benevolent purpose, the enterprise has been entered upon, with malice aforethought to make money, and they are going to do it. Charleston needs a good hotel and with Wilson & Moffett backing such an institution she will have it.
There is no use talking about wait, when business men of the Wilson stripe are on the tapis, and if Charleston will just stop thinking that she is the only place on this mundane sphere, and remember there are others, and will hold out her hands in welcome to men with brain, push and money; exhibitions, hotels, factories and everything progressive will come her way. Give encouragement to a display of nerve, and enterprise and not board up wealth as family heirlooms.
When the St. Charles has been transformed into a thing of beauty as we know it will be, then we hope to become a guest under its hospitable roof.

If Dewey gets in at all, it will be over his bridge and not on his platform, but more likely when the baby wears her beads.

Working Night and Jay.
The busiest and mightiest little thing that ever was made is Dr. King's New Life Pills. Every pill is a sugar-coated globe of health. Now a lot of fisherman up in Michigan claim to have seen a veritable sea serpent trying to climb over the dam at Grand Rapids, and to have vainly tried to spear him. Michigananders should not take such strong bait with them when they go fishing.

New Spencer Medicine Co.: Since writing you in July, I have continued to use Benedict's and am surprised at the results. Before using the remedy I suffered from weak troubles and a weak stomach, but the three bottles of Benedict's has completely cured me. It is a great medicine for delicate women.

Secretary of Agriculture Wilson says that Porto Rico is the richest spot in the world, and that he is going to send men down there to teach the natives how to get three times the profit out of their land that they do nowadays. That is what the franchise hunters hope to do.

Beware of Green Fruit.—Now in the heated term people should pay attention to their diet, avoiding unripe fruit and stale vegetables which invariably bring on cramps, cholera morbus, or diarrhoea. Children are particularly subject to complaints of this kind, and no mother can feel safe without having a bottle of Pain-Killer. It is a safe, sure and speedy cure. Avoid substitutes, there is but one Pain-Killer, Perry Davis', Price 25c. and 50c.
