We think it the part of wisdom for a committee to be appointed in every Democratic club to see that every white man is enrolled. There are lots of young men coming of age, and new men in the community whose names are not enrolled. Somebody should see after this so that every white man can vote if he wants too.

The tickets to be voted in the primary will contain the names of all the candidates, so the voter will have to scratch the name he does not wish to vote for. A ticket not containing the names of all the candidates, must be thrown out by the managers, and not counted. Packsville Points.

Editor The Manning Times:

I will give you a few dots from our little village. Everything is quiet and crops look promising around here.

The Connor Mounted Rifles had a meeting on the 30th of June for the purpose of electing a captain. The company unanimously elected Maj. A. J. Reichbourg captain, though he was absent. The company could not have any one else but called Major Reichbourg from a field office back to the old company which he had made second to none. Major Reichbourg has always proved faithful to this company in the past and he took pride in keeping his company up to the highest standard. All his company loved him and were ready at any time to follow his command. He is loved by every member. The company has sixty members now on roll and since A. J. Reichbourg has been elected captain there are many more who want to join the company, claiming it will have a captain who will stand by them and be faithful to them. One who has been tried in the past and never was found wanting. He is always followed by his company, and to prove this if you could be present on Friday, July 27th, when the company meets you will see how the old captain will be welcomed. He has been notified of his election and requested to meet the boys at Packsville on the 27th of July.

Summerton Letter.

Editor The Manning Times:

I notice that you noted the proposed trip of our ball team to Charleston last week. Following that you may publish this letter.

Although our team made a smaller number of scores on each game than the Charleston team did, it was considered by all that we played the finer ball. Our defeat was the consequence of several wild throws, nearly every one of which gave the Charleston boys one or more scores.

The second game was an especially fine exhibition of ball playing on the part of the Summerton team. They shut out the home team altogether for the first five or six innings, not allowing them the first score. But our wild throwing ruined us on this game again. The last of the ninth inning was played with three additional scores.

The Charleston boys played well too; and they have a good team, made up of three professional players and the best "local talent." Our defeat has not disheartened us in the least, and we are trying to arrange for several other games. We will play at Orangeburg, Augusta and other places.

On next Friday, we play with the Pinewood team on its ground. We hope for a good game, and invite all the Clarendon people to be present. After the game, refreshments will be served by the ladies of Summerton and at 8:30 in the evening, "Hickory Farm" will be played at the school house by the Summerton Dramatic club. You all must come. Let us have a "big" time together. The following boys compose the Summerton team:

Captain Reichbourg, Sublett, H. Caney, J. Caney, B. Caney, S. Caney, F. Dingle, T. Dingle, Ragin, Belsier, Walters, Latham, S. O. C.

The Best Remedy for Stomach and Bowel Troubles.

"I have been in the drug business for twenty years and have sold most of all the proprietary medicines of any note. I have never known any of them do anything to equal Chamberlain's Colic, Cholera and Diarrhoea Remedy for all stomach and bowel troubles. I have cured two severe cases of cholera morbus in my family and I have recommended and sold hundreds of bottles of it to my customers to their entire satisfaction. It affords quick and sure cure in a pleasant form. For sale by the R. B. Loryea Drug Store, Isaac M. Loryea, Prop.

No Right to Ugliness.

The woman who is lovely in face, form and temper will always have friends, but one who would be attractive must keep her health. If she is weak, sickly, and full of troubles, she will be nervous and irritable. If she has constipation or kidney trouble, her impure blood will show in her complexion, skin eruptions and a wretched complexion. Electric Bitters is the best medicine in the world to regulate stomach, liver and kidneys and to purify the blood. It gives strong nerves, bright eyes, smooth, velvety skin, rich complexion. It will make a sick, looking, charming woman of a run-down invalid. Only 50 cents at The R. B. Loryea Drug Store.

A woman thinks it must be great fun to lay back in a barber's chair and get shaved, but she hasn't the face to try it.

Question Answered.

Yes, August Flower still has the largest sale of any medicine in the civilized world. Your mothers and grandmothers never thought of using anything else for Indigestion or Biliousness. Doctors were scarce and they seldom heard of Appendicitis, Nervous Prostration or Heart failure, etc. They used August Flower to clean out the system and stop fermentation of undigested food, regulate the action of the liver, stimulate the nervous and organic action of the system, and that is all they look when feeling dull and bad with headaches and other aches. You only need a few doses of Green's August Flower, in liquid form, to make you satisfied there is nothing serious the matter with your food. For sale by the R. B. Loryea Drug Store, Isaac M. Loryea, Prop.

When a man begins to go down hill, he finds the laws of gravitation and the encouragement of his friends help him along.

After many intricate experiments, scientists have discovered methods for obtaining all the natural digestants. These have been combined in the proportion found in the human body and united with substances that build up the digestive organs, making a compound called Kodol Sarsaparilla. It digests what you eat and allows all dyspeptics to eat plenty of nourishing food while the stomach troubles are being radically cured by the medicinal agents it contains. It is pleasant to take and will give quick relief. D. O. Rhame, Summerton; Dr. W. M. Brockington, Manning.

The Gnat AND The Bull.

"A sturdy bull was driven by the heat of the weather to wade up to his knees in a cool and swift-running stream. He had not been there long when a gnat that had been disporting itself in the air, plucked upon one of his horns. 'My dear fellow,' said the gnat, with as great a buzz as he could manage, 'pray excuse the liberty I take. If I am too heavy, only say so and I will go at once and rest upon the poplar which grows hard by the edge of the stream.' 'Stay or go, it makes no matter to me,' replied the bull. 'Had it not been for your buzz, I should not even have known you were there.'—Esop.
