### PREACHERS vs. MINISTERS.

Ex-Rev. G. Walt Whitman, recently a candidate for governor, was arrested in his home town one day last week and fined \$25. for carrying a concealed weapon and disorderly conpuct. Mr. Whitman was at one time a respected member of the South Carolina Conference, he was then a minister of the gospel, and stationed in Manning, but he got to tampering with politics and other things and the consequence is, that he no longer expounds the divive law from the sacred bl

We have never yet known of a preacher fooling with no politics, but that it had the effect of destroying him. We do not regard every preacher a minister of the gospel; there are some preachers serving the Devil in the livery of heaven, but ministers of the gospel, are men consecrated to teach and make happy: ministers of the gosgel do not turn a deal ear to the appeal of a fevered parched tongue that sends its faint moan from the crevices of a hut, nor do they cut, his wife loses her strongest hold on him. indulge in worldly pleasures gations are suffering for want of spiritual attentention. Lowther, clerk of the district court. Centerville, lowa. "I thought I should surely die, and tried a dozen different medicines but all to no purpose. I sent for a bottle of Chamberlain's Colic. Ministers find their minds, hands, and hearts full in looking after the flocks whom God hath entrusted to them, they have no time for politics except to vote as citizens, they feel it incumbent upon them to see after those who need light and benevolence, they burn the midnight lamp "searching the Scriptures" as they are commanded, for the gospel truths, and they do not spend their catering and toading around the prominent and wealthy members of their congregation. Had Mr. Whitman been steadfast he would to day be a beloved pastor of some church, and with his ability he could have been instrumental in shaping the spiritual course of thousands of souls, but he got to messing in politics and becoming infatuated with its exciting allurements, he cast his God aside and his soul, oh! well, preachers lady novelists.

Notwithstanding the fact that months ago it was declared that the war in the Philippines was over, the news comes across the ocean of a whole company of the 29th infantry having been swallowed as if the earth opened and took them in. The war in the Philippines continues right on in spite of the reports from Washington, and we fear that the United States will realize a repetition of Spain's experience. People who fight for home and fireside do not give up on the appearance of an enemy; they fight to the death. Spain fought to subdue the Fillipinos for over a hundred years, and when Dewey entered Manila bay, the Spanish government was where it had started-had accomplished nothing more than the loss of thousands of precious lives. We are almost in the same fix, we not only have lost very many loyal American citizens, but we have paid \$20,000,000 for the privilege of losing very many more, if this fanatical attempt to shoot religion into heathen continues. I said to her that I could freely recommend Chamberlain's Cough Remedy and that she could take a bottle of the remedy and after giving it a fair trial if she did not find it worth the money to bring back the bottle and I would retund the price paid. In the course of a day of two the lady came back in company with a friend in need of a cough medicine and advised her to buy a bottle of Chamberlain's Cough Remedy.
