NO TIME-SEVER.
 There are a few newspapers in this State which seem very much worried because Senator McLaurin will persist in refusing to be frightened by them. The Senator was not sent to the United States Senate by the News and Courier or the Columbia State, neither is he under obligations to the politicians. He went before the people and stood upon the record he made in Congress, and although the politicians charged him with Republican tendencies at that time, the people endorsed him and he is their representative. He has kept out of the State fights, and attended to the duties the people entrusted him with. McLaurin has not attempted to be a Boss, neither has he permitted himself to be bossed, and when his present term has expired and it comes time for him to go before the people again, then, will he give an account of his stewardship, and we believe he will be endorsed by the business element of the State, we believe before two years roll around the people of South Carolina will be convinced that the hue and cry against McLaurin comes from politicians who are only after the office he holds. If McLaurin was a time serving politician he could have shaped his course to win the politicians to him. And in all probability go back to the Senate without opposition. McLaurin is a statesman who purposes leaving his impress upon the history of this nation, and when he voted for the ratification of the peace treaty he did so with a consciousness of doing what his judgment dictated was for the best interests of the people of this country without stopping to consider what temporary effect politicians would make on his constituency at home.

We agree with the Bamberg Herald, that "a certain clique in South Carolina politics have a candidate for the place, and if they can succeed in discrediting Mr. McLaurin's Democracy, so much the better for their man." But are the people of the State going to permit a "certain clique" to blind them with prejudice against a man whose independent course has placed him in a position to be of service to his people? The politicians endeavor to discredit McLaurin because he has some influence with the departments in Washington, and has so used it that the State of South Carolina is not over run with obnoxious federal officials, and because of this, they charge him with Republican tendencies; if he was content with simply holding his own job, without thought of the people, he would be like some of our other representatives, only known at the departments on pay day. McLaurin however, is serving the people and getting from the government all he can for them. A representative with no influence at the seat of government would serve his people better if he stayed at home, and if McLaurin was without influence at Washington, the politicians would make capital out of it to win votes against him. We would then hear nothing of "Republican tendencies," but the cry would be, "send me, a man is needed who can wield influence with the government."

Hooray! Sound the gugal and blow the horn! The Boer war has been ended and London will now go on a wild spree again. Lord Roberts has captured 100 of the remaining Boers.
Cataract Cannot be Cured
 with LOCAL APPLICATIONS, as they cannot reach the seat of the disease. Cataract is a blood or constitutional disease, and in order to cure it, you must take internal remedies. Cataract Cure is taken internally and acts directly on the blood and mucous surfaces. Hall's Cataract Cure is a quick medicine. It was prescribed by one of the best physicians in this country for years, and is a permanent cure. It is composed of the best foreign prescription, blended with the best blood purifiers, acting directly on the mucous surfaces. The regret of the Democrats is not so much because free silver is dead as because they fear that some of the gold Democrats may try to come to its funeral.

A Virginia judge has decided that a woman can be the head of the house if she foots the bills. The only thing new about this decision is the proviso about footing the bills.

When you want prompt acting little pills that never gripe use DeWitt's Little Early Risers. The R. B. Loryea Drug Store, Isaac M. Loryea, Prop.

The Kentucky Republicans have declared not to contest the gubernatorial election in that State, and for the sake of peace the country at large should be happy. The rifle ball arguments used by Kentuckians may be convincing, but they are not at all pleasant.

DeWitt's Witch Hazel Salve will quickly heal the worst burns and scalds and not leave a scar. It can be applied to cuts and raw surfaces with prompt and soothing effect. Use it for piles and skin diseases. Beware of worthless counterfeits. The R. B. Loryea Drug Store, Isaac M. Loryea, Prop.

The inauguration ball on the 4th of March next, will, it is said, be on a splendid scale, and we expect that some of the Democratic editors who were foremost in their denunciation of McKinley, will be there, and as near the head of the procession in the grand promenade as they can get.

"I have used Chamberlain's Colic, Cholera and Diarrhoea Remedy and find it to be a great medicine," says Mr. J. H. Black, of the well known village of Grahamville, Sullivan county, N. Y. "My little son, five years old, has always been subject to colic and he had the attacks been that we have feared many times. We have tried many medicines, but Chamberlain's Colic Remedy is now our sole reliance. It cures him in five or ten minutes and by giving frequent doses when the colic symptoms appear we have found that the dreaded colic is entirely cured. There is no danger in giving this remedy for it contains no opium or other injurious drug and may be given as confidently to a babe as to an adult. For sale at The R. B. Loryea Drug Store, Isaac M. Loryea, Prop."

The Republicans are in full control of the State government in New York, and Boss Platt has a scheme to provide greater New York with a system of State constables, similar to the metropolitan police system Charleston had a few years ago. The first thing Gotham's political luminaries know, they will find themselves pulled for bunco-steering.

Both makers and circulators of counterfeits commit fraud. Honest men will not deceive you into buying worthless counterfeits of DeWitt's Witch Hazel Salve. The original is infallible for curing piles, sores, eczema and all skin diseases. The R. B. Loryea Drug Store, Isaac M. Loryea, Prop.

There seems to be no reason for further delay on the Nicaraguan Canal. The Hay-Pauncefote treaty will no doubt be approved before the new year. The Southern members of Congress who favor this scheme contend that the South will reap wonderful benefits from the opening up of this canal.

The Best Prescription for Malaria
 Chills and Fever is a bottle of Grove's Tasteless Chill Tonic. It is simply iron and Quinine in a tasteless form. No cure, no pay. Price 50c.

The divorce mill unearthed in New York recently, is the direct result of a practice that has grown up of hearing cases in secret. Publicity in such cases may be bad for morals but justice is aided thereby. Fortunately for South Carolina no divorces can be granted, which may be a hardship in a few very isolated cases, but it is a blessing for the general good.

Many people worry because they believe they have heart disease. The chances are that their hearts are all right but their stomachs are unable to digest food. Kodol Dyspepsia Cure digests what you eat and prevents the formation of gas which makes the stomach press against the heart. It will cure every form of digestion. The R. B. Loryea Drug Store, Isaac M. Loryea, Prop.

The war in the Philippines has not ended yet, notwithstanding the predictions that the war would end as soon as the election is over. We believe, however, that when Aguinaldo's followers find there is no hope for their independence, they will throw up the sponge, but it will be a long time before the government will be able to put down the bushwhacking warfare.

Since those in control of the purse strings of the country feel secure in having no legislation which will disturb the finances, there ought to be a plentiful supply of money on the market, and borrowers should be able to secure loans for a less interest than heretofore. Money is cheap at the North, and the class of borrowers in the South who are in touch with Northern lenders are to be found in the up-country of this State, and the consequence is, that all kinds of industrial enterprises are constantly being built, and the surrounding country is being built up with them.

When you take Grove's Tasteless Chill Tonic because the formula is plainly printed on every bottle showing that it is simply Iron and Quinine in a tasteless form. No Cure, No Pay. 50c.

"Many a Mickle Makes a Muckle."
 "Line upon line" is the way a building grows. The "Mickle" in this Scotch proverb is something very small, but the "muckle" is something great. One microscopic bacillus makes impure blood, and "muckle wae" (much disease and disaster) follows. Hood's Sarsaparilla cleans the blood as nothing else can. It brings "muckle" joy at "mickle" cost. Half teaspoonful doses. Pimples—Pimples, blackheads and a kind of rash cover my face. A friend advised me to try Hood's Sarsaparilla. I have taken three bottles and the pimples are gone." *Brooklyneer, 12 Hunterly Place, Brooklyn, N. Y.*

The talk of reorganizing the Democratic party breaks out after each National election, but never before has it been so seriously contemplated. Heretofore those who favored a reorganization were among the disappointed, now there are thousands of Democrats who are convinced of the utter futility of hoping for success under the party banner as now organized. The old issues are dead and the practical minds in the Democratic party refuse to camp in a grave yard. The question is, will the South continue to be the under dog?

A Village Blacksmith Saved His Little Son's Life
 Mr. H. H. Black, the well known village blacksmith at Grahamville, Sullivan county, N. We are constantly being asked our opinion about what cotton will do, and of course we know nothing about what course the speculators will permit the price to take, but we are convinced of one thing; that is, the speculators known in market parlance as the Bulls, have the advantage at present and we look for a decided advance in price. How long this condition will last we have no idea, but while it does last, those who have cotton on hand had better disposed of it, and not take the chances of a much higher rise, lest they hold on until the Bears burst the bubble. There is every indication now of an advance, not only in the price of cotton, but every other product which can be controlled by speculation. We do not believe that supply and demand figures in this condition; we think it is the deliberate work of speculation, moved like the figures upon a chess board.

Question Answered.
 Yes, August Flower still has the largest sale of any medicine in the civilized world. Your mothers and grandmothers never thought of using anything else for Indigestion or Bileousness. Doctors were scarce and they seldom heard of Appendicitis, Nervous Prostration or Heart failure, etc. They used August Flower to clean out the system and stop fermentation of undigested food, regulate the action of the liver, stimulate the nervous and organic action of the system, and that is all they took when feeling dull and had with headaches and other aches. You only need a few doses of Green's August Flower, in liquid form, to make you satisfied there is nothing serious the matter with you. For sale by the R. B. Loryea Drug Store, Isaac M. To remove a troublesome corn or bunion: First soak the corn or bunion in warm water to soften it, then pare it down as closely as possible without drawing blood and apply Chamberlain's Pain Balm twice daily, rubbing vigorously for five minutes at each application. One of the First Symptoms of Failing Health in a Woman is **NERVOUSNESS**
 Did you ever think that there is always a cause for this malady? In women Nervousness is generally the forerunner of some form of female disease, such as Whites, Painful, Profuse or Irregular Menses, etc., either of which will produce Nervousness in all of its distressing intensity. If you use **Gerstle's Female Panacea** you will very soon be cured of Nervousness and all other female troubles as well. If costive, move the bowels with mild doses of St. Joseph's Liver Regulator.

NEW YORK RACKET STORE.
 My friend, are you one who has carelessly allowed yourself to drift from here and there and then fall in where you happen to see something you want? Are you one of the kind that go to the wrong place because you did not know the better place? Do you trade with "Bud Smith" or "Son Williams" just because you have known him, or because you came from the same place and were reared up together? Do you trade with "Cousin Jim" because he is "kin" to you? Or "Uncle Bill" because you have always traded with him and didn't know the price of the same goods at other places? Is this your case, my friend? If it is the way you trade, my friend, let me advise you to come to our store, where the Tree of Bargains grows, and

They Are Ripe Now.
 Have you any regard for your pocket-book or for the beginning or continuation of your happy domestic relations? We cannot boast of being reared up with any of you, or being a Clarendon youth, but we claim to sell you goods at a saving of 25 per cent cheaper than elsewhere, regardless of the long acquaintances. One of our competitors says we don't sell anything but trash, but that is his old cry. He can't sell a pair of shoes or a hat or dress without saying something mean about his competitors, but we all know him, and if what he says is true! My ain't there lots of trash worn and sold here? If everybody in the whole county did not know him and know how much of what he says to believe we would say more. But, friends, don't forget the TREE OF BARGAINS. We live by our trade and for our trade.
