THE JENKINSON DRY GOODS STORE carries the largest and most up-to-date stock of Dry Goods, Fine Dress Goods, Fine Millinery Goods, Shoes and Clothing of any house in Clarendon County, and what is better still about this store we sell as cheap as any reliable first class house on earth.

Now some may reason to themselves that this is a big blow-a big stock carried in the papers-but those who know us best know that we deal only in facts, and those who are not so well ac quainted with us can come to our store and see for themselves, and they will see that this is the store where the largest stocks are carried and the low prices we ask for our goods will convince them that this is the store to do cash trading.

DRY GOODS.

We are showing a beautiful assortment of Yard-Wide Sea Island and Windsor Percales in spring shades. These goods are sold in all the large city markets at 12½c per yard, but we picked up several thousand yards at a bargain and let them go

Solid Facts

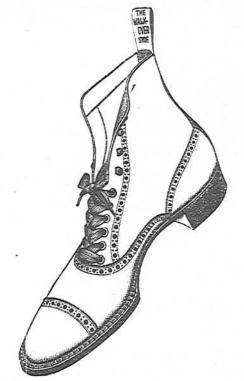

We do not try to entice people to come to our store by idly boasting about selling at cost and all other kinds of catch advertising, but we are selling our goods strictly

ON THEIR MERIT.

We sell honest goods at a smaller profit than any other merchants in our line in this section of the country. We will sell you a better Suit of Clothes for yourself or boys, a better pair of Pants, a better pair of Shoes for yourself, wife, son or daughter for less money than you can get them anywhere

Horace Greely, in his book on farming, speaks in the highest terms in favor of the use of plaster. He says that one of the farmers in Central New York told him that by scattering plaster on his fields and pastures he fixed the passing ammonia and impoverished the neighboring lands to a very perceptible extent. Many testimonials of experiments might herein be added which have been made by our agricultural colleges and scientific farmers, showing that the wonderful and valuable effect from the use of plaster throughout our country has become as common and well known as the use of the manure upon our farms.
