#### TILLMAN COMING.

A telegram was shown to us by M. C. Galluchat, Esq., from Senator B. R. Tillman, which announces his intention of coming to Manning to speak Friday April 25th, the day before the clubs are to elect delegates to the county convention. The following is the telegram:

"Washington, D. C., April 12th, 1902. Hon. M. C. Galluchat, Manning, S. C. Please announce through the Clarendon papers I will speak at Manning Friday April 25 at 11 o'clock. B. R. TILLMAN."

It will be remembered that petitions were circulated in several parts of the county inviting the Senator to come here to what he says impartially. Senator Tillman has a way of catching the crowds and whirling a master in the art of distracting attention from himself.

In the days of 1890, excitement ran high and the people were in no mood to listen to argument and reason, but such ought not to be the case now. We are an intelligent people, capable of deciding an issue upon its merits, and it is due to ourselves that we give attention to the speech of Senator Tillman, in which we presume he will endeaver to explain the various statements, casting a shadow upon his character. We hope that the people of Clarendon county will conduct themselves on that day as is their custom on public occasions, and thereby show to the outside world that for the gratification of politicians they will not be

blinded to reason. Therefore it is our opinion, that Senator Tillman's comhim, but really to dictate the show that the charges made against him were groundless we bate with him, and he dares not memory. accept our proposition to answer the charges in cold print, so the people could quietly read what A Valuable Medicine for Coughs and Colds in he has to say and what we have

It seems that drop a political worm, are except with his handsome staff pecting us to get into a wordy scrap for their entertainment and profit, they might as well come down and do their own scratching for it matters not what the Carolina in one room and the carolina i effect of Tillman's swooping Governor of South Carolina in down upon us will be, there is one thing certain, it will take Wilson had placed in the hallway Mr. Henry Richbourg of Summerton something else besides screeching to gratify the political appetites of certain hungry politicians bowl with a silver ladle in it; visiting some time in Manning, re who are craving for plums that

Tillman telegraphs Mr. Galluchat that he will be here April 25th, and will speak at 11 o'clock, we hope our friends will turn out, that he will be given such a hearing as becomes an intelligent people to a man who occupies a high place in the councils of the Nation, and we will gaurantee to show to every unprejudiced man, that the editorials relating to Tillman were based upon strong circumstantial evi dence, his own admissions, and written evidence precisely as we claimed, and unless he can extricate himself by proof, he will remain under suspicion; to say the Early Risers are the most satisfac-
