Some of our competitors say our Millinery is nothing but trash. Don't you believe it; they tell you that because they are not willing to make a living profit; they want to make a fortune on their goods. We sell cheap for cash. Our price is no high price time store. S. I. Till.

A largely signed petition is in circulation, calling on the County Commissioners to resign in favor of Manning and Salem. This is a very important matter which should receive the immediate attention of the Commissioners. The tobacco industry is a large one in this county, and good roads will add greatly towards bringing the product here. We hope the Commissioners will put the changing to work on these roads immediately and thus lead a great force towards aiding our tobacco market. Mr. R. D. Clark who was circulating this petition is making every effort to induce the farmers here with their product, and if he succeeds every branch of business will be greatly benefited.

We are the people for Millinery: we buy for cash, sell for cash, and sell cheap. When our competitors are not willing to sell cheap they say, "Oh, Till has anything stylish." Don't you believe it, finally we have a body. A visit to our place will convince you. S. I. Till, next door to Rigby's.

If all of the men who expect to go to Heaven do go, it will be a mighty depressing place for some of us who slip in accidentally. Whooping Cough. She says: Our three children took whooping cough last summer, our baby being only three months old, and owing to our getting the Harris' Litchia Water Remedy, they lost none of their plumpness and came out in much better health than other children whose parents did not use this remedy. Our oldest little girl would call lustily for cough syrup between whoops.—JESSIE PINNEY HALL, Springville, Ala. This Remedy is for sale by The R. B. Loryea Drug Store, Isaac M. Loryea, Proprietor.

Children's Fertilizer. That's a good name for Scott's Emulsion. Children are like young plants. Some will grow in ordinary soil. Others need fertilizers. The nature of some children prevents them from thriving on ordinary food. Such children grow right if treated right. All they need is a little fertilizer—a little extra richness. Scott's Emulsion is the right treatment. Fertilizers make things grow. That's just what Scott's Emulsion does. It makes children grow in flesh, grow in strength, grow rich blood, grow in mind, grow happy. That's what we make it for. Send for free sample. SCOTT & BOWNE, Chemists, 400 Pearl St., N. Y. Many testimonials of experiments might herein be added which have been made by our agricultural colleges and scientific farmers, showing that the wonderful and valuable effect from the use of plaster throughout our country has become as common and well known as the use of the manure upon our farms.
