D. Hirschmann is still in a position to please you in the Millinery line, as the energy of our milliner is growing stronger every day for improvements in this line and you know we are the money savers. Next door to postoffice.
Senator Tillman made a speech in the Senate last week which caused the Democratic members to retire from the chamber to show their disapproval of his utterances. It was a rebuke never before administered to a Senator of that body. Notwithstanding this, what he said was true, but it was very impolitic and injurious to the Democratic cause.
Talk! It takes lots of talk to sell a good paint; what about a bad paint? With good paint you talk but once to each customer; the paint talks to him ever afterwards. Longman & Martinez, justly popular prepared Paints meet these requirements. The R. B. Loryea Drug Store, Sole Agents for Manning and vicinity.
The County Commissioners will be ready after next Friday to furnish plans and specifications for enlarging the court house. We are told the cost for the work will be about \$1,500, and in our opinion that amount of money would be of more benefit to the people if spent on the roads and bridges of the county. The court house can wait, but the roads and bridges demand immediate attention.
Where are you going to buy your commencement dress this season? Why from Jenkinson's! Look at him; he has the largest and most elegant line of White Organdies, Persian Lawns and French Organdies you ever saw. Also the most exquisite line of Fine Embroideries, Laces and Fine Salen Ribbons you ever saw for trimming commencement dresses.
The young men of Manning and vicinity will meet Friday night at the Court House at 8 o'clock to organize a Military company. The law requires 60 men to be enrolled before the company can be mustered into service. All the young men who are able should respond to the call to duty. As the State furnishes the uniforms, the accurate members Membership in the company will not necessitate any outlay of money.
From Hot to Cold.
Dysentery is prevalent everywhere in summer and is due to miasmatic poisons, and begins abruptly with inflammation of the mucous lining of the large bowel. In America the disease is common, but properly treated does not result as seriously as in the tropics. Perry Davis' Painkiller is the best known remedy and the most efficacious in the treatment of dysentery.
The young people of Jordan will give a theatrical performance next Monday evening at the Jordan Academy. The title of the play is "Among the Breakers." Those who have read the novel praise it very highly. It is among the choicest of literature and dramatized, the moral of the story is brought out in dazzling brilliancy. After many readings the ladies and gentlemen of the Jordan section have mastered the parts, and we expect to see the rendition of "Among the Breakers" so thorough that the participants will be asked to visit other parts of the country. We hope the audience will be large and that Manning will be well represented. The evenings are delightful for a drive and, the fellow that cannot get a girl to go to Jordan with him can find when he gets there, some of the prettiest and most cultured girls in the county, who will make him feel that he ought to get "among the breakers" if he does not enjoy himself. The entertainment will be given free and it is deserving of a large attendance.
Wants Others to Know.
"I have used DeWitt's Little Early Risers for constipation and torpid liver and they are all right. I am glad to endorse them for I think when we find a good thing we ought to let others know it," writes Alfred Heinze, Quincy, Ill. They never gripe or distress. Safe pills. The R. B. Loryea Drug Store.
Mays DuBose, a Clarendon boy, a grandson of the late B. A. Walker, spent a few days in Manning and left to join his ship at Brooklyn last Monday. Mays enlisted in the navy as an apprentice and has been promoted to seaman. He belongs to the great battleship Indiana and has just returned from the Danish West Indian Islands, where his ship went to raise the United States flag over the possessions that were to be bought from the Danes, but on account of the failure of the negotiations the flag was not raised and the ship ordered home. On the homeward cruise they stopped off the Island of Martinique and saw Mont Pelée at St. Pierre, the place where now lies a smoking pile and rivers of burning lava are flowing in its destructive course. He says the mountain was about 5,000 feet high and ran up almost perpendicular from the water; all about the mountain sides were thrifty towns and cities. The city of St. Pierre, one of

the largest commercial towns on the island, had a population of over 40,000 and from the reports very few persons escaped death from the volcanic eruption. DuBose talks about his travels interestingly, that he is pleased with the officers of the Indiana, but that naval life is not all that adventurous boys dream about. He has enlisted for four years and will try to stick it out, but he will return to "home, sweet home," and settle down with his own people. He says he reads THE TIMES regularly and it is a great comfort to him in his wanderings.
Whooping Cough.
A woman who has had experience with this disease, tells how to prevent any dangerous consequences from it. She says: Our three children took whooping cough last summer, our baby boy being only three months old, and owing to our giving to them Chamberlain's Cough Remedy, they lost none of their plumpness and came out in much better health than other children whose parents did not use this remedy. Our oldest little girl would call lustily for cough syrup between whoops.—JESSIE REXLEY HALL, Springville, Ala. This Remedy is for sale by The R. B. Loryea Drug Store, Isaac M. Loryea, Prop.
Pain-Balm Stops the Tickling, and quickly allays inflammation in the throat.
Cannot Charter a Train for the School Children.
The exposition has attracted a tremendous travel to the extent that the railroads are taxed severely to get sufficient cars for the transportation of passengers. We regret this very much as it is a disappointment to many whose hearts were to be made glad by a visit to Charleston. In response to an application to charter a train to carry the school children to the exposition the following letter has been received by us:
Wilmington, N. C., May 7, 1902.
Mr. Louis Appel, Manning, S. C.
DEAR SIR:—Replying to yours of May 1, I regret under our rules, we cannot arrange to charter a train to Charleston during Charleston Exposition.
I enclose you copy of our supplement No. 8 to S. P. Circular No. B-40 announcing cheap three-day tickets to Charleston on Tuesday and Thursday of each week during month of May, and there will be slight reduction in price to Charleston for Wagner Day, May 22nd. Will furnish you copy of circular announcing rates for Wagner Day as soon as published.
Yours truly,
H. M. EMERSON.

Sciatic Rheumatism Cured After Fourteen Years of Suffering.
"I have been afflicted with sciatic rheumatism for fourteen years," says Josh Elgar of Germantown, Cal. "I was able to be around but constantly suffered. I tried everything I could hear of and at last was told to try Chamberlain's Pain Balm, which I did and was immediately relieved and in a short time cured, and I am happy to say it has not since returned." Why not use this liniment and get well? It is for sale by The R. B. Loryea Drug Store, Isaac M. Loryea, Prop.

Will Repeat the Dose
Our great Wash Goods Sale met with such a hearty response last week that we have decided to REPEAT THE DOSE.
We have decided to add to our already large list of attractive bargains a lot of Pin Cord Dimities that cannot be bought elsewhere for less than 10c, but we offer them during this sale at 5c the yard while they last.
You must not forget that we still have on hand a large lot of Figured Lawns at 2 1/2c the yard.
St. Gall Dimities at 9c.
Violet Lawns at 9c and lots of other things equally good bargains.
Why?
Why do the people patronize our special sales so liberally? Because they know we have just what we advertise; we don't fool them.

Blood.
We live by our blood, and on it. We thrive or starve, as our blood is rich or poor.
There is nothing else to live on or by.
When strength is full and spirits high, we are being refreshed, bone muscle and brain, in body and mind, with continual flow of rich blood.
This is health.
When weak, in low spirits, no cheer, no spring, when rest is not rest and sleep is not sleep, we are starved; our blood is poor; there is little nutriment in it.
Back of the blood, is food, to keep the blood rich. When it fails, take Scott's Emulsion of Cod Liver Oil. It sets the whole body going again—man woman and child.
If you have not tried it, send for free sample, or its aggressive taste will surprise you.
