Advertisers will please remember that copy for this office by Saturday Noon in order to insure publication the following week.

**Manning Street Car Schedule.**  
Leave Central Hotel corner 9th and 6th p. m. for the passenger train to also meet the freight trains. Arrangements have been made with the agent at depot to telephone when freight trains are approaching Manning.  
Fare, 10 cents each way.

Mr. S. H. Bradham left last Monday for Glenn Springs.

Sometimes a man's shady character keeps him in hot water.

Capt. A. L. Lesesne and family of Silver are summering at Skyland, N. C.

Dr. J. A. Cole of Georgia was in Manning visiting his sister, Mrs. Julia Curtino.

Mr. J. F. Bradham left last Monday for Clemson College to attend the farmers Institute.

The summer school ended yesterday and all of the teachers were much benefited by the term.

Misses Janie Ann, Olivia Ingram of Manning are rustivating at Lowreyville in York county.

Mr. G. R. Thames of St. Marks reports to us that on last Saturday he found open bolls of cotton in his field.

Mr. W. P. Hawkins after a pleasant sojourn in the mountains has returned home to look after his horse and buggy business.

Mrs. T. E. Fisher and Miss Edith Ware of Charleston came to Manning yesterday to attend the funeral of Mrs. Beulah Jenkinson.

That was a pretty lot of teachers, or would it be more proper to say, that was a lot of pretty teachers, who attended the summer school.

The contest for the citadel scholarships will come off on the 21st inst., and from the number of contestants we look for some close rubbing.

A communication from Sardinia was accidentally misplaced in the mail some time while cleaning up the office. We hope the writer will rewrite this article.

A tobacco barn belonging to Henry Abraham in the Fork was destroyed by fire last Friday morning. Poorly built furnace and general carelessness was the cause.

Mrs. D. Hirschmann and her sister Miss Minnie Paget returned home this morning from New York, where they have been perfecting themselves in their millinery work.

One of the amusing things connected with the hot spell is to hear a man who doesn't know the difference between alfalfa and alfalfa say, "Party hot, but mighty good corn weather."

There will be a big educational rally at Pine Grove on next Tuesday. A number of distinguished speakers will be there and to cap the climax there will be a Salem picnic dinner.

Messrs. E. P. Geddings and B. P. Broadway, the newly elected trustees of the Finney and Gray School, were in town last Saturday on business with the Superintendent of Education.

When you want a physic that is mild and gentle, say "take and certain to act," always use Chamberlain's Stomach and Liver Tablets. For sale by The R. B. Loryea Drug Store, Isaac M. Loryea, Prop.

Among the swallows that have homeward flown from the pleasure resorts are Miss Mae Wilson from Pawley's Island, Mr. I. M. Loryea from Waynesville, N. C. and Mr. W. Scott Harris from Glenn Springs.

The Presbyterian congregation has engaged the services of Rev. G. M. Howerton, who will preach for them until September 15th, when he returns to Princeton University. Services next Sunday.

There lives at Rimini, on the plantation of Col. R. C. Richardson, a colored woman whose age is said to be 110. She is active and industrious, makes her own living by farming, and every Sunday morning she walks 15 miles to church. The Rev. Hampton Boston, who misrepresents Clarendon in the Legislature in the glorious days of pilfering, is her brother.

Let Clarendon be the first to assert her independence and good sense, by organizing farmers township clubs, for protection against the greed of the oil mill trust. When the farmers of other counties learn what has been done in Clarendon, they will at once see it is to their interests to do likewise and the position to demand justice will be accomplished. We expect the meeting at Davis Cross Roads next Saturday to be the mother of farmers clubs.

What came near being a serious accident happened to Mr. Robert D. Hunt while driving over a bridge in the public road near his home. The bridge gave way and had it not been for his horse activity the probability is Clarendon county would have had to pay for a fine horse. Mr. James Reeves of the same neighborhood passed through town last Sunday and requested to see the Commission on the bridge in that section being in a bad and a dangerous condition.

Mr. L. Dow Player has bought an interest in the business of Mr. S. I. Till, and hereafter this concern will be known as S. I. Till & Co. Mr. Player is a young man of very agreeable manners, has lots of friends, and we hope in his new venture he will be successful. Mr. Till is an experienced merchant and is doing a full share of the business that comes to Manning. He will leave soon for the northern markets and on his return S. I. Till & Co., propose to hustle and create a bustle in the dry goods line.

Professor R. Means Davis of the South Carolina College on last Friday evening delivered before the teachers' summer school a very interesting and valuable address on History. He made plain the duty of the citizen to the State and with a graceful flow of language took his audience by the hand and led them through the ages, occasionally stopping to lay stress upon some especially important occurrence. His address should have been heard by every student in this section. The next morning he delivered a very instructive lecture to the teacher students.

The government has not been satisfied with the returns on the rural route from this place and one inspector declined to recommend its continuance, but through the intervention of Congressman Legare another chance for improvement has been given. The trouble is that the people along the route do not patronize it sufficiently; There are too few box keepers and too few who get and send mail. The route is a great convenience to the farmers and especially so in the busy season when they have not the time to spare to come to town, therefore they should see to it that Congressman Legare's efforts are sustained by those for whose interests he is working.

There will be a large crowd at Davis Cross Roads on next Saturday to organize a farmers club, the purpose being to urge the farmers to hold their cotton seed until the mills pay a fair value for them. At this meeting, it would be unwise for office seekers to show themselves, as they are not wanted, nor are the strikers for the mills wanted. We hope the attendance will be large, and that the organization effected will be the beginning of a thorough organization throughout the cotton growing belt. The farmer who refuses to encourage this project is standing in his own light, and is playing into the hands of the gang who grow sleek and fat on the toil of the only class that is unorganized, and hence the prey of the classes which are organized.

**Escaped an Awful Fate.**

Mr. H. Huggins of Melbourne, Fla., writes: "My doctor told me I had consumption and nothing could be done for me. I was given a bottle of Dr. King's New Discovery for Consumption, and it induced me to try it. Results were startling. I am now on the road to recovery and owe all to Dr. King's New Discovery. It surely saved my life." This great cure is guaranteed for all throat and lung diseases by The R. B. Loryea Drug Store, Price 50c and \$1.00. Trial bottle free.

The tobacco sellers are very much demoralized over the low price of the weed. Tobacco which last year brought 25 cents per pound only brings about that price now. There is another matter being complained of—the way the tobacco is bought. A farmer brought a load to market, divided it into two piles, both the very same grade and quality; for one pile he got more per pound than the other. Why this difference? The management of the warehouses, if they mean to have honest treatment should investigate this statement. We are more interested in making Manning a first class market than in the individuals owning the warehouses and if there is any monkey-business and we find it out we intend to expose it. Why is it, the same tobacco, when put in different piles, will bring a different price? Somebody interested should answer this question.

**Dysentery Cured Without the Aid of a Doctor.**

"I am just up from a hard spell of the flux" (dysentery) says Mr. A. P. Platts, a well known merchant of Drummond, Tenn. "I used one small bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy and was cured without having a doctor. I consider it the best cholera medicine in the world." There is no need of employing a doctor. You can describe a better medicine for bowel complaint in any form either for children or adults. It never fails and is pleasant to take. For sale by The R. B. Loryea Drug Store, Isaac M. Loryea, Prop.

**"Come and take pot luck with me, old friend,"** is becoming a common thing these days with the politician who is a candidate for re-election. It is a case of taking time by the forelock, and by beginning to coddle the electors whose favors can be reached by way of their stomachs a year ahead, it gives them an opportunity to stuff this class several times to impress cleverness, and besides, it may be the means of getting ahead of those who may later prove to be an opponent. When on decides to be an opponent, when a politician is now seen with several of the voters going in the direction of the bacon and cabbage reservoir, the remark is made, "There goes a company of hash chevers." So the fellow who comes to town and gets a bid to "come and take pot luck" would do well to consider whether or not he wants to be regarded a "hash chever."

**DeWitt is the Name.**

When you get to buy Witch Hazel Salve look for the name DeWitt on every box. The pure, unadulterated Witch Hazel is used in making DeWitt's Witch Hazel Salve, which is the best salve for cuts, burns, bruises, boils, eczema and piles. The popularity of DeWitt's Witch Hazel Salve, due to its many cures, has caused numerous worthless counterfeits to be placed on the market. The genuine bears the name of E. C. DeWitt & Co., Chicago. Sold by The R. B. Loryea Drug Store.

Rev. F. W. Gregg recent pastor of the Manning Presbyterian congregation resigned his charge here and has accepted a call to Pendleton. The severance from this congregation was due solely to the condition of Mr. Gregg's health, it being deemed advisable by him to seek a mountainous climate. The congregation without dissenting voice are high in their esteem for their former pastor, and they one and all regret parting with him. As a citizen Mr. Gregg was highly esteemed by all denominations, his gentle modesty, and his mainly bearing attracted the admiration of the community who join with the Presbyterian congregation in the regret of his moving away from us, and we voice the general sentiment in wishing Mr. Gregg God's speed in rebuilding his constitution, and a glorious success in his new field.

Mrs. Mollie Allen of South Fork, Ky., says she has prevented attacks of cholera by taking Chamberlain's Stomach and Liver Tablets when she felt an attack coming on. Such attacks are usually caused by indigestion and these Tablets are just what is needed to cleanse the stomach and ward off the approaching attack. It is a relief to feel that you are prevented in the same way. For sale by The R. B. Loryea Drug Store, Isaac M. Loryea, Prop.

**A Claw.**

To Mr. E. A. Tennant Davis Station: On or about the 15th of last November a man and woman of about the same description you gave through THE TIMES passed through here giving their names as Mr. and Mrs. Green, and about May they passed through here again, accompanied by a little babe about five weeks old. We picked them all we could, but all they would tell was their names, and that they were a man and a woman, and that one that you described. Mr. Green says he has been in a U. S. detective and says he has been in Darlington, but did not say where he was from nor where he was going; but from the looks of the old gray male he was driving the time and the little boy boy horse was driving the last time he must have been traveling a good long while. When they left here they went in the direction of Camden.

**Better Than Cold.**

"I was troubled for several years with chronic indigestion and nervous debility," writes Dr. J. C. Green of Lancaster, N. H. "No remedy helped me until I began using Electric Bitters, which did me more good than all the medicines I ever used. They have also kept my wife in excellent health for years. She uses Electric Bitters as a splendid remedy for all kinds of troubles; that they are a grand tonic and invigorator for weak, run down women. No other medicine can take its place in our family." Try them. Only 50c. Satisfaction guaranteed by The R. B. Loryea Drug Store.

**Death of Mrs. Charles F. Jenkinson.**

Died at the home of her parents, Mr. and Mrs. A. H. Breedin, on last Monday at 1:15 p. m., their eldest daughter, Mrs. Beulah Breedin Jenkinson, wife of Mr. Charles F. Jenkinson, aged 25 years. The deceased was married on Sunday, 2nd inst., gave birth to an infant which did not live, and her illness was critical until the icy hand of death was laid upon her to join her first born. The deceased was a type of self-sacrificing womanhood, a sunny, kind and affectionate disposition, beloved by all who came in contact with her, and one whose sympathetic nature will be missed even outside of her family circle. This visitation of Providence has saddened her many friends, and the entire community has a sorrow for the family whose afflictions have been great indeed. We feel this visitation with sincere sorrow, not only because it was a pure life cut down so early, but because we had learned to love her beautiful traits of character and to esteem her as one of our best friends.

**Carlisle Fitting School**

Offers to our young men and ladies best opportunities for their intellectual and moral training.

**Examination For Scholarship August 21st—A Chance For a Young Man.**

Why is there no applicant from this county for the normal scholarship in the South Carolina College? The Legislature has given an opportunity to one young man teacher from each county to get a year's instruction in the principles and methods of teaching, and a most practical course has been arranged at the State College, with special reference to the work of the public, or more particularly the country school, and with special regard to the needs of ill prepared teachers. While the large graduates could pursue with profit, if he purposes to make teaching his profession, yet it is especially adapted to the capacity of a country school teacher who is not technically prepared. For a regular college class provided he have maturity and natural ability. Every one interested should apply to Professor Patterson Wardlaw or President Benjamin Sloan. The next examination is on Friday the 21st of August.

**The Physician Aided by the Druggist.**

Your Physician when aided by the competent Druggist now employs remedies of greater potency and more certain value than were available a few years ago when he had to carry his few remedies in a hand bag. Your Physician, now untrammelled by LIMITATIONS, prescribes WHAT YOU NEED. He prescribes drugs the strength and virtue of which should be accurately determined.

When illness comes he takes into consideration your symptoms, age, temperament and general physical condition and then decides just what quantities of remedies of certain activity are needed to make you well. He writes a PRESCRIPTION for them.

His years of experience are embodied in this prescription and every remedy in it must be of right strength and be correctly compounded or all his efforts may be in vain.

There are two drug stores here now, prepared to give you good service.

**REASONS**  
WHY  
**The R. B. Loryea Drug Store**

IS THE MOST POPULAR DRUG ESTABLISHMENT NORTH OF CHARLESTON

- 1st. BECAUSE Uniform courtesy is extended to all patrons, whether rich or poor, white or colored
- 2nd. BECAUSE We carry the largest and most complete line of DRUGS, MEDICINES and CHEMICALS.
- 3rd. BECAUSE Our Prescription Department is conducted on strict Pharmaceutical principles.
- 4th. BECAUSE Promptness, Certainty, Dispatch and Skill are exhibited first, last and all the time.
- 5th. BECAUSE Night calls are cheerfully, courteously and promptly responded to.
- 6th. BECAUSE envy, jealousy and malice have no home in our establishment.
- 7th. BECAUSE We are agents for the justly popular LONGMAN & MARTINEZ PREPARED PAINTS.
- 8th. BECAUSE We are agents for T. W. WOOD & SONS' Tested and True Garden Seed, Seed that will germinate and that is secured, the medals for general excellence from the Paris Exposition of 1889.
- 9th. BECAUSE We are the agents for INTERNATIONAL STARCH FOOD COMPANY'S Products. We have many unspoken testimonials regarding their efficacy.
- 10th. BUT Why tell people what they already know? And are there fully aware that THE R. B. LORYEA DRUG STORE is conceded to be the largest and best Drug Store of Clarendon County.

For twenty-eight years THE R. B. LORYEA DRUG STORE has been a constant made upon them, and while "men may come and men may go," the Sign of the Golden Mortar stands like a beacon and a landmark.

**Housekeepers,**  
We are having again to replenish our stock of Cook Stoves. Merit tells, and only stoves of the class which the O. K. line belongs can meet with such approval as they do. Our new stock will be in shortly and we will be pleased to show them. Our prices are the same.  
Very truly yours,  
**Manning Hardware Co.**

**A GRAND SWEEP OUT**

Now before moving into our new quarters we propose to have a grand Sweep-Out of everything that pertains to Summer Goods. All Spring and Summer Goods must go regardless of prices. All those beautiful 10 and 12c Dimities must be closed now at 7c per yard. We would much rather have cost for these goods now than to carry them over to another season.

**Millinery Department...**

All Millinery now on hand except Ribbons and Silks must go regardless of former prices. Old, out-of-date millinery is worth nothing to us—what is good, stylish stuff this season is worth nothing next season, so come now and get what we have left on hand at our own prices.

We still have some real nice Hats left on hand, so come at once and get the pick of what is left.

**AGENT FOR THE**  
**Standard**  
Grand Rotary  
**Sewing Machines.**

Two machines in one. Call and let us explain it to you. The Standard Grand Rotary Sewing Machine is the only machine in the world that can sew with one or two threads—makes the one thread chain stitch or the two thread lock stitch all on one machine.

We are also agent for the Standard Paragon Shuttle Machines that are cheaper than the Standard Grand Rotary, but at the same time the best shuttle machine built. You have our personal guarantee behind every machine we sell.

If interested in sewing machines come and see us and we will show you the best machine that money can build—the STANDARD GRAND ROTARY. We also handle cheaper machines and we are ready to meet any legitimate competition, and at the same time you have our guarantee on the cheapest machines we sell.

Come to us when you need a Machine. A car load of them on hand.

Wide awake for business.

**W. E. JENKINSON.**

**Buy Hot Weather Goods.**

Summer time has come at last, and to stay, with great force. Owing to the late cool spring weather you have not done your usual shopping, hence all our lines are jam full of Seasonable Goods that we must greatly reduce within the next few weeks, and so to do this thing we will make the prices along all lines of Dependable Goods so that our competitors won't care to even try to match.

One case new smooth finish 32-inch wide Colored Batiste that wholesale houses have been asking 10c for; we offer the entire lot for 10c the yard.

**Ladies' Black Drop-Stitch Hosiery.**

A snappy, full fashioned Hose for 10c, or three pair for 25c. Just a few more of these Full Bleached Tape Neck Gaze Under-vests. If you have been putting off the buying of such goods you will need them now; they are still yours for 5c each. Only a few left.

Plenty of the Unbleached Tape Neck Summer Vests at 5c each, or 50c the dozen.

One case Palm Leaf Fans at 1c each. KEEP COOL while they last.

Nice things in
