A Harmless Mixture That Will Do It

Dr. Wolfram E. Dreyfus, chief chemist of the New York Department of public Charities, has compounded a little mixture which, if rubbed over the face, will shave you as quickly and as well as the finest Shefield razor. This is the wonder-working compound:

"Governor Heyward was annoyed last week because in the case of Mr. William Lykes against Chicco's driver; the indictment was thrown out by the grand jury, while on the other hand true bills under several counts were brought in against the constables, who had the fight with the Wieters people. The first action brought by Wieters was a civil suit for \$10,000 damages against the constables, and in addition they have been arrested by the United States marshal and are now in jail in Charleston in default of \$5,000 bond each.

Gov. Heyward must think the provocation great, for he has not yet discharged the men who are in trouble.

'Mr. Hammet was in Charleston Saturday and hurried back to Columbia to consult with the governor and the attorney general, thinking that of more importance than to try to get bond for the arrested men.
