A ship has reached Charleston with 5000 tons of Peruvian guano, and from this cargo the farmers who bought through the Sublett deal will get theirs. The guano, before shipment, will be inspected and analyzed, and we look for it here about the last of this or the first of next week. Get ready to move the goods upon arrival and thereby save demurrage charges. We will have consigned to us of this lot about 100 tons, and have been promised that as soon as it leaves Charleston we will be notified so that we may get word to those for whom our order was placed, and if they come in promptly, it will save us considerable trouble, and at the same time taking our paper from the bank.

What Are They?

Chamberlain's Stomach and Liver Tablets. A new remedy for stomach troubles, biliousness and constipation, and a good one. Price 25 cents. For sale by The R. B. Loryea Drug Store, Isaac M. Loryea, Prop.

Mr. Claude Bredin was taken ill last Thursday, and ever since his life has been hanging by a thread. The very best medical skill is engaged to attend him, and the young man is making a heroic battle for life. The extreme illness of this young man, who is a general favorite has caused much anxious concern, and earnest prayers of our people are offered for his recovery. The latest reports from the bed chamber is that the patient is holding his own, with a slight change for the better.

The Death Penalty.

A little thing sometimes results in death. Thus a mere scratch, insignificant cuts or puny boils have paid the death penalty. It is wise to have Buckle's Arnica Salve ever handy. It is the best Salve on earth and will prevent festivity, when burns, sores, ulcers and lyes threaten. Only 25c. at The R. B. Loryea Drug Store.

Dr. I. M. Woods of Sardinia was in town last Monday and he reports that the farmers in his section will plant to grow cotton conservatively this year. He says there is considerable sickness in his section of the county, and the bad weather had retarded farming operations considerably. He says his section does not feel kind of so satisfied with any representation in the Legislature, and he is being urged to enter the contest in the coming primary. His people realize that he started a work in the legislature which has been completed, and are anxious that he should return.

An Early Riser.

A strong, healthy, active constitution depends largely on the condition of the liver. The famous little pill known as DeWitt's Little Early Risers not only cleanse the system but they strengthen the action of the liver and rebuild the tissues supporting that organ. Little Early Risers are easy to act, they never gripe and yet they are absolutely certain to produce results that are satisfactory in all cases. Sold by The R. B. Loryea Drug Store.

Train 82 from Charleston last Saturday morning was greatly delayed, so much so that it was after 11 o'clock when it reached Manning, on account of a very peculiar and costly accident. A man boarded the train at Charleston, and took into the coach with him a can of gasoline. He set it down upon the floor in his seat near the steam heating pipes, when all at once there was a terrific explosion and the conductor hurled the passengers out of the car to hurried to extinguish the fire and this magnificent passenger car was destroyed; being on the main line it could not be moved and all traffic was suspended until the fire had spent itself. The man who owned the gasoline can should now bring suit for damages, but being on the Atlantic Coast Line he might hesitate. If this destruction of the property was on the Southern, the man who lost his gasoline could bring a suit against that road and recover not only for his can, but damages for fright and delay. He could base his suit on the ground that railroad companies have a right to explode the gasoline cans of passengers.

Letter to Sheriff Davis.

Dear Sir: Pay more for Devoe; be glad to. It is full measure and honest. I have a watch-dog. How would you like a watch-dog that wouldn't watch from two to five o'clock in the morning? That's short measure. How would you like a watch-dog that had a way of wagging his tail at you? That's false pain. The burglar is in rain and snow. Go by the name: Devoe lead-and-go. Yours truly, F. W. DEVOE & CO., New York.

They are sure in action and with no tendency to nauseate or gripe. For sale by The R. B. Loryea Drug Store, Isaac M. Loryea, Prop.

CASTORIA. The Kind You Have Always Bought

Life is a circus with many sideshows. Progress is the offspring of discontent. A failure to start often saves a miserable finish. The hard working clerk is usually working for a raise. Happy is the girl who thinks her father is the best man on earth. Take time for recreation or you will work yourself out of a job. It isn't always the best cook who prepares the most fancy dishes. When a man thinks he knows it all he is happy until he wakes up. Too often the man who pushes himself along in the world shoves others aside. Executive ability is the capacity for making some other fellow paddle your canoe. Opinions should be formed with great caution and changed with still greater caution. It would be an easy matter for all men to face the world if it wasn't for their creditors. A woman will forgive a man almost anything except his failure to ask to be forgiven. Nature often tests a genius in the ground floor, but necessity compels him to dwell in the attic.

Don't forget the old man with the fish on his back. For nearly thirty years he has been traveling around the world, and is still traveling, bringing health and comfort wherever he goes. To the consumptive he brings the strength and flesh he so much needs. To all weak and sickly children he gives rich and strengthening food. To thin and pale persons he gives new firm flesh and rich red blood. Children who first saw the old man with the fish are now grown up and have children of their own. He stands for Scott's Emulsion of pure cod liver oil—a delightful food and a natural tonic for children, for old folks and for all who need flesh and strength. SCOTT & BOWNE, Chemists, 405 N. 5th St., Philadelphia, Pa. 50c. and \$1.00; all druggists.

Voluntary Testimonial.

To D. O. Rhame, Druggist, Summerton, S. C. Dear Sir:—I have been suffering from Rheumatism and Lumbago eighteen (18) years, and during that time tried several Doctors, and took some of all of the different remedies I ever heard of, but got no real benefit. Finally, I learned that Rhame's Rheumatism Remedy had cured many others, I tried it. As an evidence of my gratitude for the service of the town, it would be unreasonable to expect any man to do this without compensation, and we favor giving the Intendant a salary. If there was compensation attached to the office, a man consenting to accept the position would arrange his business so that he would give his personal attention to the town. We think it would be well in the coming election for a box to be provided where the voters can say whether they are willing for the Intendant to receive a salary, and if the salary proposition is carried, the council can stipulate the salary, and define the duties for the Intendant. The present Intendant and his predecessors have gratefully served the town, and when the town was smaller the service did not inconvenience them so much, but now, if a man does his full duty, it will necessitate a loss of much time from his private affairs, and this is one reason so few men can be found who are willing to make the sacrifice.

For the Early Market.

If you want to make the most money out of your garden this year, it is time to begin thinking about planting radishes, lettuce, corn, cucumbers, peas and onion sets. This is the month tomatoes and cabbages should be planted in hot beds. Much of the success in truck raising depends upon getting fresh seeds that are true to name. This is certain when you get your seeds here. Every seed was grown last year and under conditions that insure the reliability of the variety. Among the more popular favorites for early planting in this section we would name the following:

- Cabbage, Tomatoes, Corn, Radishes, Lettuce, Peas, AT Rhame's Drug Store, Summerton, S. C.

Problems Solved, Not Gessed At.

Illegible writing and perplexing problems often confront the prescription clerk. We have devoted much time to the scientific study of prescriptions and many years to practical experience.

We Are Seldom Puzzled,

but when we are we do not compound until we know just what is required. The fact that our business constantly grows is evidence that our service pleases. You are safe in bringing prescriptions to RHAME'S.

LITTLE THINGS AT A SAVING.

Doing little things well is a characteristic of this store. We recognize the fact that a transaction that may seem small is often of great importance to you, and our methods and service are such that we care for the smallest sale as carefully as we do the larger ones. There are hundreds of little articles in a drug store for which only occasional calls are made, but when they are wanted it is to fill a need which nothing else can fill—it is our constant effort to supply these trifles. This same attention to detail is carried throughout our business. In selecting goods, each article is purchased with regard to quality. Each price is as low or lower than the same quality is sold for elsewhere.

D. O. RHAME, Druggist, Summerton, S. C.
