CHANGE THE ROLLS.

We take the liberty of suggesting to the members of the Clarendon delegation to the State Democratic convention to become an active force in said convention by introducing a resolution which should be adopted as a rule of the party...

It is conceded that a great injustice is done by the present method of enrollment, and the only way we can ever have a fair ballot and a just representation is for some action of the kind we indicate, to be taken by the State convention.

Carelessness is responsible for many a railway wreck and the same causes are making human wrecks of sufferers from Throat and Lung troubles.

The Russo-Japanese war news continues favorable to the Japs, and it seems as if the Japanese are going to thrash out the Russians as effectively on land as they did upon the water.

Whether harm results from this unfair concentration of power or not, it is not fair and the delegates to the State convention should seek to remedy this menace to party harmony by the adoption of a rule which gives a fair representation to every club and prevent the possibility of fraudulent practices.

PROGRESSIVE EDUCATION.

The Ogden educational movement has brought about quite a discussion as to the motives prompting some Northern philanthropists. Some think it is to Northernize the South, others, to prepare the negro for social and political equality, and others still, regard the movement with such distrust that they look upon the Ogdens as Greeks bearing gifts, and are ready to drive them and their fair promises back from whence they came.

There are however, many eminent men in the South, such as Governors Heyward of South Carolina, Aycock of North Carolina, Proffers D. B. Johnson of Winthrop, Snyder of Wofford, Superintendent of Education Martin and many others in this and other States who do not entertain these alarming views, but on the contrary regard the Ogdens with such great favor that they are giving them every encouragement, and look upon them as benefactors for our people.

welfare. We admit our inability to properly present this issue but it does appear to us that the eminent gentlemen we have mentioned would not blindly encourage any innovation upon our educational system calculated to do harm. We take it for granted these men have made a careful investigation of the intent and purpose of the Ogden movement and are so well convinced it is for the South's best interests that they give it an enthusiastic endorsement.

We have in this State an element who are not aware "the war is over," they just will not turn loose the idea that the meal sack can only be balanced by a rock in one end, and therefore whenever a new movement is on foot tending towards progress, unless the same is labeled with the name of some of "the old families," it is regarded with suspicion and treated as an enemy—a veritable nigger in the wood pile.

Beware of Ointments for Catarrh that Contain Mercury.

As mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescription from reputable physicians, as the damage they do to your system is incalculable.

There appeared in the State of last Monday an article from a correspondent, urging upon the cotton seed oil mills in this State to form an association for their mutual protection.

Disastrous Wrecks.

Carelessness is responsible for many a railway wreck and the same causes are making human wrecks of sufferers from Throat and Lung troubles.

The Russo-Japanese war news continues favorable to the Japs, and it seems as if the Japanese are going to thrash out the Russians as effectively on land as they did upon the water.

Pinewood Pickups.

The Methodist congregation raised over \$500 last Sunday by subscription to build a new parsonage here. As soon as the spot for the parsonage is selected, work will commence.

Capt. C. M. Huggins moved up from Rimini last week to spend the summer here. Capt. Mc's train is made up of two cars, one dining and one sleeper.

Mr. Frank Stukes who is with Sizer Lumber Co., near Camden is home for a few days.

Mr. W. P. Moonenham, P. C. Knights of Pythias, has been elected a delegate to the Grand Lodge which meets in Greenville next week.

Mr. Connor of Connors spent Sunday with his brother-in-law Dr. M. D. Murray.

It is about time for the "hand shaking and pat on the shoulder" crowd to be lining up for the tilt.

Judge Griffin holds court in office No. 13 in the 12 story skyscraper in Rimini every Wednesday from 8 a. m. to 5 p. m.

Last Thursday at 1:45 p. m. Mr. R. H. Griffin was stricken down with a severe stroke of paralysis. Mr. Griffin is improving slowly, he is unable to move any of his limbs, except one arm which he can move a little.

Mr. Lee Thames of Silver will act as agent here for Mr. Moonenham next week, as the "Bellie" is going up to Greenville.

Editor The Manning Times:

I have no controversy with Colonel Brailsford for we all love him too well to quarrel with him.

I have just returned from Charleston, where I had an interview with Col. R. J. Morris, chairman on entertainment at the reunion. On previous occasions they slept up on cots in the hospital and under the cotton sheds, because they believed that we preferred it, but from experience they find that they can entertain us on board the boarding houses and with private families in the city, so the people have generously contributed their money to pay the bills at the boarding houses.

The train will likely leave Manning Tuesday morning 10 o'clock 17th of May. We do hope we will have a large crowd at the meeting on Saturday and that our friends will also go to the city with us in our special car.

Call for Meeting of Sons of Veterans.

I am requested by Mr. John J. McSwain of Greenville, State Commander of the Sons of Confederate Veterans, to call together our county camp and insist that we be present in person at the approaching State reunion of Confederate Veterans in Charleston on the 16th, 17th and 18th of this month.

Heretofore I have made no call for our camp because I did not think we would take part in the reunion. It now looks as if the Sons of Veterans will be given a place in the parade. It will inevitably result that we as prominent part in these reunions, as the old veterans are dying off rapidly and it will fall to us to keep up the reunions and keep bright the memories of the Confederate dead.

The round trip railroad fare from Manning will be only one dollar, with a limit of several days.

J. H. LESKNE, Co. Commander Sons of Veterans.

Carnival of Fun.

Columbia is preparing for a spring carnival which will exceed in attractiveness anything before attempted at this time in our city by the capital city. The chamber of commerce is back of the undertaking, and has received assurance from a number of towns in the State, which indicate that the attendance will be as large as the crowds which gather in Columbia fair weeks.

The day attractions on the streets will be by one of the best carnival shows that could be obtained, and the great night attractions will be the fireworks—the fall of Pompeii—by the Pain company, presenting a ball of 300 people.

But the great feature of the week will be the floral parade Thursday afternoon, May 26th. There will be two miles of vehicles gaily decorated, the procession being led by the king and queen in state. The coronation will take place at the State capitol just before the gorgeous caravan proceeds up Main street. This feature alone will attract many people to Columbia, for the most beautiful feature of reunion week last year was the floral parade.

Thursday night there will be a grand ball, which will equal in pomp and circumstance the State balls of fair weeks. Indeed it is proposed to make the Fun-Flower carnival an annual feature, and the ball will be as much a feature as the State ball fair week.

The chamber of commerce has secured reduced rates on railroads, and has procured two of the best bands in the State. There will be a grand tournament Wednesday, and knights from all over the State will participate for the prizes in gold, Aggregate \$150, and for the silver cup for horsemanship.

Another feature which will draw many people to Columbia is the gathering of the Elks. There will be a meeting of all the lodges in the State, and a number of other secret orders are preparing for a like celebration.

Columbia is prettiest just at this time of year, and the people of that city think that a spring floral carnival is just the proper thing to give pleasure to the people of the State at a big spring justification.

Not a Sick Day Since.

"I was taken severely sick with kidney trouble. I tried all sorts of medicines, none of which relieved me. One day I saw an ad. for your Electric Belt and determined to try that. After taking a few doses I felt relieved, and soon thereafter was entirely cured, and have not seen a sick day since. Neighbors of mine have been cured of Rheumatism, Neuralgia, Liver and Kidney troubles and general debility." This was what B. F. of Freeman, N. C. writes, May 5, at The R. B. Loryea Drug Store.

Rev. Dr. McLeod Thanks God For Duffy's Pure Malt Whiskey.

REV. A. McLEOD, D. D., OF THE DETROIT PRESBYTERY.

"I am now in my 73rd year and have served God fearlessly and to the best of my ability in my chosen calling. For more than forty years I have been afflicted with dyspepsia and nervous prostration. At times I would get so run down constitutionally through overwork as to be disqualified entirely from discharging my ministerial duties. The older I grow the more the disease seemed to prey upon me. The most noted physicians failed to prescribe any medicines that benefited me. I could neither eat nor sleep, and for more than two years I had to take sleeping powders every night.

"My nervous prostration became well nigh unbearable. But for the grace of God helping me, I would not be in the land of the living. Language fails to express the agony of my mind.

"Something over a month ago I began taking your preparation, Duffy's Pure Malt Whiskey. In the brief period of two days I found that it began to help me. It gave me strength, helped my digestion, settled my nerves and I have gained ten pounds since taking it. I thank God there is such a medicine to be had, and recommend all people with weak, broken-down constitutions, and nervous people especially to use it. I feel that it will help them. I will be glad to answer any communications in regard to the healing virtue of your preparation. I am a temperance man, and I do not think my position in this matter will be mis-understood." Yours very truly, (REV.) A. McLEOD, D. D.
