Eternally at It.

It makes no difference with us, the duller the times the harder we work. In the early spring people were willing to buy goods and pay a reasonable profit for them. Now during the dull season we must make prices and values appeal to the trade.

Great reductions in all lines of summer goods, Millinery, Ribbons and Spring Clothing and Hats.

All Gent's and Children's Straw Hats made at special prices.

Don't forget that we now have on hand the largest and cheapest stock of Furniture ever shown in this town.

Grand jury presentment reached us too late for this issue.

The murder roll continues to increase. Last Saturday R. B. Wallace, foreman of the Dillon Herald was killed by Will Jacobs in the suburbs of Latta.

One of the biggest games of ball of the season came off last Saturday at DuRant's, between the Fork and Workman. Score 25 to 10 in favor of the Fork.

The much guessed marriage-to-be on July 3rd, failed to come off on account of the would-be-groom not having the courage to brace the old man for his consent.

The "glorious Fourth" was quietly spent in Manning, nearly all of the stores were closed and but for the junks walking about the court house square, the day looked more like Sunday.

Miss Eleanor Clary, The Mutual Dry Goods Co's, milliner left for her home at Harrisonburg, Va., last Monday. Miss Clary made many friends here, and they will expect to see her return to Manning this fall.

The dispensary being closed last Monday created such a very large thirst among the men, that a number of "cures" were needed. It is strange that when some men get thirsty it makes their wives sick, but it does.

Mr. L. N. Krasnow has returned home from Nashville where he has been attending embalming lectures, and from St. Louis where he took in the great sights of the exposition. Mr. Krasnow condensed the entire world so that the human mind can take it in.

A wind, rain and hail storm passed over Manning last Saturday, spending most of its force before reaching here. Most of the suburbs trees were uprooted, sheds and fences blown down, and on Mr. R. H. Davis' place about 20 acres of cotton and corn was considerably injured by hail. A tree fell across a buggy belonging to a Mr. Cobia and smashed it pretty badly.

Last Monday night near Paxville, Robert Stukes shot and killed Warren Fulmore, both colored. Stukes had beat his wife, and Fulmore being her father remonstrated with him, whereupon Stukes went into his house and got his gun with which he shot Fulmore, who lived about one hour. Mergristay Slateman held the inquest yesterday morning, and thus the murder roll continues to grow.

Safeguard the Children. Notwithstanding all that is done by boards of health and sanitarily inclined persons, the death rate among small children is very high during the hot weather of the summer months in the large cities. There is not probably one case of bowel complaint in a hundred, however, that is not cured at once by the timely use of Chamberlain's Colic, Cholera and Diarrhoea Remedy.

A medical society was organized in Manning last Thursday by the Clarendon Medical Association. Its purpose is, fraternal, social and scientific advancement. The following were elected officers: Dr. C. B. Geiger, President, Dr. W. M. Mood, Vice President, Dr. L. C. Stukes, Secretary and Treasurer.

Domestic Troubles. It is exceptional to find a family where there are no domestic ruptures occasionally, but these can be lessened by having Dr. King's New Life Pills around. Much trouble they save by their great work in Stomach and Liver troubles. They not only relieve you, but cure. 25c, at The R. B. Loryea Drug Store.

The barn and stables of Mr. J. McDowell McFaddin about five miles West of Manning was destroyed by fire last Monday night, destroying four mules, one horse, ten hogs, his entire crop, and other forage. Loss about \$1500. To insure against this is the second fire of this kind Mr. McFaddin has had and both times it is suspected that an incendiary did the work.

In this issue Dr. I. M. Woods announces his candidacy for the legislature. Dr. Woods has served several terms, and has experience in legislative work. Then we have other candidates for the legislature, M. C. Galluchat, Esq., who has had legislative experience and who now seeks election putting forth a platform of principles he proposes to advocate.

The railroad authorities have decided to give the public cotton weigher additional platform facilities at this place, they claiming the present cotton platform is sufficient for the handling of all cotton shipped from Manning. The railroad people are mistaken about this for the reason that heretofore our merchants held their cotton in the store lots until they were ready to ship or sell, and this frequently was for a week or more, thus relieving the depot platform from crowding, but with a public weigher, the cotton is taken direct to the railroad. We hope our merchants will interest themselves in this matter and induce the railroad to give sufficient facilities for the handling of cotton. The public weighing system while satisfactory at other points, will be entirely an experiment here, therefore to give it a fair trial there should be no obstructions in its way.

The summer term opened last Monday morning with His Honor Judge A. P. Aldrich presiding. Solicitor J. E. Wilson and Stenographer R. D. Lathan at their posts, and notwithstanding the day being a legal holiday Judge Aldrich was anxious to proceed with business if counsel interested would consent. Solicitor Wilson at all ways scrupulously careful in the performance of his duty was unwilling to give out indictments in the homicide cases, but consented to have the witnesses in the minor cases called. To the clerk's call there were but few responses, and there was nothing to be done but adjourn, until Tuesday morning. At the reconvening of court yesterday, the attendance was large, many drawn hither by a morbid curiosity to hear a sensational case that rumor had it would be tried.

The case tried and which took up the whole of yesterday was against R. Lee Logan, and Ida Irene Bagnal, charged with adultery. The details of this deplorable case it is too lengthy to narrate, and it is to be hoped that Clarendon's court house will never again have such a spectacle. The defense was represented by Capt. W. C. Davis; the case was given to the jury about 7 o'clock last evening with instructions from the judge, if they agreed upon a verdict to bring it into court at 9 o'clock in the morning, but they tussled with the case all night, and it was not until after sunrise this morning that they agreed, and the sealed verdict was opened and published "not guilty."

The case against Jesse Nelson for striking Mrs. Alfred Setzer was found guilty. The case against Forest Colman, murder, has just begun. The Youmans case will be commenced in the morning.

The following true bills have been brought in: State vs. Simeon M. Youmans, murder; State vs. Forrest L. Collins, murder; State vs. Thomas Catey, house-breaking and larceny; State vs. Jesse Nelson, assault and battery with intent to kill.

We like best to call SCOTT'S EMULSION a food because it stands so emphatically for perfect nutrition. And yet in the matter of restoring appetite, of giving new strength to the tissues, especially to the nerves, its action is that of a medicine.

Mr. Caleb DuBose while on a hand-car on the railroad of the D. W. Alderman Co., last Monday fell off and was badly bruised, and rendered unconscious for about three hours. Mr. James Beard and others came to him and kindly ministered to his needs. We are requesting that DuBose's son to thank those who attended his father in his misfortune.

There is a movement on foot to establish in the town of Manning a bonded warehouse for cotton. The purpose being, we are told, to permit farmers to deposit their cotton, and the bonded company will issue to them a certificate upon which they can arrange with the banks to advance them money, say 50 or 75 per cent of the then market value for a stipulated length of time. This arrangement would place the farmers in a position to hold cotton if they desired, in the hands of a company under bond for its safe delivery. In the State of Georgia such warehouses are common and they are said to work very satisfactorily. An institution bonded to take care of, and advance money on cotton can also arrange to market the product in such a manner as to prevent crowding the market and in this way have an influence upon the price. Should this bonded warehouse scheme materialize the farmers' association can find useful employment in fostering it, and through the association Clarendon can have cotton selling days, when cotton in such quantities can be offered as to induce buyers from all about to come here and actively bid for it. If it became known to buyers that on a certain day a thousand bales of cotton would be offered for sale in the country, and every exporter at Norfolk, Wilmington, Savannah, Charleston and other ports would send their buyers here, and the competition among these buyers would make Manning market to attract cotton from all over this and adjoining counties.

CASTORIA. The Kind You Have Always Bought Bears the Signature of Castoria.

Manning Never Loses. The Manning base ball team scored another victory. This time at Mayesville on last Monday. The boys left here very early on the morning of the 4th, and after a 25 mile ride through the country, they were received with open arms by the good people of Mayesville and every hospitable attention shown them. A large crowd of fans went over with the team. The boys are delighted with their treatment, as well as the magnificently played game, which resulted in a score of 3 to 1 in Manning's favor. Sublett twirled a great game and Dickson his catcher played star ball. Catey on short played an errorless game. In fact they all played exceptionally well.

The following is the line-up: Manning. Mayesville. Shaw. Dickson. Sublett. Brown. Parrell. Catey. Mayes. Till. Horton. Pringle. McLeod. Iseman. Sprout. McLeod. Rhodes.

SPRING OFFERINGS

In the purchasing of my spring stock I largely depended upon one of my assistants, Miss Hattie Bagnal, who is not only intelligently qualified to judge of the styles and fashions, but displays the best of taste, to aid me, in order that I would be sure to please the most fastidious. Now, I earnestly invite my lady friends to take a look at the latest creations in Crepe Raye, Coronation Stripes, Milusine, Fancy Mousseline, Windsor Rappillon, Picot Stripes, Aristo Batiste, Satin a Ruban Mull.

Of course these are only a few lines in dry goods. I keep everything in that department, and if my prices are not as low as the lowest elsewhere, then I do not ask your patronage. I do not offer one article at a below cost price and make double the profit on something else.

SHOES! SHOES!

This department is where my experience as a merchant manifests itself. I know a good shoe, and to retain trade I must sell a good shoe. Come and look through this line, and I believe I sell you shoes which will give you good service and save you money.

CLOTHING.

It is all nonsense to assert that "we are the only ones." Inspect my stock and if I cannot give you a fit, another market you will have to seek. Besides I have accepted the sole agency for the celebrated made-to-order line of D'Ancona & Co., fashionable tailors of Chicago, and every suit I make is with a guarantee of no fit no money. Come and see the samples now on exhibition in my store. A gentleman can have a suit made to order and get a perfect fit for almost what he can get a hand-me-down for. Give me a trial order, I know I will please you.

I want your trade, and to get it I must meet competition. This I will do, for I am in business to sell goods and am doing business on the principle of live and let live.
