Owing to a rush of advertisements this week, and having to lose one day on account of observing a religious rite our news and editorial columns are not so full as we would like, but with next week we will put forth an extra effort to give the people something worth preserving.

The oil mill at Davis Station was destroyed by fire last Sunday afternoon. The mill belongs to the Independent oil company, and was insured. The fire was kept from spreading to the nearby buildings otherwise the conflagration would have reached the seed house, and the store.

Now that our space is enlarged we want our correspondents to get a move on and keep the TIMES teeming with news from every section. We want to show what hustle can do, and when you look upon the TIMES this week and again next you will be convinced that there is still marrow in the bones of the editor.

In this issue there are a number of new advertisements, and it is our custom to give each a write up, but on account of lack of time and space we will defer the write up of our out-of-town advertisers until next issue. However we would ask our readers to peruse our advertising columns this week especially.

We call special attention to the ads. of some of our Sumter patrons. We have a number more, but their copy did not arrive in time for this week's issue. We invite your attention to Stubbs Brothers, clothing; Book Love Stock Co., horse dealers; O'Donnell and Co., dry goods department store; D. J. Chandler Clothing Co., clothing; Harby & Co., wholesale grocers, L. B. Brothers, cotton buyers and general merchandise; L. B. DuRant, hardware.

Next week we shall give each of our advertisers a write-up, calling attention to the various lines they handle.

The Mutual Dry Goods Company's Milliner Miss Eleanor Clay of Baltimore, has arrived and is making elaborate preparations for the millinery opening to take place October 3rd and 4th. The young men of the "Mutual" say that instead of filling their store with a lot of trashy decorations which can be gathered in the woods at no cost, they will make a beautiful display of dress goods and trimmings, as well as dry goods in general. Mr. Turner the Manager of the Mutual says that if the people will just come and inspect his stock they will be satisfied that bargains and styles await their pleasure. Remember the Mutual's opening is Oct. 3 and 4.

Manning cotton market is attracting the attention of people far and near, and if our buyers keep up the pace the shipments for this point will be doubled this season. On last Saturday the streets, at times were blocked with the wagons loaded with cotton and the ginners worked overtime away in to the night. Yes, this market up to date has not been excelled by any other market in this section of the State, often paying 2 of a cent a pound more than the market quotations. We find a great deal more pleasure in making this report than where we used to have to report to our readers that Manning was not giving our farmers full compensation for their cotton, it is a cause for rejoicing that we can boast of now having one of the best markets in the State.

Mrs. Janie Herbert Haynes, who will preside over the State Convention of the W. C. T. U. soon to convene in Manning is the wife of the President of Leesville College, and a niece of Dr. James H. Carlisle, of Wofford College. She will be welcomed in Manning, not only on account of her noble Christian character, but also because she is the sister of Rev. T. G. Herbert and Rev. W. L. Herbert, so well known and so much loved in Manning, and a sister of Rev. C. Herbert, pastor of the Santee Circuit. But more than all else aside from her own worth will be the fact that she is the daughter of that grand old man, the late Rev. T. G. Herbert, who was known and loved from the mountains to the sea. Give her the right-of-way to the homes and hearts of the people of Manning.

A Power For Good.

The pills that are potent in their action are pleasant in effect are DeWitt's Little Early Risers.

Albany, G. says: "During a billious attack I took one. Small as it was it did me more good than calomel, blue mass or any other pill I ever took and at the same time the effect was pleasant. Little Early Risers are certainly an 'early pill.'" Sold by The S. B. Loryea, Drug Store.

SOFT CORE

Like the running brook, the red blood that flows through the veins has to come from somewhere.

The springs of red blood are found in the soft core of the bones called the marrow and some say red blood also comes from the spleen. Healthy bone marrow and healthy spleen are full of fat.

Scott's Emulsion makes new blood by feeding the bone marrow and the spleen with the richest of all fats, the pure cod liver oil.

For pale school girls and invalids and for all whose blood is thin and pale, Scott's Emulsion is a pleasant and rich blood food. It not only feeds the blood-making organs but gives them strength to do their proper work.

A Pretty Marriage Ceremony At The First Baptist Church.

Last evening at 8 o'clock, at the First Baptist church, Miss Julia Agnes Cuttino and Mr. Robert W. Achurch, of Charleston, were united in the holy bonds of matrimony, Rev. C. C. Brown officiating.

The church was beautifully decorated with white cut flowers artistically arranged on a background of evergreens, and in the pulpit were numerous potted plants. The color effect produced by the combination of the white and green was very attractive, and was greatly admired.

Mrs. Lucy Rogers presiding at the organ and accompanied by Miss Isadore Teicher, on the violin, rendered splendid selections before, during and after the ceremony. Promptly at the appointed hour, as the peals of the wedding march broke forth, the bridal party entered the church.

First came the flower girls, little Misses Inez Cuttino and Anna Sanders, who were followed by the ushers, Messrs. B. J. Rhame, George Tindal, T. C. Cuttino and W. H. Cuttino. Next came the matron of honor, Mrs. A. L. Lesesne, who carried a beautiful bouquet of white carnations. Then the bride, beautifully attired in a white tulle, carrying a bouquet of bride's roses and wearing the customary veil caught up with a spray of lilies of the valley, entered the church on the arm of her brother, Mr. D. W. Cuttino. From the other entrance of the church, accompanied by his best man, Mr. W. Porter Cart, came the groom, who met the bride at the altar, and while the soft, sweet strains of the music filled the church, the marriage rites were solemnized.

After the wedding a reception was held at the residence of the bride's mother, Mrs. William H. Cuttino, at No. 306 South Sumter street, which was attended by the relatives and a few intimate friends of the bridal couple, among whom were Mr. and Mrs. Stephen Thomas, and Mr. Stephen Thomas, Jr., of Charleston; Mrs. W. Scott Harvin, of Manning; Mr. W. Porter Cart, of Charleston; Mrs. James E. Tindal, Mr. George Tindal, Mr. T. H. Connors and Mr. and Mrs. A. L. Lesesne of Clarendon.

Mr. and Mrs. Achurch left on the 9:20 train for St. Louis, where they will remain for two weeks before returning to Charleston, which will be their future home.

Numerous pieces of cut glass and elegant silver were among the presents received by the bride, which gave evidence of her great popularity.

Sumter is unfortunate in losing such an attractive daughter.—Sumter Item.

Thanks Returned.

In conclusion I return my sincere thanks to my friends and also to the people of Clarendon for the handsome vote and hospitality which was given me during the last primary election. I remain as ever looking forward to the future.

Letter to a Manning Lawyer.

Dear Sir: As your business is to get people into and out of trouble, suppose you consider their paint; it makes 'em almost as much trouble as money, except of course matrimony.

They buy poor paint a good deal; they don't mean to; they don't know any better; they buy without thinking. Bad paint isn't good. It looks good enough for a year; then begins to get rusty; but changes slowly one don't notice it.

Looking isn't all. The business of paint is to keep a house dry inside, the wood and iron of it; keep it from rotting and rusting. Takes good paint to do it.

Good and bad paint are sold at one price or about that. One can't go by the price at all; as with lawyers, the price hothing to do with goodness or badness; and costs are worse yet; the painter and sheriff comes in for their share.

But the probability is that a man, who paints Devoe, will come out on top.

Yours truly, F. W. DEVOE & CO.

P. S.—Manning Hardware sell our paint.
