MANNING, S. C., OCT. 26, 1904.

Publishes All County and Town Official Advertisements.

Advertisers will please remember that copy for a change of ad. MUST be in this office by Saturday Noon in order to insure publication the following week.

W. E. JENKINSON COMPANY.

Special Sale Starting Next Monday Morning, Oct. 31st. Fine Dress Goods and Trimmings, Millinery, Kid Gloves, Silk and Wool Gloves, Cloaks, Furs and Zephyr Shawls.

On next Monday morning we will open a very important sale of Dress Goods, Silks, Trimmings, Cloaks, Furs, Millinery and Zephyr Shawls. A fine line of Ladies' Broadcloth, 54 in. wide, in blacks and colors—sells for \$1.25 but we put them down at this sale for 70 cents per yard.

Watch for Jenkinson's train-load of bargains next week.

Mrs. Fannie Moore is building a fine residence at Greeleyville.

Rev. J. M. Holladay leaves tomorrow for Indian town to preach.

There will be a "box party" at Mr. B. W. Cutler's, near Paxville.

Found—A bunch of keys, which the owner may have by calling at this office.

Read W. M. Graham's Auction horse sale to take place November 1st in Sumter.

Don't fail to attend Otterbein Male Quartette at Institute Hall, Tuesday night, Nov. 1.

There should be an ordinance, and it enforced, against fast driving around the corners of our streets.

Rev. R. A. Sublett of Summerton left yesterday for Anderson where he will hold a series of meetings.

Miss Bertha Rosenthal of New York has arrived to assist Mrs. D. Hirschmann in the millinery department.

Rev. A. N. Brunson, supplied the Camden pulpit last Sunday, and his pulpit was filled by Rev. E. K. Moore of Jordan.

Boys, you are not in it unless you are able to carry a box of Huyler's to your best girl. Louis Levi has just received a fresh supply.

There will be a hot supper at Home Branch on Friday night, November 4th, the benefit of that church. Oysters will be served.

Why is it that our Manning merchants are selling more goods now than ever before? It is because they advertise and sell at living profits.

There are numbers of farmers through out this county who have determined to hold cotton for better prices, and we believe they will realize their wishes.

"Old Rock" has begun the collection of taxes, and says if the people will pay up now instead of all waiting until the last moment it will aid him very much, and be better for them.

The town council is calling for taxes. People do not mind paying taxes when they are getting something for their money. The claying of the streets is money well spent.

Died near Sardinia, last Thursday, Mrs. "Bunch" Wingate, wife of Mr. J. M. Wingate, and a daughter of Mr. E. S. Kennedy, aged about 40 years. The funeral took place at New Zion Friday.

Two accidents befell citizens of Greeleyville last Monday, Mr. C. Z. Joiner had a finger cut off at the mill of the Mallard Lumber Co., and Mr. T. J. Hogan was painfully hurt by a fall.

A tenant house on the place of Mrs. M. E. Albrook, occupied by Mr. Jeff Barfield, was burned last Monday night while the Barfield family were away. The entire contents of the house was destroyed. It is supposed the fire was incendiary.

Married at the residence of the bride's father, Mr. J. C. Frierson, at 4:15 p. m., October 20th, Miss Lou Frierson to Mr. W. J. Stafford, of Dazell. Rev. J. D. Hildner officiating. The wedding party left immediately to attend the reception at Mr. Stafford's home that night.

Parties desiring to buy Peruvian guano may find it to their interests to confer with THE TIMES' editor, as he is in a position to make contracts. We would advise that contracts should be made early so as to get the advantage of shipments before the railroads become congested.

It is said that there is a cause for a certain young lady making frequent visits to Manning now from a school here. Her friends will soon be made aware of it. Venning has made special preparations for just those kind of entertainments. Go and look over his line of beautiful present-goods.

We shall be pleased to talk with our farmer friends about high-grade Peruvian guano. We can make contracts now for these goods that is guaranteed to analyze 3.50 ammonia; 3.50 total phosphoric acid and 2 per cent. of potash, and a complete mixture which is expected to analyze 3.25 ammonia; 3.25 potash, and 18 phosphoric acid. If you want these goods, call at THE TIMES' office.

Last Saturday was another fine trade day in Manning. All of the merchants did a big business. One merchant told us that his sales for the week aggregated \$2,000 cash, and his collections were never better. This merchant is a strong believer in printer's ink, and our next week's issue will contain a big advertisement offering a whole train-load of bargains. The train has already arrived and the public will see it next week.

At a congregational meeting in the Presbyterian Church last Sunday, Mr. D. C. Shaw of Alcolu, was elected an Elder. This is a splendid selection, as Mr. Shaw will make a progressive official. The congregation also increased the pastor's salary, another sign of awakening. We are informed there is a movement on foot to build a brick church, and a certain merchant here not a member of that congregation, but a believer in improvements, told us he will contribute \$100. This is a fine starter, who will do likewise?

Ladies, those of you who wear corsets have an opportunity to procure one of these shapemakers, that does not come but once in a life-time. Read J. W. Murray's advertisement in this issue, cut out the "Ad." take it to his store, and get one of the best corsets made for a trifle. Remember this will be the only issue the advertisement will appear in, and we would advise every lady to cut out the "ad." right now, and put it away until she comes to town to trade. The F. C. corset is one of the best made, and now is the chance to get one of them for almost nothing.

Fewer gallons; wears longer; Devoe.

An Old Time Remedy.

Murray's Horebound Mullein and Tar has in it the purest of drugs. All of which were used by our parents and grand-parents. It is a combination so put together that it cures a cough right off. Nothing is better for babies. It is a most reliable cure and all cases of coughs. Ask your druggist for it. They will have it. Get it now and have it ready. Costs only 25c, a bottle—extra large bottles—regular 50c size. Remember to ask for "Murray's" and take no other.

Those Election Notices.

Our attention has been called to an article in the Manning Farmer of last issue, in which our name is used in a manner that may mislead some who are unacquainted with the facts. The commission in their discretion saw fit to authorize THE TIMES to publish the election notices. THE TIMES has always published these notices. They requested us to act as clerk of the State board, and we did it, but had nothing whatever to do with the advertising matter. The notice in the Manning Farmer was a private conversation with Capt. W. C. Davis, and Mr. Montgomery addressing us, said, "Captain Davis requested that a copy of the election notices be given to the Farmer," to which we replied, "That is a matter entirely with the commissioners. It is for them to say whether the election notices shall be published in the two papers, one paper, or whether they shall be published in any paper at all, we have no voice in the matter." The inference from the Farmer's article is that we influenced the board to give the notices to this paper only. This is a mistake, nor did we make any inference as to whether the Farmer was authorized to publish them; we did not mention the matter of advertising to a single soul before the subject was brought up by Mr. Montgomery who stated the request made by Captain Davis. We know, however, that members of the commission did not relish the idea of the method employed by the Farmer to secure the advertising, because they expressed themselves quite freely, and we believe had the editor of the paper or any one whom he may have sent gone before the commissioners and made the request of the board, instead of taking off one member from each board into a jury room to privately make arrangements, the results may have been different. It is a fact that members of both boards regard it as a reflection upon them to send Captain Davis and Probate Judge Windham to use their influence to secure this advertising, at the same time, we are satisfied neither of these gentlemen had any say in the matter when each took a member from each board off privately, instead of appearing before the whole commission, of giving offence, and would not have done so had they thought it would be so construed.

The last paragraph in the article in the Farmer wherein it refers to publishing the election notices "all the same" would have in our opinion been more just had it said "through the courtesy of Mr. Louis Appel, it was enabled to publish the complete notices of election," because it is a fact that at the request of Captain W. C. Davis, with our own hand we made a copy of the list of managers to be given to the editor of the Farmer, which should be sufficient evidence that we have no interest in keeping that paper from getting these notices.

The election commissioners alone have the power to say where these notices shall be published, and all the interest we have in the matter is to get from them the necessary authority to publish, and having gotten this, it would make no difference if they had also authorized the publication in a half dozen other papers if there were that many. THE MANNING TIMES has always published these notices, before and after it had opposition, and it is and after the first time any complaint has been made because the opposition was not authorized to publish them also. The Editor of THE TIMES has been "clerk" for the boards many, many times before, and ever since 1888 has had in posed upon him the looking after the management of the general elections. It is because we have been actively serviceable to the party in a practicable way every county chairman since 1880 has depended largely upon our experience for aid in making all arrangements properly made for the elections.

We have no reason to use our influence to defeat the editor of the Farmer in any business matter; he seeks to obtain. He has never interfered with us and we have any desire to have men of influence to secure patronage for him, that is his business—ours is different.

The reference to the "devil" being put into the commissioners was not because it was Captain Davis, but because he did not only reason for explaining this matter at all is to correct any impression which may be made upon the minds of people, that the election management of the party in a practicable way every county chairman since 1880 has depended largely upon our experience for aid in making all arrangements properly made for the elections.

SHYLOCK

Shylock was the man who wanted a pound of human flesh. There are many Shylocks now, the convalescent, the consumptive, the sickly child, the pale young woman, all want human flesh and they can get it—take Scott's Emulsion. Scott's Emulsion is flesh and blood, bone and muscle. It feeds the nerves, strengthens the digestive organs and they feed the whole body.

For nearly thirty years Scott's Emulsion has been the great giver of human flesh.

We will send you a couple of ounces free.

Danger of a Cough.

Pneumonia, gripp, cold, bronchitis and nearly every other dangerous sickness of this kind is usually the development of a slight cough. Too many people are laid up and too many die from disease when they could so easily knock that first cough in the head. Murray's Horebound Mullein and Tar cures colds. It just drops the bottom out of a cough. Every druggist has it for 25c a bottle. Remember "Murray's" and take no other. Regular 50c size.

Lawyers are men who work with a will. Doctors often provide the way: When a man pays a doctor's bill, he often wonders if life is worth living.

The cut-rate druggist does his best to bring sickness with in the reach for all.

Fame has its disadvantages. It never lets a man's creditors get off his trail.

A dentist is a man who pulls people's teeth. A lawyer is one who pulls their legs.

When it comes to making a long story short, the editor's blue pencil is strictly in it.

A Slender.

At the Newport horse show Alfred Gwynne Vanderbilt declared that a horse's teeth did not make an infallible guide to its age, and they who depended on the teeth alone were apt to fall into grievous error in reckoning the age of horses.

"Don't count too much on the teeth," said Mr. Vanderbilt, "or you will go as far wrong as the rich San Francisco, who decided late in life to set up a racing stable.

"Earning his millions he had worked like a slave from early in the morning till late at night, and in all his 60 years he hadn't once had time to study horses, let alone ride or drive them.

"So, before beginning to buy, he thought he would take a little expert advice. He knew a lively stable keeper, and he went to see the man.

"Jerome," he said, "I am going to buy a stable of horses. Now, when they are trotted out for my inspection how will I tell how old they are? I don't want to be stuck, you know, with a lot of antiquated nags."

"The livelyman said it was by their teeth that horses' ages were told. He intended to go into the matter a little further, but the millionaire, a hustler, hurried off.

"He hurried off, and the next day a fine coach horse was submitted to him by a dealer.

"How much do you want for this animal?" he asked.

"About \$1,200," the dealer answered.

"The millionaire opened the horse's mouth and studied its teeth with slow care. Then, wiping his hands, he laughed harshly.

"Take it away," he said. "It is thirty-two years old."

To Churches of the Santee Association.

Our association will meet in Bishopville October 27. Let us compare our contributions collected with what the executive board suggested and see if we are ready with a full report.

The Lord and our conscience may demand more of us than the executive board. Let us go up to our meeting prepared for the best service while there and to receive a large blessing from the Master.
