TOTE FAIR.

The Spartanburg Journal and Yorkville Inquirer are not pleased with the attitude of the Columbia State and Columbia Record, because these papers at the capitol insist upon demanding proof of the charges of corruption in the management of the State dispensary, and since the two-country newspapers dragged into the discussion the Richmond Distillery, and the bottle-making works, more besides the Columbia newspapers seem to have had their toes trod upon.

President Roosevelt expects to visit the South, but there are a few newspapers that want him to come with his hat in his hand and beg for the privilege of visiting this section. If he does come we expect the people will receive him as becomes the office he holds, and when he returns to Washington he will have a better opinion of this country than he can form from some of its newspapers.

At the coming session of the legislature we would suggest to our law-makers to look into the matter of requiring telegraph companies to afford more convenient facilities for the transaction of business for towns far removed from the railroad station as Manning is. The telegraph company secures rights from the public as much so as do the railroads and it should be forced to have some regard for the public's interests.

Now since poor Parker's defeat the Democratic newspapers that championed his cause and were going to elect him, are putting the blame for his defeat upon him, and those who engineered his campaign. Parker was not to blame for Roosevelt's overwhelming election, if there is any blame it can be laid at the door of the obstructionists in the United States Senate, who did their best to obstruct all legislation which looked towards progressiveness.

STATE OF OHIO, CITY OF TOLEDO, ss. FRANK J. CHENEY, Clerk of the Court, do hereby certify that the following is a true and correct copy of the will of FRANK J. CHENEY, deceased, as the same appears from the records of said Court.

Orange blossoms at Pinewood with malice towards none, and best wishes to Mr. Apple in pinewood and his readers. The Buster Brown takes his pen in hand.

Mr. and Mrs. D. W. Brown, formerly residents of this community, but now citizens of Sumter, have issued invitations to the marriage ceremony of their daughter Mamie to Mr. Peter C. Matthews, Thursday afternoon Dec. 15, 1904, home No. 104 Salem Avenue, Sumter.

Fresh testimony in great quantity is constantly coming in, declaring Dr. King's New Discovery for Consumption Coughs and Colds to be unequalled. A recent expression from T. J. McFarland, Estorville, Va., serves as example. He writes: "I had Bronchitis for three years and doctored all the time without being benefited."

Our little town was struck last Friday evening, the 2nd, by school teachers, who taken by storm, there were Miss Francis Davis, of Manning; Miss Lila Epps, of Alcolu; Miss Bertha Davis, of Davis Station; Miss Seldon Epps, of Brogden; Miss Fannie Herron, of Davis Cross Roads; Miss Pauline Davis, of Jordan; and Miss Gussie Sprott, our home teacher. The gentlemen on hand were Mr. Chas. "Lorry" Wells, of Texas; Mr. Willie Sprott, of Spartanburg; Mr. Willie Sprott, of Davis Station; and later, Mr. W. D. McLary joined the crowd, but not until they had somewhat dispersed.

Mr. D. W. Alderman left Saturday for Wallace, N. C. to see his father who is very low.

Mr. Henry Appelt, brother of Mr. Louis Appelt was in town last Thursday. He is representing one of the New York clothing houses.

Mr. Editor, we read with interest what you said about Hon. C. M. Davis and the jug of tar. We think it may have been ale he had instead of the other thing. Perhaps you have never heard his fish story. Get him to give you his method of catching fish with ale and we think you will agree with us that he possibly had ale in the jug instead of the other liquid.

Education. Education is not a certain amount of raw knowledge which you have been able to stow away. There are many men full of facts who in a moment's conversation show they are without an education. True, education is the awakening of the mind, and to see and enjoy it is giving it wings by which to mount higher, see more clearly and enjoy more fully.

Acid Iron Mineral is working wonders among the afflicted. It is curing your neighbor, why not you? Price only 50 cents. Try it. Sold by druggists.

Woman's District Conference. [Crowded out last week.] The District Conference of the Sumter District Woman's Foreign Missionary Society was held in Manning, beginning Friday evening, November 18, 1904. An interesting program had been arranged and a goodly number of home folks and visiting delegates assembled in the Methodist church, but Mrs. Wightman, State President; Mrs. Humbert, State Secretary; and Mrs. Wait, who were expected on the evening train, missed the train and failed to come, and Mrs. Darby, District Secretary, who had been quite sick for several days, faithful as ever, came, but was too indisposed to preside.

Physicians Endorse A-I-M. Dr. R. C. Johnson, Stringer, Miss: I have used Acid Iron Mineral in my practice for nearly five years. I have thoroughly experimented with it and find it has no equal as a Nerve, Blood Purifier and Liver Medicine. Nothing surpasses it in the treatment of Indigestion, Dyspepsia, Diarrhoea, Flux, Cutaneous Diseases, Chronic Diseases—especially of females. For Protruding and Irregular Menes nothing can compete with it. It stands as a tonic against the bad diseases of the human family. Trade A-I-M mark on each bottle. Sold by druggists.

An Old Time Remedy. Murray's Horehound Mullein and Tar has in it the purest of drugs. All of which were used by our parents and grand-parents. It is a combination of the best of the best of the best of the best. Nothing is better for babies. It is a most reliable cure and all cases of coughs, colds, croup, whooping cough, etc. Ask your druggist for it. They all have it. Get a bottle now and have it ready. Costs only 25c. a bottle—extra large bottles—regular 50c size. Remember to ask for "Murray's" and take no other.

Kittelying Animals. Animal locomotion sometimes shows itself in forms not unlike lifeless and paralytic. The "paralytic animals" are mammals—flying squirrels of various kinds—birds (the pigeon), reptiles, flying fishes. Among the "kittelying" are spiders and flies—Davis' "Natural History of Animals."

An Emergency Medicine. For sprains, bruises, burns, and similar injuries, there is nothing so good as Chamberlain's Pain Balm. It soothes the wound and not only gives instant relief from pain, but causes the parts to heal in about one third the time required by the usual treatment. The R. B. Loryea Drug Store.

Liked One Legged Wives. The late Augustus Hare tells of a one legged woman who became the third wife of a prosperous widower. One day while searching the closets she came upon two cork legs, each labeled with the name of a different woman. In fear and rage she went among the relatives of her husband asking questions. But they pacified her by saying that both his first and second wives had also been obliged to wear an artificial limb, and that the husband's married life in each case had been so happy that he had sworn never to marry any but a one legged woman.
