To be married this evening at the home of the bride's parents near Greelville Mr. James Lesene and Miss Henrietta Montgomery, a daughter of Mr. and Mrs. Isaac Montgomery. Rev. R. L. Grier will perform the service.

The drill ordered by Capt. Richardson for his company at Paola last Friday could not take place, by reason of continuous rain that day, but is now ordered for Saturday the 28th inst. being the last Saturday of January, at 11 a. m.

Died at Dr. Brockinton's infirmary last Wednesday afternoon, Mrs. Belle Fulton, wife of Mr. B. P. Fulton, aged about 49 years. The funeral took place at Brewington church, where the deceased held her membership. Rev. R. L. Grier conducted the service.

The first quarterly meeting of the Manning Methodist church took place yesterday, and the following were elected delegates to the quarterly conference which convenes in Manning in April. W. E. Jenkinson and J. W. Rigby, alternates P. B. Mouzon and R. D. Clark.

Died near Selco on the 10th, day of January Mr. W. T. Kennedy, aged about 56 years. The deceased had been in bad health for sometime. He was a man of considerable prominence in his community, having served as a trustee for years, and always taking an active part in public affairs.

Pinewood has had another fire, if that pushing little town continues she will make a reputation for being "the town that burns." Last Friday night a fire broke out in the Stack store, and spread to Felder's stables, thence to D. R. Lide's and Dr. R. S. Beckham's drug store. The wind was blowing briskly and there was no chance to save the property. We understand that the loss was very lightly insured, and the loss is very heavy.

There passed away in this town last night a little beautiful and grand old mother in Israel, Mrs. Hannah Levi, aged about 74 years. The deceased was noted for her kindly characteristics, generous impulses and benevolent spirit. Mrs. Levi was known and loved by the elder people of this county, many of whom partook of her hospitality, when in the days gone by her home was an open house to the friends of her husband. The immediate cause of her death was heart failure, believed to have been brought on by the nervous shock from the knowledge of her home being burglarized. The interment will take place in Sumter Friday. As a mark of respect to the memory of the deceased, the graded school upon assembling this morning, had the death of Mrs. Levi announced and was dismissed.

Died at 12:30 today, Mrs. Corinne Levi, wife of Mr. Louis Levi, aged 28 years. The deceased had been ill, and an extreme, but patient sufferer for months. She was a lovable and accomplished woman. The sympathies of this community go out to the heart-crushed husband and the bereaved family connections.

Several from this place expected to be at Summerton last Friday to meet a number of gentlemen to consider the electric railway proposition from Wright's Bluff to Manning, but were prevented from going on account of the very inclement weather. The TIMES editor intended going there on his way back from Charleston, but when he looked through the train, he did not see the gentlemen he expected, either from Charleston or Georgetown, and on reaching Wilson's, inquiry elicited the information that none had passed the

day before, he concluded the meeting had been called off. Later in the day however, he learned that Mr. Jackson of the Clyde line of steamships did go to Summerton and on the train with us; just where he kept himself on that train we do not know. We did not see him, and have had the pleasure of meeting him on a number of occasions. Had we seen Mr. Jackson we should have accompanied him to Summerton, as we are very much interested in the railway project which in our opinion means much for the entire section it is intended to traverse, and especially does it mean a whole lot to Manning.

Stomach Troubles and Constipation.

"Chamberlain's Stomach and Liver Tablets are the best thing for stomach troubles and constipation I have ever sold," says J. R. Cullman, a druggist of Pottersville, Mich. They are easy to take and always give satisfaction. I sell my customers to try them and if not satisfactory to come back and get their money, but have never had a complaint." For sale by The R. B. Loryea Drug Store.

Mrs. Hellen Bullock, of New York, will lecture in the Methodist church Sunday evening, at 7:15 o'clock. There will be no service in either the Baptist or Presbyterian churches, the pastors having kindly called in their services, so that their congregations could have the privilege of hearing Mrs. Bullock. Mrs. Bullock is National Lecturer and Organizer of the Woman's Christian Temperance Union, and has visited many of our churches. She is well organized and revived the Manning Union, but on account of bad weather her audience was small. Her subject Sunday evening will be "A Mother's Plea." Sunday afternoon Mrs. Bullock will talk especially to the children and young people at the Baptist church at 4 o'clock. You are all cordially invited to attend both of these services. Mrs. J. S. SPROTT, Local Pres.

Chamberlain's Cough Remedy the Best Made.

"In my opinion Chamberlain's Cough Remedy is the best made for colds," says Mrs. Cora Walker of Porterville, California. There is no doubt about its being the best. No other is so sure a preventive of pneumonia. No other is so pleasant and safe to take. These are good reasons why it should be preferred to any other. The fact is that few people are satisfied with any other after having once used this remedy. For sale by The R. B. Loryea Drug Store, Isaac M. Loryea, Prop.

New Zion Farmers Meet.

We, the farmers of New Zion township in Clarendon County, held our meeting on January 14th, 1905, with a good turnout, with Dr. I. M. Woods acting as chairman, for the purpose to complete our organization. After the call of the meeting was explained, the following officers were elected: Dr. I. M. Woods, President; J. W. Gibbons, First Vice President; J. P. Gibbons, Second Vice President; J. H. Hardy, Secretary; W. E. Lavender, Corresponding Secretary and Treasurer. After discussing the matter, the following delegates were elected to the county meeting which is to be held in Manning on January 21st, 1905: Dr. I. M. Woods, L. P. Hardy, G. M. Hicks, and we hope that good judgment may be exercised and that our aim and plan may be carried out to success, and with you and other good help, we hope to soon be on the road to prosperity. Respectfully, J. H. HARDY, Secretary.

New Zion, S. C., January 16, 1904.

Straight Facts.

A whole lot of fancy phrases can be written about remedies, but it takes facts to prove anything—good straight facts. And the strongest fact you ever heard is that Chamberlain's is the best cure for piles on the market. It cures absolutely. Has a healing, soothing effect from the start. All druggists have it for \$1.00 a jar. Ask for Chamberlain's and don't dare take a substitute.

Acid Iron Mineral is not a patent medicine, but a wonderful combination of health-giving factors, mined from the earth, and compounded in the Laboratory of Nature. It is of such great strength that it only takes a "little to do the work." It cures such a large percentage of chronic diseases after all else has failed, that it has won for itself great fame, the patient himself testifying to improve almost from the first dose. Nothing will build up the broken down system so quickly and permanently as A. M. Why complain and suffer because of some disease which undermines your health and robs life of its charm causing you to lose hope and succumb to despair and finally premature death. Get A. M. at once. It may suit your case. It has suited thousands of others. Trade A. M. mark on every bottle. Sold by Druggists. Acid Iron Mineral Co., Columbia, S. C.

"SAVED MY LIFE"

—That's what a prominent druggist said of Scott's Emulsion a short time ago. As a rule we don't use or refer to testimonials in addressing the public, but the above remark and similar expressions are made so often in connection with Scott's Emulsion that they are worthy of occasional note. From infancy to old age Scott's Emulsion offers a reliable means of remedying improper and weak development, restoring lost flesh and vitality, and repairing waste. The action of Scott's Emulsion is no more of a secret than the composition of the Emulsion itself. What it does it does through nourishment—the kind of nourishment that cannot be obtained in ordinary food. No system is too weak or delicate to retain Scott's Emulsion and gather good from it.

Image of a man carrying a large fish on his back. Text: We will send you a sample free. Be sure that this picture is the form of a label on the wrapper of every bottle of Emulsion you buy. SCOTT & BOWNE Chemists 409 Pearl St., N. Y. 50c and \$1; all druggists.

Summerton's Social Event.

The progressive town of Summerton for weeks past looked forward to the nuptials of one of its lovely daughters to a young professional man of Pine-wood, and on last Wednesday evening long before the announced hour, carriages filled with gay young folks dashed through and into the town, and stopped at the Methodist church where the event of the season was to take place.

The night was a beautiful one, the lights in the village seemed to shed a special brilliancy, every thing was and seemed glad to lend eclat to an occasion promising a life-time of happiness to two hearts that beat as one. The church was filled to its fullest capacity, a testimony to the popularity of the chief actors: the edifice had been turned over to the friends of the bride, and the decorations were all that could be made beautiful: potted plants, clinging ivy, sunlax and flowers were in profusion, the walls and chancel rail were artistically decorated, giving the scene a white and green effect, and the burning tapers peeping out from between the glistening green added greatly to the effect and haloedness of the occasion. The officiating minister, Rev. J. C. Young sat on the pulpit, Walter Felder and Leslie Brunson seated the large audience, which they did without confusion or hitch. These young gentlemen were in full evening dress, and they performed their task like veterans.

Promptly at eight o'clock, Miss Eva Curtis of Paxville, sounded the first note from Lohengrin, and the minister arose to take position to the right, in the center of the rostrum: the bridal party entered preceded by the ushers, Felder and Brunson, in opposite isles, crossing within the chancel and took their positions opposite each other, followed in the same order by the name of honor, Dr. D. Ellen of Dillon, and Dr. G. W. B. Smith, then came leaning on the arm of Dr. Robert S. Beckham the groom, Mrs. W. L. Brunson the mother of the bride, and in the opposite isle the bride, Miss Izzie Brunson, gown'd in a beautiful white silk, leaning on the arm of her father, Mr. W. L. Brunson, followed by two pretty little flower girls Evelyn Ellen and Lucille Brunson. The bride and groom went in front of the minister, beneath a lovely marriage veil which was suspended over their heads. The clergyman recited the ritualistic marriage service in a most impressive manner, then followed the ancient ring custom. The Dame of honor handed the band of the groom to the groom, who placed it upon that of his bride—best is the tie that binds, is the typification of this bond of union, and thus were the pair of happy souls made man and wife, to go hand in hand down life's pathway.

In reversed order the actors in this beautifully solemn drama left the church in rhythmic measured steps to Mendelssohn's famous wedding march, and as the organ pealed forth the joyous strains, the congregation retained their seats until the last of the party were well without the edifice, then avoiding the rush and hurry so usual on such occasions.

At the home of the parents the decorators art was everywhere, there was a brilliant gathering of friends whose merry voices and laughter signified joy to all who entered and gave to the newly joined couple a memorable entrance into their changed conditions. It was no longer the beau and belle, but a stern fact, man and wife. Every available space had within it merry friends whose hearts were filled with the best of wishes for the young couple, who stood within the parlor receiving the congratulations, and good wishes: one of the guests, who by-the-way, is a marriagable mark himself, got a little mixed by the bevy of pretty girls about him, and in his effort to join in the festivities, had one eye on the bridal pair, the other eye, and his mind on a bewitchingly golden haired (?) maiden and in his confusion stammered "I wish you a merry Christmas man." It was an evening to be stored away in memory's future; everybody was happy, and Mrs. Brunson, assisted by their neices the Misses Curtis of Paxville made admirable hosts, they left nothing undone to add pleasure to the occasion.

A collation was served in several rooms, the tables were laden with pretty things of life, and served by pretty maidens, and when the supper was over many of the guests were adorned with boutonnières of white carnations. The presents were on exhibition in the hall, they were numerous, useful and handsome. Dr. and Mrs. Beckham will make their future home at Pinewood, and they go there with the wishes of a continuance of the happiness so auspiciously begun.

A Bold Burglary.

The following account from the local correspondent to the News and Courier is so completely correct that we reproduce it: A bold robbery was committed here at an early hour Saturday night, and efforts are being made today to locate the perpetrator of the crime. A thief entered the room of Mrs. Moses Levi and stole from a wardrobe a purse containing between \$55 and \$60, entrance to the room being effected by placing a ladder to a second story window. Although the hour was early it was dark, for the electric light service was turned off at that time owing to an accident at the power house. Mrs. Levi's daughter, Mrs. Iseman, with whom she lives, was away on a visit, and Mr. Iseman was detained at the store. Maj. A. Levi had stopped to sit a while with his mother, but had gone to his home nearby. A short time after he left, while Mrs. Levi was at supper, a maid went to her room to mend the fire, and as she entered the room she saw the head and shoulders of a man disappearing from the window. She at once reported to Mrs. Levi, and upon investigation the loss of the purse was discovered. As soon as she could Mrs. Levi notified Major Levi, and it was soon found that the ladder had been taken from under the house, where it was always kept. Maj. Levi then reported that he met Mr. Iseman's coachman in the yard as he went out. This man had been a servant in the family for about a year and a half and was, of course, familiar with the premises. He has not been seen since and it is reasonably certain that he committed the robbery. He is known by the name of Rolen Jackson, is a very light mulatto, about 5 feet six inches high, cross-eyed, slightly bow-legged and about 25 years old. The authorities in neighboring towns have been notified asked to be on the lookout for Jackson. A short time ago Mrs. Levi missed \$20 from her room, but thinking that possibly she made a mistake in counting her money she said nothing about it. It now seems probable that it went the way this last sum has gone.

Trespass Notice.

Notice is hereby given that I forbid all persons from hunting, shooting, fishing, cutting wood or timber, and otherwise trespassing upon any of my lands. Mrs. J. H. McKnight, January 2, 1905.

A Sensible Colored Farmer.

Editor The Manning Times:

Please let me say in your newspaper that is extensively read by white and colored, and regarded a staunch friend of the farmer, that the colored farmer is willing to join the present farmers' movement and organize to curtail our planting and fertilizer bills, and to hold, if we can, our cotton.

Mr. Editor, we are waiting to hear from our friends, the merchants and other business men of the county; if all of the farmers of this county had read THE TIMES and acted on its advice we would not have had so much cotton on hand today. We believe it is to the interest of all the farmers white and black to be organized, and in the interest of the farmers of my race I will propound the following:

- 1. Are the merchants with the movement?
2. Are the other business men in sympathy with it?
3. Will you enlist your talents in the cause?

Speak out, so if there is another side to the question we may see it. The farmers are talking, but we see nothing from the merchants. Let them speak out.

Mr. Editor, you have always been outspoken, not only with your pen, but in conventions and in the legislative halls; your record is clear that you are interested in the farmers, white and colored; those upon whom most of us colored farmers depend will speak out encouragingly, the colored farmer will be organized and will be true. If the merchants are going to help this great cause of the farmer, let them like D. Levi, W. E. Jenkinson, S. A. Rigby, C. M. Davis, Louis Appelt, T. S. Rogan, A. Levi, Dr. W. E. Brown, and J. A. Weinberg, will intimate through your paper they are with us, our enlistment in the cause is assured.

Respectfully, S. M. WALKER, Summerton, S. C., January 17, 1905.

To the organizers of the farmers clubs in Clarendon county:—

If you have not already completed your organization by getting the names and pledges of every man in your township, do so at once and send the list to the meeting at Manning on Saturday the 21st inst. at 7 o'clock. Also get the colored farmers to organize and send the names or list to this meeting also. We want to give the list of these names to our delegate, to carry with him to New Orleans. Don't fall in this. There will be no time to attend to anything after the meeting on Saturday in Manning. Let every club be represented at this meeting, without fail. Respectfully, R. A. SUBLETT.
