Mrs. Abe Weinberg of Camden is visiting her husband's parents here.

We learn that Auditor E. C. Dickson contemplates a trip to California this week.

Mr. Andrew P. Burgess is assisting Auditor Dickson with the making up of the tax books.

The daily influx of travelling salesmen coming to this town is a harvest for the hotels.

Mr. T. J. Stukes has our thanks for a couple of the finest cabbage we have seen this season.

The unveiling ceremonies of the Woodmen will take place next Sunday at 4 o'clock p. m.

Died last Friday Nancy Smith, an old "mauma" who had many friends among the white mothers of this town.

Died last Saturday Abbie Stewart another one of the old issue was well thought of by the white people.

Mrs. J. A. Burgess and children of Summerville are in Manning visiting her parents Mr. and Mrs. J. T. Stukes.

The music for the school commencement will be good. The practicing for the occasion is going on every evening.

It is gratifying to note that Major H. B. Richardson of Fulton, has returned home from the Columbia hospital much improved.

Mrs. J. N. Robson of Buffalo, S. C., arrived in Manning last evening on a visit to her parents Mr. and Mrs. A. H. Bredin.

Only of the "Old Folks" Bibles left, sent on receipt of \$1. Be in time. H. W. Finlayson, 456 Broadway, New York, N. Y.

Rev. J. M. Holladay left last Monday for Fort Worth, Texas where he will attend the Presbyterian General Assembly as a delegate.

This is one week the editor would have liked to shift his work upon some one with a more active thinking apparatus, as his seems to have become clogged with rust.

We believe a small ice plant in this town would be a paying investment. There are hundreds of dollars sent away from here every season for ice which could be kept here.

Several young men at Summerton engaged in the game of "prison base" one evening last week, which resulted in Mr. W. J. Mallow getting hurt so that he has to walk with crutches.

We heard an enticingly moulded widow say yesterday that the young men of this town are exceedingly slow, and then the widowers are not so rapid in action as they are in imagination.

The closing exercises of Oak Grove school will be held on Thursday and Friday evenings May 25 and 26. Dr. Daniel of Columbia will make an address on Friday evening. The public is invited.

We would ask our county correspondents to send in matter, for the past two weeks they have not been doing much for us, and THE TIMES' readers are more anxious to read their letters than they are our editorials.

The council had a liquor selling case before it last Monday but dismissed it for lack of evidence. We do not believe there are any regular blind tigers here, but there is whiskey, beer or malt, selling every Sunday which should have the attention of the authorities.

Died at Camden last Friday night, Mr. W. T. Reddick, a former citizen of this town. The body was brought to Manning and interred in the Strunge family burial ground. Sunday, the deceased was the father of Mrs. T. J. Stukes, and he leaves a widow who is a daughter of Mr. Harvey Strunge.

We direct attention to the page ad. of S. L. Krasnopf the furniture man, in this issue. Mr. Krasnopf appreciates the value of proper advertising and at this season of the year when buying is rather dull, he comes out in an attractive advertisement which will make an impression upon those who are wanting goods in his line.

What has become of Manning's board trade? Surely the business men of this town are not going to throw away this organization because forsooth, the world has not changed its course, and forced the world's business here in a day. No town in this progressive age can make the proper strides if its business men shut themselves up in a shell of selfishness, and that is what we are doing here—shutting ourselves up in a shell of selfishness.

Summerton News.

Editor The Manning Times:

We truly hope this letter will only be held up by the readers of THE TIMES.

About 400 bales of cotton was sold on this market last week, and judging from this we get some of the farmers of this section are short on last year's crop.

"General Green" is being strenuously fought around here, but the constant rains is making the battle a forlorn one.

The mammoth building to be erected for Captain Joe James is to be built of limitation stone. The contract was given to a mechanic from Camden, and the foundation is now being dug. The building is to be 50 by 100 feet, two stories on the ground floor and an opera house and offices upstairs.

The Summerton Mercantile Co. has given out a contract for the building of a large brick store to Contractor Nesmith.

The Summerton Bar is now represented by J. J. Cantey, and W. J. Mulford, Esq., and they are turning out the very best grade of law according to the "Statutes."

Chief of Police E. P. Beisigs, has bought a lot on East Main Street, and contracted with Mr. Nesmith to build him a residence.

There is now nearing completion a tremendous cotton plant here, but as yet no signs of the new spot.

The Town Summerton has an able set of officers, level-headed business men. They have enacted some good ordinances, but like everywhere else, complaints come along too.

There is complaint of a pay license by those who bear the license, and are not getting the protection such a law should give them.

When a town requires a license it should not permit any beating about the bush, but should see to it that those who comply with the law are fully protected.

In a recent issue of THE TIMES it was stated in this correspondence that Mr. J. J. Cantey would be a candidate for Governor next summer.

Mr. Cantey was interviewed today and stated his position as follows:

"I am in favor of the improvement of the farming lands and the condition of the farmers; I believe in a liberal expenditure of public money for better public roads; I favor prison reform in South Carolina; I am opposed to mobocracy and incidentally to lynching; the dispensary system should be better regulated; the bureau of immigration should be encouraged; I do not oppose the Southern Education Board, but on the contrary favor all suggestions which may be of advantage to educational interests; I favor municipal improvement; capital and investments should be encouraged; the strong and most wise white race should assist to uplift the weak and ignorant black race; the supreme court of the United States has decided that this is a Christian nation and I am in favor of a law which will prohibit anyone soliciting adherents to Mormonism or any non-Christian sect; I believe in the 'common' but beating and favor frequent submission of public questions to the people of the State."

New Zion Dots.

Special to The Manning Times.

Notwithstanding the busy time I will send you a few dots.

Rev. J. O. Gough pastor of the Baptist church at Manning visited friends over here, and on his return home carried with him one of our girls, which gave one of our boys the dry grins.

I hope she will return soon.

Go it Pat, keep giving us the news from Alcolu for we enjoy reading your letters. We expect to see the passenger car on the Alderman railroad soon which will be of great convenience to the general public.

Now and then an expression of opinion with regard to the writer "B" reaches me in words like this: "If I could not write no better letters I would quit entirely."

How can I write when there is nothing to write about? Well I pay no attention to these grumblers, they do not subscribe to any paper, but borrow THE TIMES from their neighbors. Let them howl, such cattle are not worth noticing.

The large majority of our people here subscribe for THE TIMES and they appreciate the editor's manly declarations, and earnest zeal for the people's interests. THE TIMES is Appelt, and Appelt is THE TIMES, which cannot be said for all papers.

Butler has made his appearance again and we all welcome his return.

Mr. Editor if you will help me I want to get a position on the changing so that I can live on hams, chickens, eggs, Worcester sauce and other good things. Say do they furnish any beer to wash down all this high living?

B. New Zion May 15, 1905.

Manning, S. C., May 17, 1905.

Two weeks ago the bridges and causeways were washed away on the streams flowing into Ox Swamp and no effort has been made to repair them. Travel is stopped on two roads—the Raccoon road and the new road leading to Jordan and it is impossible to get to Jordan or Davis Station by the public road.

Why have these roads and bridges not been repaired? Were the supervisor and county commissioners drowned when the bridges were washed away?

SCOTT & BOWNE, Chemists 409-415 Pearl Street, New York 50c and \$1.00. All druggists

Letter to Dr. J. F. Geiger.

Dear Sir: But few of the men who sell the hundred different paints in the market know much about them.

All Devco agents have a state chemist's certificate telling just what it's made of; they know a good deal, not only about Devco but the rest; we see they do. We buy every paint that has any sale and analyze it. Our agent finds out all about it.

When we know what paint is made of, we know how it will act; we know how far it goes, and how long it wears. Devco is the standard; call it 100. The best of the rest is about 75; the worst about 25; the rest are between.

But the men who sell them, don't know any better. They know what the maker tells them. That is; they know that he tells them. They don't know whether he tells them the truth or not.

The business is not conducted on knowledge; the less they know, the more comfortable they are.

F. W. DEVOE & CO. P. S. Manning Hardware Co. sells our paint. 60.
