PERVERT NOT THE RECORD.

The readers of THE TIMES will recall the public letter of Hon. R. I. Manning in last week's issue, also our editorial criticism.

After reading Senator Manning's letter we arrived at the conclusion that his position is not original, but on the contrary he echoed declarations formerly made by United States Senator Tillman.

The News and Courier of Sept 1st, in one of its leading editorials, without reproducing THE TIMES criticism in full, but takes from it a short extract, proceeds to argue the "THE MANNING TIMES does palpable injustice to Senator Richard I. Manning."

NEVER A COAT-TAIL SWINGER. The following expression from THE MANNING TIMES does palpable injustice to Senator Richard I. Manning.

United States Senator Tillman rather "tracks in the ruts" of State Senator Manning. Until about two months ago Senator Tillman was laying great stress on the absence of proof of corruption in the dispensary.

Senator Manning, on the other hand, introduced a bill at the last session of the General Assembly, designed to make dispensary frauds impossible. It was predicated, we suppose, on Mr. Manning's belief that corruption had entered the dispensary.

Senator Manning's published letter is what we criticized, to do this, we necessarily had in mind his public acts, and those of others in connection with the dispensary question.

How's This? We offer One Hundred Dollars Reward for any case of Catarrh that cannot be cured by Hall's Catarrh Cure.

THE RAILROAD COMMISSION. Several weeks ago, a number of the citizens of this community filed a complaint with the Railroad Commissioners of South Carolina, as against the Northwestern Railway.

THE SUMMERTON GRADED SCHOOL. Large oaks from small acorns grow, and this maxim can and may be applied with truth to the school system in Summerton.

Twenty years ago Miss Mary Ragin taught the only class of day scholars furnished by the town and this was done in a practically one room cabin.

The graded school of Summerton is the center of a school district, organized under the laws of the State of South Carolina and all the property owners of said district are taxed for the support of the school.

The paramount need of the hour as pertains to the school is a more commodious school building and the question of bonding the school district with this object in view has been discussed with the hope and prospect of a successful result.

Beginning with the 16th day of October, next month, and for one week thereafter, the people of Summerton will give their time and effort and money to the advertisement of their town.
