W. E. Jenkinson Co.'s Linen Department.

This is a department that receives secondary consideration with most merchants, but with us it is one of the most important departments in our store. We doubt very much if you will find a nicer line of Linens in any store in the State than we are showing and at prices much cheaper than you can get the same goods in larger cities.

Nine pure Linen Demask Bleached and half bleached at 50c the yard. The grandest line of Mercerized Cotton Demask, 25c, 35c, and 50c the yard. Pure Linen Demask, 70 inches wide, with Napkins to match at 75c, \$1, and \$1.25 the yard.

A fine line of Turkey Red Demask at 35c, 45c, and 50c the yard.

Our line of Towels contains some of the most marvelous values ever shown in our Linen Department.

Just think of a handsome Linen Huck Towel Hemstitched, 40x20 inches in size, only 25c each, 50c the pair.

A genuine Linen Demask Towel, fringed red and blue borders, 20x45 inches in size, only 50c the pair.

If you need anything in table Linen, Napkins or Towels, cotton or Linen Towels, it will pay you to see our matchless values.

W. E. JENKINSON CO.

Hon. L. M. Ragin of Columbia was in Manning Monday.

Miss Mattie Appelt left last Friday for Chicago College.

Miss Lulye Harvin left last Saturday to take charge of her school in Orangeburg.

Messrs. Joseph and Lucian Nettles of Branchville spent yesterday in Manning.

Miss Burkehead the milliner for the "Mutual" is back in charge of her department.

Mr. P. C. Cochran tells us he had a calf which in nine months old weighed 290 pounds.

Misses Gertrude Bradham and Lucie Johnson left yesterday morning for Greenville Female College.

Mr. E. D. Hodge of Alcolu has moved to Manning with his family to take advantage of our school facilities.

Mr. and Mrs. John K. Bredin of Rock Hill are in Manning visiting their parents Mr. and Mrs. A. H. Bredin.

Mr. C. R. Spott received this morning a very flattering offer to accept the cashiership of the Bank of Kings-tree.

The ladies of the Paxville W. C. T. U. will have an entertainment at the school house Friday 29th. Refreshments will be served.

Miss Nettie Baughman the head milliner, and Miss Maxwell the dress-maker for the W. E. Jenkinson Co. have arrived.

All editorial matter and some communications are crowded out this week, and we will have to add more pages to our next issue.

Died yesterday morning at the home of her mother, Mr. J. S. Ridgeway, Miss Ellen Timmons, aged about 78 years. The funeral took place at Oak Grove this morning.

Is it not about time for the merry-go-round to visit some other town? The monotonous strains of the organ, and the oath-inspiring shrieks of the whistle is not the music to soothe the savage breast by any means.

Died last Thursday night at her home about 7 miles north of Manning, Mrs. Charlotte E. Chandler, wife of Mr. A. H. D. Chandler aged about 71 years. The funeral took place at Hartmoony on Friday 15th. R. L. Grier conducted the service.

One of the most attractive advertisements that has appeared in this paper for some time is that of R. F. Epperson, Pinewood, S. C., advertising the Union Made Carhart's of Hamilton Carhart, Manufacturer, which is the strongest line of its kind manufactured in the United States.

The W. E. Jenkinson Co. have an advertising wagon going through the country to distribute advertising matter. The value of advertising is being rightly appreciated by Jenkinson. It is why he built him from a humble beginning to one of the finest department merchants in the State.

The matter of the Winthrop scholarship examination which was mentioned in our last issue, was reported to Prof. Johnson president of the college, and he replies, by saying that an examination of the papers do not disclose any signs of having been tampered with and that all the papers were regular.

Mr. Jasper King, of the Greelyville section, came near being seriously hurt in a runaway accident in Manning yesterday. He had just traded horses with Mr. Langston, a local trader, and was cautioned by Langston not to attempt to drive him with an open bridge, but Mr. King drove off anyway, and the horse ran away and came near killing him.

O'Donnell & Co. of Sumter, are in this issue with their fall announcement, to which we direct the attention of our readers. This establishment is one of the largest department stores in the State, and thoroughly known to our readers. The head, Mr. Neil O'Donnell, is fully identified with every progressive move in his city and with all our efforts to direct the attention of the interests of the farmers generally.

Through a careless reading of the proof sheets THE TIMES gave out last week that Hon. John L. Laurin had made for him in Manning a saddle costing \$18,000, when it should have read \$18.00. Intelligent readers, of course, discovered the error, but the News and Courier failed to do so, and has made at least two efforts to impress its ignorance or wantonness upon its readers. The saddle is a beauty and one like it in Charleston could not be purchased for twice \$18.00.

There is complaint of the seed cotton law being violated in this county and we have been requested to direct the attention of the county authorities to it. There is a law upon the statute book requiring a license to buy seed cotton, and those engaged in the traffic without a license are liable to indictment. The county supervisor will have issued a warrant against any person he can find out that is violating the law, and we think, that instead of making complaint to us, the complaint and information should be given to the supervisor so that he can take action. The great trouble with these matters is that people are prone to complain and blame the officers, but when they are called upon to aid in the enforcement of law they either know nothing or refuse to come out in the open.

The Mutual Dry Goods Company has recently taken into the firm Mr. J. W. Hinson of Alcolu who bought out the interests of Mr. E. C. Horton. In this day of business activity it takes capital to do business, and Mr. Hinson brings to the concern the additional capital to compete actively in the race for trade. These young men have an excellent stock, they are hard workers, do their own work, have little expense, and therefore are in position to please the trade as to prices.

Best for Children.

Mothers, be careful of the health of your children. Look out for coughs, colds, croup and whooping cough. Stop them in time—One Minute Cough Cure is the best remedy. Harmless and pleasant. Contains no opiates. Sold by The R. B. Loryea Drug Store.

The Panola section, and Clarendon county too, loses a valuable citizen in Mr. John M. Bralford who has moved to Orangeburg to complete the education of his two youngest daughters, and to be with his son who is engaged in the practice of law. Mr. Bralford is one of Clarendon's most successful farmers, and has a most interesting family who will be ornaments to Orangeburg's best society. We can congratulate the city on the Edisto for winning from Clarendon one of her best families.

Rheumatism, gout, backache, acid poison, are results of kidney trouble. Hollister's Rocky Mountain Tea goes directly to the seat of the trouble. It cures when all else fails 35 cents. Dr. W. E. Brown & Co.

The local school opened last Monday morning with the following teachers: Prof. J. C. Daniel, principal; Prof. E. J. Brown, assistant, Miss Lida Scarborough, Nina Riser, Fannie Davis, Octavia Dyer, Katie Plowden, Annie Cunningham, Katie Cornwell. A number of the patrons attended the opening and were made by Professor Daniel, and Mr. F. Earle Bradham. The school starts off under fine auspices, and good results are looked for. THE TIMES regrets his not being able to be present at the opening, but he nevertheless feels a deep interest in the welfare of the school and promises to render what aid he can for its success. The enrollment was 270.

No Unpleasant Effects.

If you ever took DeWitt's Little Early Risers for biliousness or constipation you know what pill pleasure is. These famous little pills cure the liver and rid the system of all bile without producing unpleasant effects. Sold by The R. B. Loryea Drug Store.

It is the little things that count in successful merchandising. A reporter was talking with R. F. Epperson, Pinewood, S. C., the popular merchant why it was that they sold so much of the working clothes manufactured by Hamilton Carhart, Manufacturer. "Because," was the reply, "that firm pays attention to little things. In their apron Carhart's they put four more yards of fabric to the dozen than other makers, and in their waist Carhart's, coats, and shirts they put two more yards to the dozen. They use the non-corroding buckle. They use Blue Line thread for the pockets. All these are apparently trifles, but trifles make perfection, and perfection is no trifle." Mr. Epperson further remarked that they were the only people in Clarendon county who sold the Carhart company's goods.

Always Liberal to Churches.

Every church will be given a liberal quantity of L. & M. Paint. Call for it. 4 gallons Longman & Martinez L. & M. Paint mixed with three gallons linseed oil will paint a house.

W. B. Barr, Charleston, W. Va., writes: Painted Franzenburg block with L. & M. stands out as though varnished.

Wears and covers like gold. Don't pay \$1.50 a gallon for linseed oil, which you do in ready-for-use paint. Buy oil fresh from the barrel at 60 cents per gallon and mix it with L. & M.

It makes paint cost about \$1.20 per gallon. Sold by The R. B. Loryea Drug Store.

Revoke It.

Barkeep, the carnival man, was here Saturday to secure a permit to bring his shows to Manning in November, and we are informed that he succeeded in making the arrangements. If this is true, we develop the reason why experience made it plain that these carnivals have a demoralizing effect upon business interests, and for this reason we think the business interests should be consulted before a permit is granted, the opinion of our merchants that it is damaging, the permit should be revoked. The merchants of this town have only a few months to do a cash business, September, October, November and December, and the authorities should not permit anything to come here which will interfere with their short business season. Some argue that the show people spend considerable money, which we admit, but this money comes from the people who would otherwise spend it with the merchants, who pay taxes, and who are a part and parcel of the town. They say it brings a revenue to the town treasury; this is also true, but while bringing in a few dollars into the treasury, it takes away from the taxpayer as much as it brings in. Besides, coming here in the month of November for a week interrupts one of the most important business months in the year. There will be a few who will gain by the shows coming here, those who have teams and are for driving purposes, the print and fruit shops, the dispensary, the meat markets and restaurants, but the stores will be at a standstill. Therefore, as one interested in the business welfare of this town, we appeal to the council if a permit has been granted to reconsider the same, and notify Mr. Barkout that it is revoked, and as one interested in the morale of the community we also protest against the show coming here. The show we have here last spring after the business season was over, and our merchants felt very seriously its effect, and to now permit the thing to return when the busy season is on, is to our mind, not a wise discretion on the part of those who have been entrusted with the power.

Letter to T. C. Owens.

Dear Sir: A painter complained that our cans are too full, and that it is a waste of money. The painter said to be full, but we have a weakness for full measure. Our gallon contains eight pints, the usual "gallon" is seven. We'll think it over again, but we like a full can. How much short would you take a barrel? Seven gallons would be the proportion. Short-measure suggests that the shortage is probably not in the cheap-est ingredient. Guess we'll stick to four quarts to a gallon, and let it be.

The name to go by is Devoe lead-and-zinc.

Yours truly, F. W. DEVOE & Co., P. S. Manning Hardware Co. sell our Paint.

The man who always stops to think before he speaks, may not say much, but he seldom has to take any of it back.—Somerville Journal.

Another Kick. Why give the communication of Five Voters in your issue of the 13th such prominence? Are you and Five Voters trying to make fun of honest and truthful complaints that are being made about the condition of the roads, and the extravagant and useless work that is being done? I believe Ox Swamp is in bad condition. But I also know there is not enough sand under the bridges to raise the causeway two feet, and we would request the voters to keep quiet about the canal in Ox Swamp. For this reason, our Board of Commissioners have done some very foolish things in the past, and they may now try the canal. And I can safely enter a protest for the taxpayers of the township against cancelling Ox Swamp for the benefit of people that have been trying to cultivate a few acres of swamp lands. I would say to Five Voters, if you have any good roads to your section, insist on the Supervisor to start away from them. Just as soon as he finds a good piece of road he will do something to it, and if he does such work as some he has done in our section, you don't need it. Now, we don't believe in kicking unless we are hurt, and while we are not hurt, we will not kick. We will not kick in the county with sand enough under it to build a causeway one-fourth of a mile two feet high, we certainly have the slackest work that imaginably could be done. We could safely say, and prove it, that for every \$2 that has been spent over here, there has been about 75 cents worth of work done, and some of this has done more harm than good. With all due respect to the Supervisor and the other two gentlemen on the Board, we do not have any objection to work on the roads, or work only impassable places in roads, apply all funds not so used to past indebtedness, and try if possible to get the county out of debt by the time their terms are over. Then, as citizens of our county, help to elect a Supervisor, a live, energetic young man. A man that has shown that he is capable of doing something for himself. Then, and then only can we expect good service for the county. I have no desire to say anything to hurt anyone, but when we see and know that the county funds are being squandered. We know it is time to kick, and kick hard enough, strong enough and straight enough to hit the obstruction, and get it out of the way. A. E. KELLY.

CASTORIA. The Kind You Have Always Bought Bears the Signature of

Marriage Annulled. Mr. O. Levy, as guardian for his daughter Ida, brought suit against J. F. Rhame, Jr., to annul their marriage. Mr. Levy was represented by Messrs. McLendon & Tatum and Mr. Rhame by B. Frank Kelley.

It seems as if both sides were willing for the suit and the issues were referred to T. G. McLeod, Esq., as referee who reported his conclusions of law and facts to Judge Purdy, who has sustained the judgment of the referee and his decree is so timely and full of interest we give it in full:

THE DECREE. This suit was brought by the plaintiff to have a marriage ceremony, entered into between the plaintiff and defendant, declared to be void. All of the issues were referred to Thomas G. McLeod, Esq., who has taken the testimony and has reported his conclusions of law and of fact as some length.

From the nature of this report, and from the nature of the testimony, it will not be necessary to discuss this case further than to say, that if the common sense of people exercised with the performance of the marriage ceremony in this State will not protect parents and infants from entering into hasty and ill considered marriage contracts, the legislature should make some regulations providing a severe punishment for the performance of a ceremony improperly, and throw some protection around the homes of our people, the very foundation of society. The conclusions of and judgment of this court, and the alleged marriage contract sought to be entered into by the plaintiff and the defendant is declared to be that and void; and it is declared that neither of the contracting parties acquired any rights in any manner whatsoever, as to property or otherwise, by virtue of said alleged contract.

This matter is determined by me at Chambers with the written consent of the parties.

R. O. PURDY, Circuit Judge. At Chambers at Sumter, S. C., August 29th, 1905.—Sumter Item.

When You Lose Your Taste. "When people lose their taste," said a physician, "they retain their old likes and dislikes just the same. Miss Smith, for instance, can't tell the savor of roast beef from a fried onion, but she dislikes onions before her taste went, and therefore she won't eat them now. People lose their taste through severe illnesses, and with the loss of taste the loss of smell nearly always goes; hence queer, cruel practical jokes. I know a woman, crucially smelt to whom a pint of onion juice was sent in a cologne bottle. She deluged herself with this onion juice and appeared in a crowded heated ballroom.

To a man without taste or smell all things must be alike, yet old Brownlow won't touch limburger. He says it would make him ill, and probably it would. It is very odd to hear these deficient people praising and condemning food and drink. They do it, though. They do it as heartily as you or I. I have seen old Brownlow send away in disgust a glass of white wine, claiming it was corked, while at the same time he ate calmly an added egg."—Baltimore Herald.

Summerton's Great Week. Summerton, S. C., September 20th.—Special: There is more genuine enthusiasm here right now than ever known before. Everybody is talking about the great "Week of Bargains" to be held here October 16 to 21. Every merchant, in fact, everybody here has gone into this matter with heart and soul and pocketbook. All pulling together and there can be but one result—a tremendous success. The idea of this great "Week of Bargains" is to advertise Summerton. The progress made here in the last year or so is almost beyond belief. New buildings, new businesses, new advantages crop up almost daily. It is the idea of the people here to have a regular Gala Week when good cheer and hearty fellowship prevails to the highest degree. Every merchant here has put in extra stock for this week and the prices will be reduced to the very bottom so as to demonstrate to the people who will crowd here the advantages Summerton offers as a trading place, for both buying and selling. It is a convenient center for people living miles and miles around. The evidence is that there will be a tremendous crowd here for the week of October 16-21, and the residents are all preparing to entertain their relatives and friends. The word on the streets is, "come and meet your friends in Summerton in October."

Open the Schools. The trustees of the various school districts, except Manning and Summerton, are hereby advised to open the white schools in their respective districts Monday, October 2nd, and the negro schools, except Manning, Monday, November 13th.

Our purpose in fixing the above dates, which we think will readily be seen and appreciated, is to avoid having the classes of centers present their claims for approval and payment the same day.

If it is found impracticable to start a school at the time above given, and the postponement is for four weeks it will serve the same purpose.

Hurray! For the People's Tobacco Warehouse. They report all grades of Tobacco selling well and the common grades as high as ever they sold in this State. The bright Smokers and Cutters are strong at good prices, good to fine Wrappers are bringing high prices. The management of the People's Warehouse are wide awake, experienced to give their patrons the benefit of the experience and judgment in getting good prices for all placed on their floor, and they are greatly encouraged both by the large breaks of Tobacco brought them in the past ten days and by the good prices obtained for the Tobacco sold, whole loads of 400 to 1200 pounds having sold for 12 to 15 cents per pound. The opening of this Warehouse can but be conducive to the best interests of the Tobacco growers of this section and the Tobacco planters will be serving their own best interests by joining The People's Warehouse such encouragement as will warrant the management in keeping it open.

Good Tobacco Sale. We have having good breaks of tobacco, and all grades are selling high. We are here to see that the farmers get the highest market prices for their tobacco. Mr. B. C. Dogget sold today on our floor:

Table with 3 columns: No. Pounds, Price, Total. 150...10.25...15 88, 21...12.00...252, 33...12.75...420, 228...16.25...3702, 48...25.00...1200, 4...48.00...192

Average 15 1/2 cents. Bring me your tobacco. CLARK'S WAREHOUSE, R. D. Clark, Prop.

A Card. I desire to state to the trading public that I have sold my interest in the Mutual Dry Goods Co., and take this opportunity of thanking my customers and friends and the public for the patronage they have given me in the past. I want to state also that I have engaged with the W. E. Jenkinson Co., and hereafter may be found there, where I shall be pleased to have my friends call on me, and I shall endeavor to serve their wants and give them the most courteous attention.

Respectfully, EDDIE C. HORTON.
