The Georgetown Centennial, which will take place on December 19th, offers a rare opportunity for many who have never seen that quaint old "City by the Sampit" to catch a whiff of salt air and test the merits of the climate of a region that is becoming famous as a winter

In the court of common pleas at Florence, a jury awarded the Thomas Wilson Lumber Company a verdict of \$1000 damages last Saturday, against the D. W. Alderman Sons Lumber Co. The suit was for \$50,000 for tearing up Clarendon line in Salem.

Clarendon has lost one of its good citizens in Mr. Jesse S. Plowden, who moved to Greenville last week. Mr. Plowden was born and reared in Clarendon and comes from one of our best families. He is an industrious man and a first class citizen in every respect. We wish him much success in his new

ple. The contracting parties were Mr. Elias Audrey, of Georgetown, and Miss Fareedia Courie, of Sumter. The cou-ple are young and have all the appearances of respectability.

Van Amburg's circus presented two performances here last Thnrsdav, and they were pleasing to large audiences. The acrobatic and trapeze artists are as fine as have ever traveled South. Van Amburg gave a good clean show, and as free from fleece-grafts as any traveling. We came in contact with a number of the company and found them a clever lot of gentlemen. Should Van Amburg come here again, we feel

sure he will have even larger audiences. Miss Berta Pringle and Mr. W. C. Johnson were united in marriage at 5:30 o'clock yesterday afternoon at the home of Mrs. W. J. Pringle, the bride's mother, on Kendrick street, Rev. C. C. Brown, performing the ceremony. The marriage was a quiet affair and was witnessed by the family and a few friends. After the ceremony refreshments were served before Mr. and Mrs. Johnson left for Summerton where they will make their home.-Sumter

The people of Georgetown are making laborate preparations for the enterainment of many thousands of visitors at the centennial celebration which will take place on December 19th. Georgetown, the most widawake water port city in the State, is to have a cen-tennial celebration December 19th, and an invitation is extended to everybody to take advantage of the cheap railroad rates to visit a city with a grand historic past and brilliant commercial and industrial future, and a people who are born entertainers. This remarkable "City by the Sampit" within the past few years has shaken off the quaint garments of years gone by and to-day wears the habiliments of sturdiness and hustle-a city which teems with progres sive business men whose idea of the use of money is development. We sincerely thank our Georgetown friends for a special invitation to be present at the centennia: celebration and hope to meet many of our friends from all over the

The Barkout Carnival Company is here with many pleasing attractions. There are about 200 people in the aggregation and they make a genteel appearance upon our streets. They have very fine Italian band, discoursing excellent music, and the tented city presents the appearance of a worthy carnival of pleasure. The attractions are clean and won the admiration of the Married last Wednesday at Mouzons, Married last Wednesday at Mouzous, and Columbia State during the State Fair.

People can have more fun at the "tented city" for the money than anywhere else, so let the crowds turn out and enjoy themselves.

In one of our recent issues we boasted of Manning's cotton market being the equal of any in the State, and we say so ow: but a prominent farmer from the DnRant section, seeing what we had to say about our market, was induced to bring a few bales of the staple, striking he town when the market was see-saw ing, and, unfortunately for him, he sold at the lowest price for the day. When he reached home that night he found that a neighbor had sold cotton the same day in Sumter for a quarter of a This made him sore on us cent more nowadays.
