Communications must be accompanied by the real name and address of the writer in order to receive attention.

No communication of a personal character will be published except as an advertisement.

Entered as the Postoffice at Manning as Second Class Matter.

THE PEOPLE SHOULD THINK AND ACT.

There is altogether too much apathy on the part of the people with regard to our political affairs. There must be a cause for this, because the rule has been that people were anxious to know who would represent them in the law-making body of the State, but this year they will not interest themselves sufficiently to make the effort to induce the proper material—men that are not political time-servers who become candidates to gratify cheap vanity, but men who are public spirited and are always identified with those things which look to the betterment of the peoples' condition—the class of men who can be counted upon, to aid in a movement for the general good, and which requires sacrifices both in time and money, are the very class that should be invited into the field of political action, especially when the conditions are as now.

We want those who are advocating the State dispensary to tell the people why it is that so many of the public schools had to close earlier this year for a lack of funds. Where did the money go? Then let them explain why it is that with the large increase of funds into the treasury from the liquor sales, the taxes are higher now than before the dispensary was established. These are questions which are of interest and which the public should know.

The time is at hand when men should be chosen to represent a people, not because of personal popularity—a personally popular man may make himself agreeable with his neighbors and be totally unfit for legislative duties. Do not select a man to vote for because you like him, or because he happens to be a neighbor or a jolly good fellow, but make your selection of a man whom you believe is qualified to meet the present conditions even if you do not fancy him personally.

The Cotton Trade Journal, published in Savannah, Ga., of June 30, says Harvie Jordan has organized a \$15,000,000 company to be known as the "Cotton Stalks Product Company." As we understand it, this company proposes to utilize cotton stalks for the manufacture of paper, thus making an additional market product for cotton growers. The Journal, however proceeds to skin Jordan for the organization of this company, but then the Journal has always leaned towards the cotton bears, and has not given Jordan's cotton association much aid. We shall wait for further developments before we can say whether the stalks concern will help the cotton farmer. At present it looks favorable.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment, proved that it was a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials to F. J. CHENEY & CO., Toledo, O. Sold by druggists, 75c.

The suggestion has been made, and under present conditions, we think it warranted, that candidates for the Senate and Lower House of Representatives be required to state distinctly their positions upon the liquor question, and the best way to do this, in our opinion, is over their signatures in the county newspapers. It is deplorable that circumstances demand a plain straight forward avowal upon this question, but the condition is here, and no candidate for the general assembly should be permitted to side-track it. The reason for this requirement is clear. The next general assembly will have to settle the liquor control system in some way, and every man who aspires to represent the people should make his position known in a manner that he cannot be misunderstood. Therefore we say, as a matter of fairness, every candidate for legislative honors should publish a statement of his position, that the people may read it at their leisure, in their homes to enable them to reach a conclusion. Some may contend it is sufficient for a man to state his position on the stump. We do not think so, because at the meetings there is but little time given for speeches, and necessarily the speakers cannot make themselves as explicit as they should, and then too, it leaves room for misunderstanding and wrong construction.

kind of man needed. He is the man who will put our affairs upon a business basis, give our schools a boost, legislate for road improvements and give us a financial system which will insure an economical administration of public affairs, and bring the country out of the slough of despondency.

Senator Tillman made himself popular with the masses by defying the politicians. He did this in the State, and he followed the same course in the United States Senate, but those who ape him have made a miserable failure of the job. Why? They were not sincere, and were merely place-hunters seeking to take advantage of the popular breeze. Tillman has more respect and confidence in those who honestly differed from him on various questions, and who gave him credit for those things they believed right, than he has for the sycophants who sneeze when ever he takes snuff merely for personal advantage. We know of men who hate Tillman like they do a rattlesnake, but when they are seeking office they hold him up as their political god. Such are of the "git thar Eli" mould, but they do not last always.

If Georgia and North Carolina can successfully conduct a dispensary system by county control, why cannot South Carolina do likewise? The county dispensaries in both of our adjoining States have been conducted under the local option system, for a number of years without scandal, but South Carolina has a State system which is reeking with scandal.

Dr. W. H. Woods and Mr. D. E. Turbeville spent a few days of last week in Sumter. Miss Julia Benton is visiting relatives at this place. Mr. R. F. Morris has accepted a position with Clark's Warehouse in Manning and will leave on or about the 15th to begin his work there.

Misses Rosa Coker and Linda Turbeville are visiting their friend, Miss Lucy Hicks, at New Zion.

Rev. L. L. Bedenbaugh, who for sometime has been unable to preach on account of ill health, again occupied the pulpit at Shiloh and Nazareth Sunday.

The Manning base ball fans over here are sick and sore. It seems to us that the Manning team would make a mistake and win a game sometime. Probably it is due to too many mistakes already that causes them to loose so often. They should have Morris, our crack pitcher on their pitching staff.

It has caused more laughs and dried more tears, wiped away diseases and driven away more fears than any other medicine in the world. Hollister's Rocky Mountain Tea 35 cents. Tea or Tablets. Dr. W. E. Brown & Co.

Mr. Walter Lee of Timmons-ville and Mr. Tredway of the same place visited our section last week looking after the tobacco crops. So were Messrs R. D. Clark and R. D. Cottrhan here on a tour of tobacco inspection. All of these tobacco experts report the tobacco crop heavily damaged.

Miss Janie McIntosh is visiting relatives here. I have recently heard some of our population longing for a visit from Miss Mollie Kennedy of Manning to this place, she is popular here, and a visit from her has not been booked, we hope she will not disappoint these chaps.

Misses Marion Hicks and Lily Lavender of this place, and Miss Itasca Turbeville, of Turbeville, are doing a noble work; they are going about visiting the sick, and taking with them those things which cheer the sick, and give him hope. They are laboring in a holy cause.

Dr. Hagood Woods made a flying trip to Sumter last week. The W. O. W. Camp No. 320 was installed last Thursday night, Mr. Watson of Darlington, and W. Jasper Turbeville of Turbeville officiated. It was a hot time.

The young men here got a scare when they read Buster's letter from Pinewood mentioning Miss Pearl Whittle, and which spoke of her as Mrs. instead of Miss. These fellows thought she had gone and done it sure, but they know better now, and put the blame on your type setter. We all look forward to Buster's letters with much concern and interest. He gives us so much interesting news in a breezy style.

There was a picnic at Gibbon's mill Friday, it was enjoyed by those who attended, but the crowd was not as large as was expected owing to some confusion in the date. There was present two prospective candidates, but no speeches were made, for all of which let us be thankful.

A Fine Opportunity for a Young Man. The University of South Carolina offers scholarships in the Normal Department to two young men from each county. Each scholarship is worth \$40 in money, besides remission of \$40 tuition and \$18 matriculation or "term" fee. The money is paid at the rate of \$5 a month for eight months, to assist in meeting the necessary living expenses.

Now is a Specially Favorable Time for Getting Rid of Catarrh. At the season of milder weather it is now at hand, if you have Catarrh or Catarrhal disease take advantage of this more favorable season to rid yourself of this stubborn and dangerous disease. If the trouble has set up a little since the cold weather has ceased, do not imagine that the unwelcome visitor has packed his baggage and is about to leave for good, for you will soon find that he is still in business at the old stand.

Turbeville Sparks.

Editor The Manning Times:

It is a certain fact that Turbeville is to have a bank in the near future. One has been needed here for sometime and we are glad that such is to be had, for with a good bank here the place will begin to grow more rapidly. The capital stock is \$150,000, and Mr. D. E. Turbeville who is working it up, has already secured the greater number of shares. A brick building has been planned and it will be sometime before it will be opened up for business.

We still continue to have rain and the crops in this section are looking bad from so much of it. Some of the corn and cotton has taken on a reddish tint, but the grass still holds its own.

Mr. F. W. Truluck, the noted and popular singing master, was seen here last week trying to work up a singing school at this place. Mr. Truluck has taught here before and we would be glad if his services could be procured again, for he not only has a splendid voice but is a competent teacher.

Miss Pearl Whittle has left for the summer. Before returning she will visit at Pinewood, Saluda and Bishopville.

Dr. W. H. Woods and Mr. D. E. Turbeville spent a few days of last week in Sumter.

Miss Julia Benton is visiting relatives at this place.

Mr. R. F. Morris has accepted a position with Clark's Warehouse in Manning and will leave on or about the 15th to begin his work there.

Misses Rosa Coker and Linda Turbeville are visiting their friend, Miss Lucy Hicks, at New Zion.

Rev. L. L. Bedenbaugh, who for sometime has been unable to preach on account of ill health, again occupied the pulpit at Shiloh and Nazareth Sunday.

BOGER at the Manning Times office and secure a free trial treatment. The regular size packages sell for \$1 and contain a whole month's treatment.

Summerton News.

Special to The Manning Times:

Dr. G. W. B. Smith and Miss Glessner Kefauver of Hagerstown, Md., were married at the bride's home 28th inst. Miss Kefauver is a charming lady and made a host of friends here while she was in charge of the Summerton Mercantile Co.'s millinery department. The couple will locate in Greenville, where Dr. Smith will practice his profession.

The Summerton graded school elected the following faculty: Professor H. A. C. Walker, principal. Teachers, Misses Lida Scarborough, Cora Collins, Minnie Burgess.

The project to invite Senator Tillman and Col. Lumpkin to speak here, I think will be called off, as the executive committee has already invited them to Manning.

N. B. Truth, St. Paul, June 31, '05.—I've lived so long, I remember well when the Mississippi was a goodly stream. My good health and long life came by taking Hollister's Rocky Mountain Tea. 35 cents. Dr. W. E. Brown & Co.

STATE OF SOUTH CAROLINA,

County of Glarendon,

By James M. Windham, Esq., Judge of Probate.

WHEREAS, Viola Lackey made suit to me, to grant her Letters of Administration of the estate and effects of Milton H. Lackey.

These are therefore to cite and admonish all and singular the kindred and creditors of the said Milton H. Lackey, deceased, that they be and appear before me in the Court of Probate, to be held at Manning, S. C., on the 14th day of June next after publication thereof, at 11 o'clock in the forenoon, to show cause, if any they have, why the said administration should not be granted.

Given under my hand, this 29th day of May, A. D. 1906.

JAMES M. WINDHAM, Judge of Probate.
