GIVE US A MODERN SCHOOL BUILDING. A visit to our local school will satisfy anyone that the buildings are entirely inadequate, and unsuited to the health and comfort of the attendance. This town needs a better building, and it should have it; smaller towns than this are being bonded in order that their children may have a comfortable place to attend school.

MONEY NOMINATIONS BAD INVESTMENT. The election of the Democratic State ticket in New York with the exception of Hearst the nominee was a knock-out by the convention manipulators who forced the man on the Democratic ticket over the protest of a strong minority. This minority charged that Hearst bought his nomination, and it would not stand for it.

THE ORDER OF THE PRESIDENT DISMISSING A BATTALION OF NEGRO TROOPS FROM THE ARMY IS MEETING WITH APPROVAL FROM ALL SOURCES EXCEPT AUNT HAGER'S CHIL'DN. President Roosevelt is in Panama inspecting the "big ditch." If anybody can make the "dirt fly," it will be Teddy, we are sure.

THE COMPTROLLER GENERAL IS AFTER THOSE LIABLE TO THE INCOME TAX. Clarendon was reported as not having any liable to this tax, but Comptroller General Jones thinks differently. The indications are that Hon. R. S. Whaley of Charleston will be the next Speaker of the House of Representatives.

WHEN THE LEGISLATURE MEETS THERE WILL BE A BILL INTRODUCED TO "JIM CROW" THE STREET CARS IN THIS STATE. The demand for such legislation is becoming greater every year. We see no reason why there should not be a separation of the races on the street cars as well as the railroads.

THE QUESTION FOR THE LEGISLATURE TO SOLVE AT ITS NEXT SESSION WILL BE TO FIND A SYSTEM OF LIQUOR CONTROL THAT WILL ABOLISH THE STATE DISPENSARY AND HAVE NOTHING TO TAKE ITS PLACE WILL LEAVE things in a chaotic condition and be more damaging than the present unsatisfactory condition.

IF, ACCORDING TO THE REPORT OF THE STATE DIRECTORS, THERE IS \$400,000 DUE THE SCHOOL FUND FROM LIQUOR PROFITS, IT DOES STRIKE US THAT MORE MONEY SHOULD BE TURNED INTO THE SCHOOL FUND than the little dribbles now being paid in. There should be some way to force those in authority to place this money where it rightly belongs. The schools are needing it now.

WELL SPOKEN. Governor D. C. Heyward has delivered many speeches since occupying his high position, but his recent address before the immigration conference at Nashville put the others in the shade. He covered the conditions existing in the South, and unlike the usual orations of those whose stock in trade is demagogism, he pointed out the evils, and suggested the remedy. Governor Heyward did himself and his State proud at this conference. His speech is calculated to attract the attention of those who have the country's interests at heart, and what he said with regard to the negro will have a tendency to inspire confidence in that race, it will appeal to the common sense, and cause those of intelligence to ponder upon his words.

THE GALA WEEK FESTIVITIES IN CHARLESTON WERE INDEED A CREDIT TO THE ENTERPRISE OF HER PEOPLE. A gentleman who has traveled much, and has attended the great fests of the country remarked to the writer that "Charleston's floral parade exceeded anything of the kind he had ever seen on this side of the Atlantic. We saw the trades display and it was good, but better still there was a large crowd of people, in the best of humor, and all sing-

ing Charleston's praises. The city was nicely decorated and the absence of extortion was a noticeable feature. In our opinion the State agricultural society might do well to have the State fair in Charleston say every other year. The last State fair was a harvest for grafters, people were victimized right and left, high prices and poor returns was the general order, and the authorities are held responsible for it. In Charleston there was room for everybody and the people in that city treated their visitors as if they wanted them to come again.

THE IDEAL FAMILY LAXATIVE is one that can be used by the entire family, young and old, weak and strong, without any danger of harmful effects. It should have properties which insure the same dose, always having the same effect, otherwise the quantity will have to be increased and finally lose its effect altogether. These properties can be found in that old family remedy, Brandreth's Pills, because its ingredients are of the purest herbal extracts, and every pill is kept for three years before being sold, which allows them to mellow. We do not believe there is a laxative on the market that is so really made.

THOSE OPPOSED TO THE IMMIGRATION MOVEMENT TOOK MUCH SATISFACTION FROM THE INCIDENT AT DARLINGTON WHEN THOSE TWENTY IMMIGRANTS REFUSED TO STAY, claiming that they were victims of misrepresentation. There was a misunderstanding with these people evidently, but while they refused to stay in Darlington they have since been placed, and up to now they seem to be satisfied. If we are to make a success of this movement, those being induced to come here must not do to represent conditions better than they are, and we are sure our State Commissioner would not do so, but it is possible that some of his agents, in order to make a good showing, painted things in brighter colors than the immigrants found upon landing, hence, this disappointment. We think, out of such a large number brought over, so few being dissatisfied is encouraging, for we believe that out of the same number of Americans taken to another portion of the country there would be a greater proportion of discontent. The immigration movement has started off well and it will not be long before the opposition will be converted. We yet expect to see the "Barnwell People" championing the cause.

THE NEW PURE FOOD AND DRUG LAW. We are pleased to announce that Foley's Honey and Tar for coughs and colds and lung troubles is not affected by the National Pure Food and Drug Law as it contains no opiates or other harmful drugs, and we recommend it as a safe remedy for children and adults.

IT TO EXCEPT EXPORT COTTON RATES FROM THE GENERAL PROVISION OF THE LAW FOR THIRTY DAYS NOTICE OF A CHANGE IN RATES, ON ACCOUNT OF THE PECULIAR CONDITION EFFECTING THE EXPORT COTTON BUSINESS OF THE SOUTHERN PORTS. At the solicitation of the roads of the South, under the lead of the Southern Railway, the Commission made an order permitting the old practice to continue until November 1. That order has not been extended and the Commission has no present purpose of extending it. It is feared that the result will be to greatly injure the export business of the Southern ports and to favor those of the North Atlantic, especially New York. If this is the case it will be pointed to as an illustration of the danger of conferring on a political commission at Washington power to divert commerce from one section of the country to another, a power which some of the advocates of the Hepburn law contended was not contained in it, but which seems to be there to some extent at least.

A GOOD RECORD. Out of all the external remedies on the market we doubt if there is one that has the record of that world-renowned plaster—Alcock's. It has now been in use for sixty years, and still continues to be as popular as ever in doing its great work of relieving our pains and aches. It is the remedy we all need when suffering from any form of ache or pain resulting from taking cold or over-exertion.

AN UNLUCKY SHIP. She Achieved the Grandest Exploit in Naval History. The Bonhomme Richard was a lucky ship. Paul Jones himself on taking command of her at Lorient, France, wrote a most doleful letter about her to one of his aristocratic patronesses in Paris. She was "a worn-out old Indian," and "her forecastle is a hovel." "Fortunate forecastle languages are spoken in my forecastle," said Jones, dismayed at the appearance of his motley crew.

'The Best is the Cheapest' Isn't True

of everything; but it's true of Clothes. All-wool fabrics wear longer, keep shape better, hang better, and fit better than "mercerized-cotton" fabrics; and these are the things you want your clothes for.

All-wool clothes will cost you more than part cotton, of course; the point we make is that even at the higher prices they're cheaper.

It is a real economy to buy a Hart Schaffner & Marx suit, and pay \$18. or \$20., or \$25. or even more, instead of putting \$12. or \$15. into a suit that's made of a "mercerized-cotton" fabric which will fail absolutely to do the things you expect of your clothes. You may save a few dollars; but you lose money in the end by buying such clothes.
