The condition of affairs in the State dispensary is making some of its staunch supporters fear the consequences.

If the statement of the Washington correspondent of the News and Courier is correct, Senator Latimer is now squarely up against it, because he went to President Roosevelt and told him he agreed with him and endorsed his action in the Browns-ville affair.

There is a committee now in charge of the investigation of the dispensary of the matters brought to light by the letter of Commissioner Tatum, and everybody is impatiently awaiting the result.

There is no truth in the report that Tillman expects to capture the Republican nomination for Vice president.

It will be remembered when Hon. Jno. L. McLaurin declined to go into caucus under the leadership of J. K. Jones, he was stigmatized by Senator Tillman as a traitor to the Democracy.

party was divided upon, was wrong, and for which he should have been repudiated by his party, how does Tillman stand?

Clemson College invited the General Assembly to pay the institution a visit on the 26th. We voted against accepting the invitation, because that day belongs to the people and they have a right to expect their Representatives to remain at their posts to attend to the public business, and not be junketing over the country on pleasure trips.

In her last novel, "The Dream and the Business," Mrs. Craigie I regret to note, uses the expression "side whiskers."

"To enjoy freedom from chilblains," writes John Kemp, Past Outfield, Me., "I apply Bucklen's Arnica Salve. Have also used it for salt rheum with excellent results."

Editor The Manning Times: Mr. J. D. Munn of Lucknow visited here last week. Miss Alma Broadway of Shiloh visited her friend Miss Minnie Turbeville last week.

Where His Went. Bacon—They say a man's first \$100 is the hardest to get. Egbert—Well, I don't know about that. I know a fellow got mine easy enough.—Yonkers Statesman.

Always to be Depended Upon. When a person gets up in the morning with dull headache and a tired, weary feeling, it is an almost certain indication that the liver, or bowels or both, are decidedly out of order.

A Card. This is to certify that all druggists are authorized to refund your money if Foley's Honey and Tar fails to cure your cough or cold. It stops the cough, heals the lungs and prevents serious results from a cold. Cures in grippe, coughs and prevents pneumonia and consumption. Contains no opiates. The genuine is in a yellow package. Refuse substitutes. The Arant Drug Co.

Side Whiskers. "The Dream and the Business," Mrs. Craigie I regret to note, uses the expression "side whiskers." The redundant "side" is to be found also in Meredith, Dickens, the greater Richardson, Bronte, Caine, Corelli, Sims and Shorter. As a matter of fact, unless otherwise stated, the least intelligent reader would take it for granted that the whiskers were worn on the side of the face, as indeed is the usual practice. The terms "lip whisker" (mustache) and "chin whisker" (beardette) are Americanisms.—Pall Mall Gazette.

How to Cure Chilblains. "To enjoy freedom from chilblains," writes John Kemp, Past Outfield, Me., "I apply Bucklen's Arnica Salve. Have also used it for salt rheum with excellent results."

Hard Luck. "Why does Baron Hoffman look so dejected lately?" "Haven't you heard? He married a rich widow not long ago, and now a banker has absconded with all her money."—Meggendorfer Blatter.

In Egypt the cat was sacred to the moon, and when a cat died its master shaved off his eyebrows in sign of mourning. Danger in Asking Advice. When you have a cough or cold do not ask one who is well and good for it as there is danger in taking some unknown preparation. Foley's Honey and Tar cures coughs and colds and prevents pneumonia. The genuine is in a yellow package. Refuse substitutes. The Arant Drug Co.

A Good Patient. First Physician—Has he got an hereditary trouble? Second Physician—Yes. I hope to hand his case down to my son.—Harper's Bazar.

It is well for one to know more than he says.—Plautus. Disturbed the Congregation. The person who disturbed the congregation last Sunday by continually coughing is requested to buy a bottle of Foley's Honey and Tar. The Arant Drug Co.

Where His Went. Bacon—They say a man's first \$100 is the hardest to get. Egbert—Well, I don't know about that. I know a fellow got mine easy enough.—Yonkers Statesman.

Uncharitable. "Is she a charitable woman, willing to give relief?" "No. She's the kind that never gives even a sign of relief."—New York Times.

Cared Lung Trouble. It is now eleven years since I had a narrow escape from consumption, writes C. O. Floyd, a leading business man of Kershaw, S. C. "I had run down in weight to 135 pounds, and coughing was constant, both by day and night. Finally I began taking Dr. King's New Discovery, and continued this for about six months, when my cough and lung trouble were entirely gone and I was restored to my normal weight, 170." thousands of persons are healed every year. Guaranteed at The Arant Drug Co.

Just Like Him. The Rev. Walter Colton, author of "Ship and Shore" and other books, gave a most forcible illustration of the character of an officer on board the ship to which he was attached as chaplain. The officer was always meddling with other people's business and was seldom in his own place. Consequently he was most unpopular with the sailors. One of them, headed to unusual irritation, said one day, "I do believe that at the general resurrection the lieutenant will be found getting out of somebody else's grave."
