We Want Our Share and We Must Have It.

We have the largest and best crop of it is a foregone conclusion that the farmers will get the best prices they have course this will mean that they will need lots of Dry Goods as they were not able to get anything last year We

We want our share of the trade and must have it, and the way we propose to get it is to be up and doing. Eternal pushing is the price of success.

## You Are Being Watched.

From the Carolina Spartan, which week after week contains some of the most able, thoughtful and philosophical editorials that come under our observation

we cull the following gem: Unless you turn hermit and go out and live in a hollow tree or a gully, someoody is always watching you. It is not idle curiosity that prompts them to do so, but the scrutiny of your life and conduct is caused by a desire to use you in their business or to contribute in some way to your welfare. # Loved Colored Girl.

Blacksville, S. C., July 8 .- Further the white people of Manning will come report which had been circulated about forward and help this unfortunate man. Billings' conduct with his chambermaid, a neat colored girl, who had been in his employ for several years. The story was generally reported on the minister recently, but the positive proof of the charge was not secured till etters by the preacher, which were read at the church conference yesterday, to the negro girl, who had fled to Bamberg, S. C. cleared away the least vestige of doubt and made those who had been the preacher's friends shud der with the horror and debasement of his conduct, the like of which was

never before known in this community. These letters addressed to the negro girl at Bamberg told, in many terms of endearment, of the love the minister bore for her, that he could not live without her presence, and that in order to be with her at all times he would leave his home, his wife and bis friends, and go with her even to death. Before coming to Blackville Billings

preached at Waynesville, N. C., Tim-monsville, Paxville and Walterboro, S. C., and other places. Reported trouble of a nature similar to that here was circulated on the man at Waynes-
