Builds up waste tissue, promotes appetite, improves digestion, induces refreshing sleep, gives renewed strength and health, that's what Hollister's Rocky Mountain Tea does. 35c. Tea or Tablets. Dr. W. E. Brown & Co.

THE TIMES editor makes a special request that correspondents will send in their matter for the paper early so as to insure its publication. As is known the editor after this time will be in Columbia, and he will be unable to give the readers the county news matter unless the correspondents aid him.

Possesses wonderful medicinal power over the human body, removing all disorders from your system, is what Hollister's Rocky Mountain Tea will do. Makes you well, keeps you well. 35c. Tea or Tablets. Dr. W. E. Brown & Co.

Mr. Bruce W. DesChamps has been appointed magistrate at Pinewood in the place of A. P. Ragin. Resigned. This appointment was made upon the recommendation of the delegation, and it is hoped that Mr. DesChamps will exert his power in enforcing the law, and that the people of the Pinewood section will have no reason to complain.

Do you have backache occasionally, or "stitches" in the side, and sometimes do you feel all tired out, without ambition and without energy? If so, your kidneys are out of order, take DeWitt's Kidney and Bladder Pills. They promptly relieve backache, weak back, inflammation of the bladder and kidneys. Sold by W. E. Brown & Co.

It is very important, and in fact it is necessary to health that we give relief to the stomach promptly at the first signs of trouble—which are belching of gas, nausea, sour stomach, headache, irritability and nervousness, these are warnings that the stomach has been mistreated; it is doing too much work and it is demanding help from you, take something once in a while; especially after meals; something like Kodol for dyspepsia and indigestion. It will enable your stomach to do its work properly. Sold by W. E. Brown & Co.

Manning losses from her mercantile interests Mr. W. G. King, who is no longer connected with McLeod, Wilkins, King Co. Mr. King has decided to move to Spartanburg, and his decision will be regretted by many especially the farmers throughout the county. He had much to do, in fact, we think he was one of the best business men for Manning being a good cotton market. He was always an active buyer. Mr. King has been in the mercantile business in Manning a number of years. He has plenty of energy and his new field will give his business plenty of room to develop, and we expect to hear that he has made a success in Spartanburg.

If a cough once gets into your system it acts on every muscle and fibre of the body and makes you ache all over. It especially affects the intestines and makes you constipated, so in order to get rid of a cold thoroughly and without delay you should not take anything that will tend to constipate, Kennedy's Laxative Cough Syrup acts upon the bowels and thereby drives the cold out of the system, it contains no opiates—it is pleasant to take, and is highly recommended for children. Sold by W. E. Brown & Co.

Under the present dispensary law there is a greater profit going to the people than under the old law. For the last three months of 1907 the \$3,748.74 divided between county and town, nothing going to the schools. The last three months of 1907 there was turned into the treasury \$7,358.45 divided equally between county, town and schools. The schools of the county get \$1,814.37, the county gets the same, thus showing under the present law, the county and schools gets two-thirds of the dispensary income and the town one-third.

THE TIMES editor will be in attendance upon the legislature before our next issue appears, and in order that the paper may be kept up to its high standard, Dr. A. S. Todd, well known to the people of Clarendon, has kindly consented to take editorial charge of THE TIMES. We feel proud of having been able to turn THE TIMES over to a man of Doctor Todd's ability. He is a newspaper man, in every sense of the word, and our readers will enjoy his editorials. The editor's usual capitol correspondence will appear in these columns every week after the legislature gets under way, and elsewhere our friends in Manning and elsewhere to aid Dr. Todd with any news items they may be able to find. He will appreciate it, and so will we.

An exhibition of the "manly art" was given in Manning last Friday night in the Institute hall, by Pete Voorhees and Bob Caine. The prize fighting business has been outlawed, and as a substitute, athletes have put up wrestling exhibitions. The performance last Friday night is said to have been good. Both men are giants in strength, and the art of wrestling is a science with them. The contest was for Voorhees to throw Caine twice in one hour which he failed to do when time was called, therefore Caine was declared the winner. The writer did not attend the match, but is informed that the affair was conducted in decency and order, and there was nothing to be disappointed of. Those people who admire the physical development of man had an opportunity at this exhibition to realize what training can do.

When you want the best, get DeWitt's Carbolyzed Witch Hazel Salve. It is good for little or big cuts, boils or bruises, and is especially recommended for piles. Sold by W. E. Brown & Co.

The county commissioners held their regular monthly meeting last Saturday at which the Representatives, with the exception of Mr. Scarborough were present. Several recommendations were made by the delegation, which will be taken up by them at their first meeting in Columbia. Among the recommendations offered by Dr. C. B. Geiger of the board, was the abolishing of the magistrates offices at Pinewood, Forest and one in Salem. Doctor Geiger views these offices as unnecessary, and thinks they should be abolished as a matter of economy; the Supervisor however does not agree with the Doctor, and thinks that there are more important places to retrench than in the magistrates offices. It is our judgment that the books of the county commissioners, school commissioner, auditor, sheriff and treasurer should be investigated by an expert accountant to ascertain the exact financial condition of the county, and then when that has been done arrangements should be made to put our county management upon a cash system. It is a difficult task to know just how to legislate for a county when its financial liabilities are not known.

Special Teachers Examination. A Special Teachers Examination will be held in the court house at Manning on Friday the 17th day of January 1908 from 9 a. m. to 4 p. m. Applicants will please govern themselves accordingly. S. P. HOLLADAY, County Supt. of Education.

This morning between 8 and 10 o'clock Willie Herbe, a trusted colored man, in the employ of W. P. Hawkins & Co. scarcely over 25 years of age, committed suicide by shooting himself in the head above the right ear. Herbe had the full confidence of his employers, and for the past few days it was seen he had been drinking something unusual with him. On yesterday he accosted Mr. Hawkins in a penitent mood, and asked his forgiveness for his conduct, saying that he would rather die than go to prison. He then produced a pistol shot was heard in the back of the building, Mr. Hawkins told his son Algie to go and see what was the matter, Algie went back and as he went to go out of the side door into the stable, he found Herbe lying in the door way, on his back with the pistol to take his life no one knows, he was well behaved, attended to his business and was faithful to his employers. His tragic end is generally deplored.

Innocent Men Defy Persecution. We would not do a man an injustice knowingly, and of course, it is right to allow the use of these columns to any man who feels aggrieved at anything which may have appeared therein, hence we publish a letter of Mr. A. P. Ragin of Pinewood. It will be remembered there appeared in THE TIMES a mention of a rumor that a magistrate of this county would be reported to the grand jury and to the governor for grave charges, then later there also appeared in the columns a report of the magistrate at Pinewood having been waited upon by citizens and his resignation demanded, still later, we reported the resignation of Mr. Ragin, it was also reported to us that Mr. Ragin would be reported to the grand jury, and to the governor if he did not resign; these were legitimate news items about a public officer, and we produced them as such without any personal feeling in the matter.

Our comment in which we held the powers of Pinewood responsible for Mr. Ragin being their magistrate was entirely impersonal, they are responsible because they are supposed to know all about any man they may choose, and if they put into office a man who is displeasing to them they can only blame themselves. In the case of Mr. Ragin they, as we said in one of our issues, knew the man, his character, habits and qualifications, and when they selected him, it was an acknowledgment of his character, habits, and qualifications. We always deplore matters of this nature, especially so, when the party affected is regarded by us as a political friend, but we cannot permit our political or personal friendships to stand in the way of our public duty, and whenever an officer is reported to us, we shall not screen him because perhaps he is a political supporter. The public service must be considered first, in the case of Mr. Ragin, if an injustice has been done him, the people of his immediate community are alone responsible, not us, if he is innocent of the complaints against him, then we regret he did not have the manhood to stand up for his rights. If he is innocent, and proved it to us we would have stood by him to the last, or even had he showed a disposition to exonerate himself, we can assure him and his friends that Governor Ansel would not have named his successor with our approval, and without our approval no appointment would stand. But Mr. Ragin resigned, threw up the sponge without a struggle, innocent men, when their characters are in question should not act that way.

A little Lobster Salad. Terrapin, and other things, And in a very little while, A doctor's phone bell rings. The terrapin is on your feet, The lobster's found his claw, And judging from the inner man Their's is the Unwritten Law.

The case is quickly diagnosed As inside information, On how a lobster and terrapin Can raise so much sensation.

The trouble found, it was the thing To furnish quick relief, And the way Rydale's Stomach Tablets accomplish this, Was simply beyond belief, Dr. W. E. Brown & Co.

Result of Recklessness.

There came near being a very fatal accident in Manning last Friday afternoon, as it turned out three men were hurt, the fire engine damaged, and a splendid horse ruined. Chief S. L. Krasnoff and Mr. S. W. Barron of the fire department, concluded to give the fire horses exercise. Mr. Krasnoff mounted the seat and Mr. Barron the rear step. At the order of the chief, the engine house doors were thrown open, and out came the horses under whip at full speed; a cow happened in the street and Mr. Krasnoff in trying to avoid the cow, miscalculated the turn at the corner with the result that the ponderous maddness rate of speed, turned over, and it was a little short of a miracle that Messrs. Krasnoff and Barron were not crushed to death beneath it. As it was, Krasnoff got his back badly wrecked, and Barron his face cut. The engine was damaged after the horses were extricated from the overturned engine one of them from fright and excitement became unmanageable. Mr. W. P. Hawkins and Willie Herbe, both accustomed to quiet the animal but could do nothing with it. Mr. Hawkins was severely hurt by the excited animal's pawing.

It is to be hoped our over-zealous firemen will not undertake to come out of the engine house again at a break neck speed. There is no necessity for it, in the first place, and then no one should be allowed to drive the engine except one who thoroughly understands driving. All of us regret the accident that befell Messrs. Krasnoff and Barron, but they had no right to jeopardize their own lives and that of other citizens by such reckless driving.

We understand that Chief Krasnoff offered to pay for the damage done to the engine but we hope he will not be allowed to do so, as his public spirit would be little appreciated by our citizens if they permitted him to pay for this accident.

Pinewood, S. C. Editor THE MANNING TIMES. Dear Sir: In the last issue of your paper appeared a most uncalculated article. I challenge you to produce your committee or delegation of citizens that endorsed my resignation, the request to resign. You mentioned that the people at this place knew me and my character. I say so, and for once, I fervently answer, I am more than proud they do. For the handsome endorsement of me as an officer accompanying my resignation now in the hands of his Excellency, the Governor, will show. No thrust at me by you can reach and harm me with those who best know me. Your piece directed to my many friends who endorsed my administration. And I will just say right here, their friendship and honest endorsement will more than suffice for any attempted wrong made by you. I think of all men you should have been the best last man to do an injustice, but such is life. In regards to my resignation, it had been my intention to do so January 1st, for several months previous, as several gentlemen at this place will bear me out. If necessary I can produce their certificates, but my enemies beat me to the home base—the governor. Who they are I know not, and what the charges are I have been unable to find out. Hoping you are as ready to undo a wrong as to commit one.

I am respectfully, A. P. RAGIN.

It is necessary to cure the cause, in order to stop the pains, and this can only be done if you will take a specific, female remedy, that acts directly on the womanly organs.
