It seems to us that the members of the State Senate went off half-cooked when they jumped on Senator Appelt with both feet about that editorial in the Senator's paper. Abuse does not prove that the statements made in that editorial are not true, and it would have been better, and more courteous to the public, if the grave Senators had denied the charge in more parliamentary language.—Orangeburg Times and Democrat.

Court of General Sessions. The February term of the Court of General Sessions for the Clarendon county convened in the court house at this place at 10 o'clock Monday morning. Notwithstanding the fact that it was an unusually inclement morning, with a cold northeast wind and rain that froze as it fell, there was a full attendance of jurors, some of them having come over thirty miles. Judge Dantzler and Solicitor Wells came in on the train from Sumter a few minutes late, but entered at once upon the discharge of business. The solicitor handed out a number of bills of indictment, ranging from charges of murder to violations of the dispensary law, and Judge Dantzler delivered an able, lucid charge to the grand jury as to their general powers and duties. During the first day the following cases were disposed of:

Notice to Our Subscribers. The new regulations of the Post-office Department says unless subscriptions are expressly renewed after the term for which they are paid they shall not be counted in the list of legitimate subscribers, and copies mailed on account thereof shall not be accepted at the second class postage rate of one cent a pound, but may be mailed at the transient second class postage rate of one cent for each four ounces or fraction thereof, prepaid by stamps affixed.

THE TIMES has been very lenient with its subscribers. Some of them are several years behind, but the paper is still being sent to them. This policy will now have to be changed, as the postoffice department says all papers not paid for cannot be sent through the mail free within the county as heretofore, but will have to be fully prepaid with stamps affixed. We cannot afford to do the postage that would be charged and paste stamps on papers of those that are in arrears, as it would cost us more than we would get from such subscribers.

We will be compelled to drop the names of all subscribers who do not pay up by the first of April, which is the limit set by the Postoffice Department. We would advise subscribers to come or send in and arrange the matter at once before the rush sets in. We have no option in the matter, but must obey orders of the Postoffice Department, and we hope we will have the cooperation of all. Look at your label and see how you stand.
