MONEY CHANGERS.

They Must Keep Posted on European Coins and Counterfeits.

changer's to cash in. "He looked over the coins rapidly,

throwing them into little piles and putting down notes on a slip of paper. When he had cleared up the lot he said I had \$10.25 coming to me. "At first I thought he was doing me,

dozen or so Italian coins that had been | pole is located, is anything but "hapdemonetized and were worth about 40 py" or "pleasant," as its name would little pile of counterfeits that were not worth a cent, and altogether only pedition which discovered it. In anothbrought home were worth their full ly misleading, since it is derived from

not discover the new world. "The only consolation I had was that I thanked my stars I am in the insurance business and not in the exchange business, for my poor little brain could not carry half the things that those fellows have to remember."

The man with the coins did not exferent coins floating about that a him (on the fourth trip) he naturally awful, terrible, and I was just about money changer has to know. He has assumed the role of guide. to keep in mind every demonetized coin made within the last hundred they sat down for luncheon. They

feits. The immigrants bring over heaps lost on the visiting country hostess as dropped exhausted. There was a of bad coins. Many of them buy up she looked open eyed at the crowds round of applause, for the audience counterfeits cheap, with the hope of exchanging them at Ellis island.

American countries. They are worse definite shape. than those of the European countries. Brazil, for instance, has a scheme all its own. Certain notes are good for ten years. After that time for every year Missus Astor with the cockin' and they lose 10 per cent of their face value until the whole value is used up and they are worth only the paper

they are printed on. As one man expressed it, you have to know the history of the world to be a money changer. A peculiar part of the business is the reshipment of coins back to the countries whence they came. Often during the rush season one firm sends back a million coins, Dr. Shoop's Restorative is actually while it is estimated that in the course of a year \$10,000,000 in foreign money is reshipped to Europe and a million to the rest of the world.

money; they buy it, and when you go Dr. Shoop's Restorative a few weeks there with foreign coins they buy them and all will be changed. A few days from you at a stated price. When you test will tell you that you are using go there to get foreign coins you buy the right remedy. You will easily and them from them at a certain price just surely note the change from day to day as you buy eggs and cigars.-New York

Mrs. Dashaway-Yes, while we were in Egypt we visited the pyramids. They were literally covered with hieroglyphics. Mrs. Newrich-Ugh! Wasn't you afraid some of 'em would git on you?-Philadelphia Record.

Which? "If you feel chilly," said he, as they strolled, "remember I have your shawl here on my arm." "You might put it around me," she said demurely .- Philadelphia Press.

Let not things, because they are common, enjoy for that the less share of our consideration.-Pliny.

Misleading Names.

Perhaps the most misleading name on the map is that of Tierra del Fuego, the "Land of Fire." The name would "I never realized until today," said a | imply that it was a land of volcanoes man who had just returned from Eu- in constant activity. The fact is, howrope, "what an undertaking it is to be ever, that it contains no volcanoes and is a country of perpetual wet and cold. It got its name from the fact that it been ignited by the natives on shore. The same discoverer happened to have | tant even if I had little to say or do. very fine weather after he had rounded the Horn and so gave the name "Pacific" to a part of the ocean which
