a section of the trunk of the blanket and they prepare it by soaking it in water until it is soft. It is then pounded so that the rough outside can be stripped off and the inside alone left. The inside is of fine fibers so joined together by nature that it makes a beautiful blanket, warm enough to be used as a cover and soft enough for a mattress.

A Clock Case Made of Pennies.

of a timepiece whose case is made of English pennies. The coins, of which there are ninety-six, all bear the date 1797 and were beaten out to almost double their original size and then riveted together, while the figures were made of small strips of copper cemented on to the face. The clock stands fourteen inches high and is eight inches broad at the base. That "time is money" is an adage with which we all more or less agree. but this is a case in which the saying might be reversed and still remain true. The clock is owned by a resident of Laurel Bank. Ilkley, Yorkshire, England.

The Family Dog.

An Edinburgh clergyman says: "Every family should have a dog. It is like a perpetual baby. It betrays no secrets, never sulks, asks no troublesome questions, never gets into debt, never comes down late to breakfast and is always ready for a bit of fun."
