## WE APPEAL TO MANHOOD.

Our school has closed for the session, a splendid year's work has been accomplished, but not without financial shortage. The public schools of Greenville had a similar experience, and the schools were about to close before the term ended, because the funds were exhausted. A few public spirited citizens came to the rescue and effected a continuance of the schools by contributing the means out of their own pockets. There is a large shortage here, the trustees are economical business men, but they cannot do the impossible, an engine cannot be run without motive power, therefore it stands to reason that such a school as we are justly proud of cannot be run a nine-months term without adequate means. This we have not at present, but it must come.

People of School District No. 9, it is your pride and patriotism, and your children's future that is at stake. So far you have done well, you have authorized those in authority to erect a commodious school building, with a view to accommodating the future growth of Manning, now let us beseech you, not to grow weary and lag, but come forward like men, and determine to uphold the trustees in the effort to secure the necessary means. The tax levy is now to the limit, an increase cannot be made in the levy, and there are only three ways that we know of to get the sufficient amount of money. 1st, private contributions; 2nd, legislative authority to levy and enforce such a contingent fee as in the judgment of the trustees is necessary; 3rd, raising property valuations. This is an important matter, so vital is it so that every man, woman and child is interested, this being so, we suggest that the trustees call a public mass meeting for the patrons of this school to exchange views looking to the devising of means that will insure the school's future.

The Yorkville Enquirer regards Tillman's attitude on the tariff "more practical than sentimental," and the Columbia State throws a fit. Too bad.

The self-assuming superiority of our contemporary, the Columbia State, would provoke a smile did it not take itself so seriously. As it is, we are moved to pity. It is no use to try to reason, it knows it all, everybody that disagrees with it, is either fool or knave. Notwithstanding its unhappy characteristic, the "State" in time has done, and occasionally does yet, some excellent things.

Now that Senator Tillman has voted for a tariff on lumber, some of the newspapers that were beguiled into censuring Congressman Lever by the Columbia State, are wondering where they are at. If Lever, by his vote on lumber, "stabbed" the Democratic party in the back," which part of the Democratic party's anatomy did Tillman stab? The Orangeburg Times and Democrat may be able to enlighten us. Now comes Senator Bacon of Georgia, a Democrat of Democrats, proposing a 20 per cent. ad valorem tax on raw cotton as a revenue duty. If this duty goes on it will have the effect of driving out of competition with the Southern cotton grower of some 20,000,000 pounds of imported cotton. It begins to look now as if protection is what is needed for the South.

Comptroller General Jones is to get after the county auditors to investigate all cases where taxpayers are liable for income tax and make reports where returns have not been made.

It is alright to get after the tax-dodgers and make them come across, but this income tax requirement is so complicated, and so little understood that we doubt very much if many of the auditors understand the law as construed by Comptroller Jones. The chief of the State's fiscal department has issued several letters of instruction, each of which are conflicting and confusing; if all who are liable to an income tax have not made returns, no blame can be attached to the auditors, as none of them so far as we have been able to learn, are in a position to say just what is an income, as contemplated by the law.

## Trouble Makers Ousted.

When a sufferer from stomach trouble takes Dr. King's New Life Pills he's mighty glad to see his Dyspepsia and Indigestion fly, but more he's tickled over his new, fine appetite, strong nerves, healthy vigor, all because stomach, liver and kidneys now work right. 25c at all druggists.

The Columbia Evening Record is mistaken in assuming that Major D. A. Bradham's membership in the Arkansas legislature gave him the title of "Major." This young man graduated from the South Carolina Military Academy with the rank of "Captain." After which he became one of the instructors of the military school at Yorkville, and later became commandant of a military school in New Mexico a state institution, the position carries with it the rank of Major. Clarendon is justly proud of this young man, and his prominence in the State of his adoption is a source of gratification.

## Men Past Fifty in Danger.

Men past middle life have found comfort and relief in Foley's Kidney Remedy, especially for enlarged prostate gland, which is very common among elderly men. L. E. Morris, Dexter, Ky., writes: "Up to a year ago my father suffered from kidney and bladder trouble and several physicians pronounced enlargement of the prostate gland and advised an operation. On account of his age we were afraid he could not stand it and I recommended Foley's Kidney Remedy, and the first bottle relieved him, and after taking the second bottle he was no longer troubled with this complaint." W. E. Brown & Co.

For the information of those living in that portion of Clarendon having a vote on the question of a new county, we will say, should the county of Rutledge be organized, the section going into it from Clarendon will not be relieved from any of Clarendon's bonded indebtedness. The taxpayers in the cut-off townships will be charged up with the bonded tax, and the same will be collected just as now. So if there are any who are expecting to escape Clarendon's bonded taxation by voting for the new county, they are mistaken.

The United States Senate once, the most dignified law-making body in the world, is fast losing its honored tradition all because less care is taken these days in the selection of men for that distinguished office. Senator Bailey of Texas, a smart, but tainted politician, has on more than one occasion broke into notoriety by doing the unusual. His last escapade was a fight with Mr. W. S. Manning, correspondent of the New York Times, because of an article in that paper which Mr. Manning disclaimed the authorship of, but notwithstanding Bailey's size and 220 pounds of weight, this bully of a bag of wind and beef, got all that was coming to him from Manning, who is small of stature and weighs about 150 pounds. It is high time such men as Joseph Weldon Bailey have their bluffs called, they go about with a chip on their shoulders, but usually select to have all the odds in their favor, and occasion-

ally the self-advertising Goliaths run into a David and are treated to a severe lesson. It is a great pity that the head Manning being arm, with an umbrella, he had not had a good, stout, South Carolina hickory stick, and worn it out on the Texas bully, to a frazzle, and then perhaps the border-raised ruffian would have had a lesson in decent conduct.

## Women Who Are Envious.

Those attractive women who are lovely in face, form and temper are the envy of many, who might be like them. A weak, sickly woman will be nervous and irritable. Constipation or Kidney poisons show in pimples, blotches, skin eruptions and a wretched complexion. For all such, Electric Bitters work wonders. They regulate Stomach, Liver and Kidneys, purify the blood; give strength, nerves, brighten eyes, pure breath, smooth velvety skin, lovely complexion. Many charming women owe their health and beauty to them. 50c at all druggists.

## Pine Grove Closing.

Editor The Manning Times:

It was my pleasure to attend the closing exercises of the Pine Grove school at Turberville on the night of May 24.

The teachers who have so ably and painstakingly stood at the helm the past year were Mr. R. Fred Morris, principal, and Miss Boyce Rollings, assistant.

The exercises consisted of songs, recitations, dialogues, etc., and were highly enjoyed by one of the largest audiences ever assembled there on a similar occasion. The exercises were held on a large stage extending from one of the piazzas to the school building while the audience were comfortably seated out of doors in front.

On Tuesday following a picnic was given by the friends and patrons of the school, the object being to arouse interest in the proposed plans of further development and progress. Rev. E. P. Hutson was master of ceremonies, and County Superintendent of Education E. J. Browne being present was called upon and responded in a short talk in the interest of further and necessary efforts being put forth to improve the school conditions.

The leading feature of the occasion was an address by Lieutenant-Governor T. G. McLeod, who made a clear-cut and forceful speech along the lines of educational service. Dinner was then announced. Mr. Dennis announced publicly that dinner would be served to the visitors and strangers first, and that no one so far as they could help, should go away without the inner man being nourished. Although Mr. Dennis had a huge buggy whip in his hand as he meandered in and among the crowd making this announcement, he was soon able to marshal and march a most willing band to the table where they

were soon consuming the tempting food so lavishly served by the good ladies of that community.

By way of digression your correspondent wishes to add a few words of praise to the thrifty farmers in that section whose crops bear unmistakable evidence of assiduous care. These are a working people and when they produce a crop they can enjoy the fruits of their toil.

No crop has proven a better money-maker than tobacco, and the crops of the weed are looking fine.

Last but not least those people need a railroad closer—even through that excellent village community. From the appearance of the locality and the roads it would seem that the present Alcolu railroad could be carried by there with considerable advantage both to the railroad and the community.

## A Thrilling Rescue.

How Bert R. Lean, of Chey, Wash., was saved from a frightful death is a story to thrill the world. "A hard cold," he writes, "brought on a desperate lung trouble that baffled an expert doctor here. Then I paid \$10 to \$15 a visit to a lung specialist in Spokane, who did not help me. Then I went to California, but without benefit. At last I used Dr. King's New Discovery, which completely cured me and now I am as well as ever. For Lung Trouble, Bronchitis, Coughs and Colds, Asthma, Croup and Whooping Cough it's supreme. 50c and \$1.00. Trial bottle free. Guaranteed by all druggists.

## Children Service at Paxville.

On next Sunday afternoon at 4:30 o'clock, at the Methodist church here, a cradle-roll service will be held. Mrs. A. J. Jones has this service in charge and will make it a very interesting one. At 5 o'clock Rev. T. W. Munnerly, the pastor, will deliver a discourse upon the subject, "Parental Responsibility." On the same evening at 8:30 o'clock, a children's service entitled, "Palms and Praises" will be given. Everybody is cordially invited to attend all of these services, but I do earnestly ask the presence of all parents of the town and community, irrespective of denomination, at the afternoon services.

Paxville, S. C., June 1st, 1909.

Everyone would be benefited by taking Foley's Orino Laxative for constipation, stomach and liver trouble, as it sweetens the stomach and breath, gently stimulates the liver and regulates the bowels and is much superior to pills and ordinary laxatives. Why not try Foley's Orino Laxative today? W. E. Brown & Co.

Colds that hang on weaken the constitution and develop into consumption. Foley's Honey and Tar cures persistent coughs that refuse to yield to other treatment. Do not experiment with untried remedies as delay may result in your cold settling on your lungs. W. E. Brown & Co.

## Three New Hats.

Milliners have other troubles besides the frequent difficulty of collecting bills. One milliner tells of a letter she received from the wife of a man who in a brief time had advanced from poverty to great wealth. His family was still in obscurity, but was preparing to emerge.

"I want you should make a bonnet and two hats right off," wrote the wife, "for me and the girls, and expense is no account."

"My measure is nearly twelve inches from ear to ear over the head and eight under chin and six from top of forehead to back hair, and that's near enuff for both the girls."

"I'm sandy, Jane is dark, and Lucy's got red hair. We want lively colors, and I want blue flowers and strings on mine, besides some pions."

"Jane wants hers green, and Lucy wants pink. We don't care what shapes, but they must be becoming, and so as they won't blow to peaces in the wind. Now we don't want them long, for my husband won't hear of such."

"Please send within five days, and if satisfactory bill will be paid at once."—Yonah's Companion.

Curly Hair Means Obstinacy.

The curly headed man uttered an exclamation of mase.

"Strange," he said, "I have been drawn for juries time and again, but I have never served. They always challenge me. I wonder why?"

"It is your curly hair," said a lawyer. "A curly headed man kills a jury. He always causes it to disagree."

"That is not true. You must be crazy," said the other.

"It is the gospel truth," the lawyer persisted. "Curly heads are as obstinate as mules. They think they know it all. They disagree with everybody."

"It is because," he hastened to add, "their curly hair makes them so good looking. In childhood they are spoiled by their parents, and in maturity women spoil them, falling in love with them on every side. So they become conceited. They disagree with everybody. Lawyers the world over recognize that as jurymen they would never do."—New Orleans Times-Democrat.

Prescribes Dr. Blosser's Catarrh Remedy.

Dear Sirs—First used your Catarrh Cure in the case of my son, who had chronic naso-pharyngeal catarrh, with great benefit to him. I often prescribe it for other of my patients, and I think it is quite the finest remedy for catarrh that has ever been placed on the market. Thanking you for past favors, I am, Yours truly,

M. J. D. DANFELTER, M. D.,  
Bilmore, S. C.

Dear Sirs—Your medicine is "winning" fast in this country. It has effected some remarkable cures. I do not know if it has failed in one instance where it has been fairly tried. Very truly yours,  
REV. J. H. ALLEN,

Knew He Was Safe.

"Yes. You see, my wife is an amateur electrician, and she's saving her voice for an entertainment tomorrow night."—Cleveland Plain Dealer.

## FAIR EXCHANGE.

## A New Back for an Old One. How

## It Can Be Done in Manning.

The back aches at times with a dull, indescribable feeling, making you weary and restless; piercing pains shoot across the region of the kidneys, and again the loins are so lame to stoop is agony. No use to rub or apply a plaster to the back in this condition. You cannot reach the cause. Exchange the bad back for a new and stronger one. Manning residents would do well to profit by the following example.

Mrs. Louis Jeffords, 14 Owen Street, Sumter, S. C., says: "I am pleased to say that Doan's Kidney Pills have proven of great benefit to me. I was a victim of kidney complaint for over two years. My kidneys were very weak and I had great trouble in controlling the secretions. My back ached all the time and frequently I was so lame that I could scarcely dress myself. I read about Doan's Kidney Pills and finally procured a box. After using them, the back-ache and pains vanished, my kidneys acted normally and I felt a great deal better in every way. I am pleased to give Doan's Kidney Pills the credit for the great change."

For sale by all dealers. Price 50 cents. Foster-McBarn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.
