Mr. J. M. Cobin of Lake City, Fla. is in Manning visiting relatives.

When all that was said and done, the politicians were the ones who had the fun.

We are sincerely glad the elections are over, perhaps we can now get down to real work.

Mr. Eddie Cuttino who is quite sick with typhoid fever, is, we are told today, improving slowly.

Mrs. J. A. Burgess of Summerville, is in Manning on a visit to her parents.

Mrs. H. D. Clark who has been quite ill with typhoid fever is, we are delighted to announce convalescent.

Capt. R. H. Jennings, State Treasurer, was in Manning last Monday on a visit to his granddaughter, Mrs. S. I. Till.

Mr. Aaron Loryen, accompanied by his daughter, Miss Annie, returned from the mountains last Wednesday night.

Mrs. J. R. Henderson, after spending sometime in Summerton, Silver and Manning, left last Saturday for Charlotte, N. C.

The joy riders are nightly having a glorious time making the welkin ring with their merry songs while the pool editor must be content to find a cool corner in his own back yard.

Messrs. C. A. McFaddin and J. E. Kelly, who represented Clarendon at the farm demonstration convention at Chick Springs have returned home, and they report a most successful meeting.

When you come to town, and you should come, do not fail to go to J. H. Kirby's to look at what he has brought to this market for the trade. Kirby has a special knack at finding what people want and he surely has done it this time, so go to see him.

Misses Mayme, Hattie and Willie Briggs have returned home from their delightful summer outing. They stopped in Charlotte with their sister, Mrs. Fred Robinson, and chaperoned by Mrs. and Mrs. Fred Robinson, visited Asheville, Hendersonville and Bevard, N. C.

Mr. J. M. Ridgill, who recently graduated at Clemson, has accepted a position with the United States Government and leaves for Richmond, Va., Friday to enter the service. He has been detailed to the pure food department as a chemist. Our Clarendon boys make good wherever they go, and we predict for young Ridgill a successful career.

Mr. T. P. Cheshire, representing Rodgers-McCabe & Co., is here for the season to buy cotton, and we gladly welcome him and the others who are here, may they ever so elaborate their program to the limit so that the farmers all over the country will be singing the praises of Manning from one end of the county to the other.

A little learning is a dangerous thing as demonstrated by the attempt of Eugene Benbow to utter a forged check last Saturday night in Krasnoff's store. Mr. Krasnoff examined the check after the boy had purchased a pair of shoes, his suspicions being aroused he went out and called the attention of Policeman Clark to it, who questioned Benbow and then took him in charge.

The attention of our readers is directed to the advertisement of Messrs. Lesesne & Horton, real estate brokers, and parties desiring to purchase or sell real estate can without any hesitancy contact their affairs into their hands.

Mr. E. C. Horton is in the insurance business, and Hon. J. H. Lesesne is one of Manning's promising attorneys. Read their advertisement and then give them business.

There is only one state fair in South Carolina. It will be held in Columbia, October 31, November 1, 2, 3, and 4. The program will be more elaborate than heretofore. The people of the State generally make this their one meeting place of the year. Any information that is desired will be given by Mr. John G. Mobley, President, Winthrop, S. C., or Mr. D. H. Edell, Secretary, Lexington, S. C.

A communication reached this office for publication that it is impossible to the compiler any more to get our correspondents to write plainly so our printers can read their hand writing. The sender of the communication referred to usually writes a legible hand but this time we simply cannot make out enough of it to put it into type.

Dr. Weinberg's Appointment. Dr. Weinberg, on September 12, 1910, was in Manning, Tenn., on a visit to his family. He is a graduate of the University of Tennessee and has been practicing medicine in the South for many years. He is a member of the American Medical Association and the Tennessee Medical Association. He is a very successful physician and has a large practice in both Tennessee and North Carolina. He is a very kind and considerate man and his patients are very grateful for his services. He is a very successful physician and has a large practice in both Tennessee and North Carolina. He is a very kind and considerate man and his patients are very grateful for his services.

The Manning graded school will open on Monday morning with 208 scholars enrolled. More will be enrolled in the next few days. The faculty is Prof. Daniel, principal; Prof. A. Do not let the girls outstrip you in your studies.

Dr. Milton Weinberg, a recent graduate of Johns Hopkins has been appointed to the Rockefeller Hook Worm Commission for the State of South Carolina. As we understand it Dr. Weinberg will have his headquarters here for the present but will be called upon to travel the State to treat this disease which has made such inroads upon the health of people in this section of the country. Mr. Rockefeller has given a large sum of money to have the disease eradicated and it is under the Rockefeller fund the commission is working. The appointment of this young physician is indeed a compliment and recognition of his medical ability, and we rejoice that a Manning boy bears the honor.

Live Oak Camp Woodmen met last Monday evening and a number of members present, and it is the purpose of the Sovereigns to create a greater interest in the future. This organization is one which should appeal to the man of limited means especially, because it has an insurance plan which is so simple that the man who cannot afford to pay the high rates of ordinary insurance companies. On account of the meeting nights conflicting with the meetings of other orders the camp decided it would change its name of meeting from the second Monday night in each month to the first Monday night. Burgess and R. F. Morris.

It has been brought to our attention that the political matter in THE TIMES last week relating to Biessie and Featherstone, is the subject of comment in certain quarters. It is to be regretted that the editor has permitted the Biessie matter to go in. We would like for the benefit of those who would state to have THE TIMES run to suit their whims that both the Biessie and Featherstone matter be advertised separately and not be mixed together with other news. We are sorry that the editor has permitted the Biessie matter to go in. We would like for the benefit of those who would state to have THE TIMES run to suit their whims that both the Biessie and Featherstone matter be advertised separately and not be mixed together with other news.

Mrs. Jacob Wilmer, Lincoln, Ill., found her way back to perfect health. She writes: "I suffered with kidney trouble and backache and my appetite was very poor. I tried many remedies but they did not help. I was given a fair trial. They gave me great relief, so continued till now I am again in perfect health." W. E. Brown & Co.

The experience of having only one tobacco warehouse in Manning has demonstrated fully to our business men that if Manning expects to be a tobacco market in the future the business element must come together and see to it that another season does not catch this town without adequate facilities to induce the tobacco growers to bring their product here where it naturally belongs. With this end in view a number of public spirited citizens are contemplating the calling of a meeting for the purpose of organizing the subscription of stock to a new tobacco warehouse and it is sincerely hoped that every merchant in the place will feel he is vitally interested in the project and will subscribe to a sufficient amount of stock to insure the success of the scheme. We say the merchants, because they are more vitally interested than any other class, they receive a direct benefit in the way of trade when the selling of tobacco in this market ceases to be a business.

Your kidney trouble may be of long standing. It may be Foley's Kidney Remedy will add you to get rid of it quickly and restore your natural health and vigor. "One bottle of Foley's Kidney Remedy made me well," said J. Sibbald of Grand View, Wis., commencing to write now. W. E. Brown & Co.

Notice of Discharge. I will apply to the Judge of Probate for Clarendon county, on the 23rd day of September, 1910, for Let. of Discharge as Executor of the Estate of William H. Galliard, deceased. EDWARD F. BURROWS, Executor. Providence, S. C., August 29, 1910.

Why So Weak? Kidney Troubles May be Sapping Your Life Away. Planning People Have Learned This Fact. When a healthy man or woman begins to run down without apparent cause, becomes weak, languid, depressed, suffers backache, headache, dizziness and urinary disorders, kidney weakness may be the cause of it all. Keep the kidneys well and they will keep you well. Doan's Kidney Pills cure and keep them well. Can Manning readers demand further proof than the following statement: Mrs. J. H. Seymour, 318 W. Calhoun St., Sumter, S. C., says: "I was annoyed a great deal by irregular passages of the kidney secretions, my back aching, backaches, accompanied by distressing pains through my loins. I used Doan's Kidney Pills and have not had any trouble from my back since. That was about a year ago and I am glad to say that Doan's Kidney Pills entirely cured me. My son was also afflicted with kidney trouble, being unable to control the kidney secretions, especially at night. Since taking Doan's Kidney Pills, he has improved wonderfully. I gladly recommend Doan's Kidney Pills in return for the good they did in our family. For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other."

Pinewood Dots. The Pinewood graded school will open on Monday, September 13th. Mr. Pugh will be principal this year and the school will be in charge of the school board. The school will be in charge of the school board. The school will be in charge of the school board.

J. E. Kelly's Plan. Presented to the Good Roads' Association on August 23rd. Mr. President and Gentlemen: We have met for the purpose of devising some plan, and if possible, set on foot a system of road working in this county whereby we may secure better roads. Now gentlemen, it is a fact, that it is almost impossible to get even three men to agree on any one subject, and I am reasonable sure, that if all the people of this county were to give their views, we would have 1,000 different plans to work by. Our supervisor is hampered by this, hence the lack of good service. I am anxious to see that we will have varied and widely different views and plans today. There are three objects in view, better roads, and the best and economical way to get them. Now what we want to do, is to carefully consider all ideas—sit out all that are superfluous, take only what is good, and weave them into one plan that can be carried out. We should not have one plan, but we should have one plan that can be carried out. We should not have one plan, but we should have one plan that can be carried out.

Abolish the office of supervisor. And in its stead, have a road supervisor—or engineer. All his time to be given to the county. Pay to be sufficient to secure an expert. He should be a trained engineer. He should be a man that could use effectively a compass, level, bit of tools and a shovel if necessary. In short a man that knows how to do things.

Now I have mentioned some instruments that the supervisor should have. I have mentioned a compass, level, bit of tools and a shovel. I have mentioned a compass, level, bit of tools and a shovel. I have mentioned a compass, level, bit of tools and a shovel. I have mentioned a compass, level, bit of tools and a shovel.

The movement so long neglected has at last begun to erect a monument to the memory of the heroes who wore the gray—soldiers whose record was the marvel of the civilized world. Clarendon County proposes to place upon the court house square a suitable mark of its patriotism by having erected a shaft in honor of those who responded and laid down their lives upon their country's altar. All contributions sent to THE MANNING TIMES will be acknowledged in our columns.

Teacher's Examination. Notice is hereby given that the next examination to enable teachers to qualify by securing certificates, will be held at the Court House in Manning, Friday, October 27th, beginning promptly at 10 o'clock a. m. All should make their preparation for this day. It is the earnest desire of the County Board to raise the standard of proficiency. Result. H. J. BROOKS, Chairman. W. E. BROWN, Secretary.

J. E. Kelly's Plan. Presented to the Good Roads' Association on August 23rd. Mr. President and Gentlemen: We have met for the purpose of devising some plan, and if possible, set on foot a system of road working in this county whereby we may secure better roads. Now gentlemen, it is a fact, that it is almost impossible to get even three men to agree on any one subject, and I am reasonable sure, that if all the people of this county were to give their views, we would have 1,000 different plans to work by. Our supervisor is hampered by this, hence the lack of good service. I am anxious to see that we will have varied and widely different views and plans today. There are three objects in view, better roads, and the best and economical way to get them. Now what we want to do, is to carefully consider all ideas—sit out all that are superfluous, take only what is good, and weave them into one plan that can be carried out. We should not have one plan, but we should have one plan that can be carried out. We should not have one plan, but we should have one plan that can be carried out.

Abolish the office of supervisor. And in its stead, have a road supervisor—or engineer. All his time to be given to the county. Pay to be sufficient to secure an expert. He should be a trained engineer. He should be a man that could use effectively a compass, level, bit of tools and a shovel if necessary. In short a man that knows how to do things.

Now I have mentioned some instruments that the supervisor should have. I have mentioned a compass, level, bit of tools and a shovel. I have mentioned a compass, level, bit of tools and a shovel. I have mentioned a compass, level, bit of tools and a shovel. I have mentioned a compass, level, bit of tools and a shovel.

The movement so long neglected has at last begun to erect a monument to the memory of the heroes who wore the gray—soldiers whose record was the marvel of the civilized world. Clarendon County proposes to place upon the court house square a suitable mark of its patriotism by having erected a shaft in honor of those who responded and laid down their lives upon their country's altar. All contributions sent to THE MANNING TIMES will be acknowledged in our columns.

Teacher's Examination. Notice is hereby given that the next examination to enable teachers to qualify by securing certificates, will be held at the Court House in Manning, Friday, October 27th, beginning promptly at 10 o'clock a. m. All should make their preparation for this day. It is the earnest desire of the County Board to raise the standard of proficiency. Result. H. J. BROOKS, Chairman. W. E. BROWN, Secretary.
