The Standard oil representative of this town will furnish gasoline every Saturday, a great convenience, and another sign of forging ahead.

A meeting of Clarendon Good Roads and Drainage League is called for Saturday Dec. 31st., at the court house, Manning. You are requested to attend. Chas. E. Geiger, president.

Hon. R. B. Belsor of Sumter, one of that city's most prominent real estate dealers, and recently elected to the House of Representatives from that county was in Manning yesterday.

Oh! yes, it is fixed now and she will soon be wearing a shiner of her engagement ring. Just watch for the beautiful sparkler and the blush on her cheeks when asked "where did you get it?"

The Manning Hardware Company is a delight to the housekeepers, and everybody wanting to get those things so needed in a kitchen and home should not miss going there now.

The Zeigler drug store is a peach this season. This bustling druggist has made his place of business attractive with the magnificent lines of nice things he is offering to the trading public.

Wanted in Clarendon county within the next twelve months 500 substantial white families to open up and develop the lands. This can be done if the owners of real estate will help to do the inducing.

The Dr. W. E. Brown Co. drug store has a beautiful stock of Christmas goods suitable for presents, and Dr. Hawkins will any time stop rolling pills to give buyers a song and dance about the articles he takes so much pride in showing.

Have you been to Dr. J. E. Arant's to look at his Christmas outfit. If not, then you have missed one of the best assortments in town. Go there and buy that present you have been wondering what to get.

The Bradham Company store these days reminds one of the ticket office to a big circus, the crowds buying from this concern are there every day, and of course there is a reason why so many go there to trade.

The Nigby Dry Goods store is another one of the popular resorts for Christmas shopping. The force of this store is busy with all the orders applying the wants of their customers with the best of everything in the dry goods line.

All members of Clarendon Lodge, No. 173, K. of P., are urged to be present at the meeting, Tuesday night, Dec. 27. The election of officers for the ensuing year will be proceeded with, and the Esquire Rank will be conferred.

The Plowden Hardware Company has gotten a move on itself to get a line on Christmas buyers. From a majestic range to a rolling pin intended to make a man's house a home, they have everything that is more they have everything wanted in a home.

Those having packages to mail will do so at the office if they will deposit their packages as early in the day as possible. During the rush season now at hand the post-office force will have its hands full, and to insure prompt dispatch mail your packages early please.

Mr. John J. Mims, a car inspector at the A. C. L. yards in Sumter, was horribly mangled last Monday morning by being run over by a shifting engine. He died later in the day. The unfortunate man was about 35 years of age and leaves a wife and five small children.

Col. R. D. Lee, of Sumter, executor of the estate of Mrs. Ella Toumey, gave to the Manning Postoffice the interest on \$3000 which Mrs. Toumey left in her will to the poor. The amount of the check this year is \$240. Would there were some Mrs. Toumey in this community to cheer the poor.

County Supervisor McFaddin is doing some good work on the road known as the "Kingstreet road." This is an important thoroughfare, and a great feeder to the town. When completed it will be a great blessing to a people who have long needed a better road to bring their farm products to the county seat.

There is no truth in the report that Sheriff Gamble attempted to blow out the gas in his room at the Broadway Central the other night in New York. Nor did he ask a policeman how they managed to keep the cows off the elevated railroad tracks. It just ain't so.

Krasnoff's store is a veritable hive these days, and the way he is selling furniture would create the impression that the whole lot is being sold up the home. His dry goods, clothing and shoe departments are alive with buyers always, and the reason of it is that he is ever ready with the goods wishing reach of all.

Hirschmann's is one of the stores in this town that tickles the fancy of the most fastidious. From his millinery there comes some of the nicest creations that the whole town looks up to and the men grumble about, and throughout his large and varied stock buyers are able to find their wants filled to their satisfaction.

The following are elected officers for Ruth Chapter No. 40 R. A. M.: W. C. Davis, High Priest; Chas. DoKant, King; C. R. Sprout, Scribe; Leon Weinberg, C. of H.; E. C. Horton, P. S.; J. T. Sunko, Treasurer; Fred Lesseue, Secretary; G. M. Smith, R. A. C.; C. S. Rigby, 3rd. V.; R. E. Harlow, 2nd. V.; R. D. Clark, 1st. V.; A. J. White, Sentinel.

The Presbyterian congregation are in jubilant spirits over their success in paying off the church debt. Rev. A. R. Woodson has worked with might and main to accomplish this task and there are none prouder of the result than he. Mr. Woodson deserves the everlasting gratitude of this people for the magnificent work. He did not know what the word "cannot" meant, in fact there is no such word for him when it comes to doing something for his church and people.

Sheriff Gamble and Mr. Luther McIntosh arrived home last Friday night with Anthony Burgess from New York. Burgess is charged with murder of Jack Smith near Workman last January. The sheriff had no trouble in getting the prisoner identified but had to go to Albany to have requisition honored by the governor of New York. The officials of New York treated our sheriff with every courtesy, and the prisoner is now in jail here awaiting his trial.

Capt. Thomas Wilson, Judge R. O. Purdy and Mr. W. T. Rowland, of Sumter, spent Sunday afternoon in Manning, and while here conferred with a number of citizens about organizing a third bank for this place; it is also in contemplation to bring the Northwestern railroad to Manning. This road will be the Albany road and will be an inducement for the Seaboard and possibly the Clinchfield on its way to Charleston. Then, too, if we can get these facilities, the cotton mills will come also.

The county fair scheme should be taken up immediately after the holidays. Manning should have a fair on a suitable site for such an institution and the farmers of the county should be willing to join in the movement to make a county fair at the county seat a huge success. It was demonstrated at the corn exhibit gotten up hurriedly last year that the people are enthusiastic about the fair, and if such a success could be accomplished with a corn show a general show of the products of the county would be still greater, and go a wonderful amount of good to the people, inspiring the people with modern ideas.

Now that the year is coming to a close with a future for the town, such as we have never seen before, let us all get together to pull for a greater Manning and for a greater Clarendon. We know of nothing that will be of greater help in bringing the town and country together than a county fair. Let us have the county fair begin with the first of the new year with the County Fair as the slogan. This proposition is for everybody, white and colored; let all be interested. We can show to the world what there is here and the inducements for new settlers to come with their money and their labor to make Clarendon the guide for the other counties in this State. The lands are here, the people have the intelligence and the disposition, all that is needed is good conservative leadership which can be obtained through organization, and the first step in this direction is the fair.

The post office has moved into its new quarters next door to this Times office, those who have not already done so will bring their old boxes and exchange them for new ones, at the same time pay their box rent for the new quarter. Manning now has a nice post office as will be found anywhere outside of a government building.

With a lobby and plenty of room in the working department for the dispatch of the mails. Those who have looked upon the new postoffice speak of the improvement in commendatory terms and seem proud of the institution. It will take several days to get in good working order because everything is new to the force and necessarily the distribution of the mails will be a little slow until the force get accustomed to the boxes. We hope that the patrons of the post office will be in good luck in keeping the lobby clear and orderly, and everything will be done to give to Manning a first class service.

There is a movement on foot to vote Sandy Grove township into Williamsburg county. About two years ago the people of that section contemplated such a move but were dissuaded from it on account of the scheme to form Rutledge county, but since that proposition was lost the promoters of the new movement are going to try to put Sandy Grove into Williamsburg county they may be near to a court house. It is not natural for Clarendon to not vote any territory and we hope the Sandy Grove people will stay with us, but if they think it to their benefit to go into another county it is up to them. If they do vote themselves into Williamsburg, it is our opinion that they will not be released from the county house tax of this county, and should Williamsburg build a modern court house, as is likely to be the case in a few years, then the Sandy Grove taxpayers will have to share doubly for court house purposes. There is now one of the greatest counties in the State and we hope Sandy Grove will remain a part of it. Should the Alcolu railroad put on a daily passenger service, as we have no doubt it will before long, then it is the more important that Clarendon should remain intact. However, this is a matter for Sandy Grove to consider before taking a step towards making a change.

Manning is now in about the same quagmire that Baltimore is, with regard to the race question. In Baltimore the race question has taken the form of an inhibition for negroes to own or occupy property in a certain quarter of the city, and the matter will likely go to the courts as the inhibition was made by legal ordinance. In Manning the school trustees have sold the school house for negroes and propose moving the old graded school building to a lot recently purchased for colored school purposes. The lot proposed for the site adjoins what is known as "Weinberg town," and the owner of that property objects to having the school house so near him, claiming that it will injure the value of the property, as it is about the only section of the town where negroes do not own property. He offers to give to the trustees a lot at some distance from the site selected, and if he and the trustees cannot agree he will be forced to seek relief from the courts. It is hoped that a satisfactory arrangement can be effected, and that the school should not be of any thing which would possibly stir up any race clashes. Weinberg town at present is a negro quarter, but the time is coming when this property will be in demand for the whites, and a negro school house should not be placed there, tend to keep white people from desiring to locate there, hence we think the trustees will consider the future welfare, as well as the present, and do what is right.

Banks on Sure Thing Now. "I'll never be without Dr. King's New Life Pills again," writes A. Schingkeg, 647 Elm St., Buffalo, N. Y. "They cured me of chronic constipation when all others failed." Unequalled for biliousness, jaundice, indigestion, headache, chills, malaria and debility. 25c. at all druggists.

An Invitation to the Public. The bond and mortgage will be burned in front of the pulpit on next Sunday exactly at one o'clock at the close of a praise service. The public is invited. The service will begin at 11:30, and after the usual opening service the pastor will tell "The Wonderful Story" of the election of the church, and the raising of the mortgage, after which there will be a few informal speeches by some of the men of the church, and then while the choir and the Sunday School children sing the mortgage will be burned. While we wait for the burning, we will attend the entire service, if you must attend your own church then come at the close to see the mortgage burning. A. R. WOODSON.

Foley Kidney Pills are tonic in action, quick in results, and restore the natural action of the kidneys and bladder. They correct irregularities. W. E. Brown & Co.

Open Appeal for Help. I wish to ask all those who have subscribed cash, to aid the county authorities and farmers in improving the leading from Manning towards Kingstreet will please bring or send it at once to me. Our supervisor now has the changing on this road and is doing valuable work. I have driven over this road, and so far as he has the right to consider no finer road in the county. So let us not be slow in contributing the help we have promised. W. P. LEGG, Chairman Road Committee.

Saved From Awful Death. How an appalling calamity in his family was prevented is told by A. D. McDonald, of Fayetteville, N. C., R. F. D. No. 8. "My sister had consumption," he writes, "she was very thin and had no appetite and seemed to grow weaker every day, as all remedies failed, till Dr. King's New Discovery was tried, and so completely cured her, that she has not been troubled with a cough since. It's the best medicine I ever saw or heard of." For coughs, colds, la-grippe, asthma, croup, hemorrhage and all bronchial troubles, it has no equal. 50c. \$1.00. Trial bottle free. Guaranteed by all druggists.

The New Bank Movement. There has been a movement for some time to establish another bank in this town, but nothing definite could be ascertained until last Saturday, when some capitalists from Sumter paid a visit to Manning, and after conferring with a number of business men together with prominent farmers, the matter took such shape that there is a probability of the new bank being established. The organization of another bank is the spirit of opposition to those already here, but to afford the town and country with more banking accommodations; the two banks here are accommodating and are doing a splendid business, both enjoying the confidence of the public, but the town and county is developing rapidly and the more banking facilities we can have the more business will be done here. Just when the new bank will begin operations we do not know, but from what we can gather from those interested it will be organized in the near future. The capital stock will be \$250,000, to be increased if necessary. Those who have the matter in hand are backed up with all the financial help that will be needed, and we believe that the effect of bringing to this town a great deal more business. The day is at hand where the farmers and the merchants will need all the banking facilities they can get to put the country on a cash basis, and with three substantial banks in this town, there is no good reason why the bulk of the business should have to go elsewhere for financial accommodations. We think too, that the competition as a result of more banks in time make money cheaper and in a number of ways prove beneficial to the county at large.

With good banking facilities there is hope for manufacturing industries and with them come an increase of population. Manning is now on the upward move and all of us stand ready to welcome the effect of bringing to aid in the development.

Worse than an alarm of fire at night is the metallic cough of croup, bringing dread to the household. Careful mothers keep Foley's Honey and Tar in the house and give it at the first sign of danger. It contains no opiates. W. E. Brown & Co.
