> The First Money. Money is mentioned as a medium of exchange in Genesis, chapter 23, and is supposed to refer to a time as far back as 1800 B. C. The coinage of money is ascribed to the Lydians, a people of Asia Minor. It is, of course, quite impossible to fix any definite date for the first coinage. Long before any one thought to coin money it was made to hand, such as leather, iron, tin, bronze and even the hard bark of the trees and stones of the fields. The Hollander, so late as the middle of the sixteenth century, made money of pasteboard. In fact, pretty nearly everything in the shade of lasting material has at one time or another been
