

The Manning Times.

MANNING, S. C., SEP. 3, 1913

Publishes All County and Town Official Advertisements.

Communications must be accompanied by the real name and address of the writer in order to receive attention.

VIRGINIA STATE APPLES

50c.

A PECK.

Good, Sound Fruit.

Manning Grocery Co

Arant's ad., is worth five cents. Save it.

Mr. U. B. Hammett, at one time a resident of Manning, has been appointed by Revenue Collector D. C. Howard chief deputy, which places him second in command in the revenue service of the district.

Manning as a cotton market cannot be scoffed at even by those who have had the habit of running it down. The buyers pay as close to the market reports as any town in the State, freight rates taken into consideration.

Monday was sales day but only one tract of land was offered and that was by Clerk of Court in the matter of C. M. Weber against Albert Friserson and W. W. McKay. 100 acres was bid in by Davis & Wideman, Attorneys, for \$2,000.

The present price of cotton is giving the farmers some hope that they will yet get in price what they lost in the falling away of the yield. There is no doubt the yield is very disappointing, especially after such a bright prospect for a bumper crop.

Foley Kidney Pills cure obstinate cases of kidney and bladder trouble, checked at once by those who have had the disease. You can not take this honest curative medicine into your system without getting the right results. Try them. For sale by all dealers everywhere.

A very sad accident occurred at Workman last Friday. Two little sons of Mr. W. S. Kennedy were playing with a shot gun, when it discharged and one of the boys received the lead in his right arm tearing the arm nearly off, so much so the arm had to be amputated. The boy also received a flesh wound in the left arm.

The next issue of The Times will carry some wide awake advertising matter. Look out for it. If there is a business man who wishes to know whether or not advertising pays we refer him to the proprietors of the Manning Tobacco Warehouse, and to all of those who keep good attractive advertisements in this newspaper.

Since the establishment of the parcel post system it behooves the local merchant to study his business the closer, and to try in every way to keep the trade at home where it should belong. It is the duty of the people through judicious and intelligent advertising and he should devise plans by which he can make it an inducement for the people to patronize home.

The healing demulcent qualities of Foley's Honey and Tar Compound are not duplicated in any other medicine for coughs and colds. Any substitute offered you is an inferior article. Refuse to accept it for it can not produce the healing and soothing effect of Foley's Honey and Tar Compound.

Miss Lillie Davis has accepted a position in the store of J. H. Rigby.

Mr. C. R. Bredin arrived home from the north last Saturday morning.

Rev. R. L. Grier, of Mayesville, was one of the visitors to the town today.

Mr. D. M. Bradham and family, are back home from Black Mountain. N. C.

Miss Laura Moffett returned last night from a pleasant visit in Columbia.

Mrs. G. L. Dickson and children, returned from Hendersonville last evening.

Mr. Henry Richardson and wife are in Manning for the cotton buying season.

Miss May Lesesne spent her vacation in the mountains returned home last night.

Major Abe Levi, who has been away for the summer, is expected home tomorrow.

Our thanks are due to Mr. J. E. Tobias for a nice juicy watermelon he gave us last Saturday.

Clarendon had a large contingent among the pleasure seekers at the Isle of Palms last Sunday.

There was 71,000 pounds of tobacco sold on the Manning market, yesterday, and it continues to come.

Mrs. J. H. Orvin and children, after spending several weeks at Hendersonville, came home last night.

The friends of Mr. and Mrs. J. H. Lesesne will regret to learn that they have a child ill with typhoid fever.

The firm of Coffey & Rigby, of this town, will soon have a sale stable at New Zion to meet the demands of their growing business.

Dr. H. H. Higgins is back again at his post behind the prescription case of the Dickson Drug Store after a trip to Hendersonville.

Mr. and Mrs. P. H. Arrowsmith of Lake City are visiting Mrs. Arrowsmith's parents, Mr. and Mrs. P. B. Thames in Manning.

Mr. W. E. Cuttino, who has been connected with the post office for several years, has accepted a position in the store of Mr. Louis Lev.

Dr. William Barron, of Columbia, and Mr. Frank Barron, of Charleston, were in Manning yesterday, they came here to go on a fishing trip.

Mr. S. I. Till left Sunday night for Florida where he went to return with his family that has been visiting relatives in the land of flowers.

The Ladies Missionary Society of the Methodist church will hold its regular monthly business meeting, Friday afternoon, September 5th, at 5:00 o'clock.

Mr. and Mrs. W. S. Brockington, of Indianota, while on their way to Glenn Springs, stopped over in Manning Monday and made a visit to the family of Mr. J. B. Hodnal.

Superintendent D. R. Riser, of the Manning graded schools, has been appointed a member of the county board of education the succeed Charlton Durrant, Esq., resigned.

Miss Katie Clark, of Columbia, spent a few days in Manning visiting her sisters, Messames P. B. Thames and L. Apelt. Miss Clark has a position with The State Company.

Mr. J. H. Rigby, "The Young Reliable" is back home from the north markets ready for the fray. His goods are daily arriving and he earnestly will endeavor to do business.

The tobacco market closes on the 11th and we urge our readers to read The Manning Warehouse advertisement in this issue and bring their tobacco in between now and the closing day.

S. Oliver O'Bryan, Esq., and family are back home from Sullivan's Island where they spent the summer, on account of the health of their little son. The little fellow is greatly improved.

We would ask those contemplating advertising in THE TIMES to get their copy in the office as early as practical as the more time the printers have the nearer display they can make of the advertisement.

The bill collectors would not give a fellow time to pick his breakfast out of his teeth Monday, they got on him so fast and were so insistent that it made him wish the jail doors would fly open to receive him.

Since money has gotten into circulation signs of liquor scarcity can be seen. Those who are inclined to take chances with the law are playing with trouble, and had better stop before it is too late. The authorities are determined to put a stop to this damaging traffic, and the person caught will be punished severely.

Caught a Bad Cold.

"Last winter my son caught a very bad cold and the way he counted was something like this: 'My son, Sarah E. Duncan, of Tipton, Iowa. 'We thought sure he was going into consumption. We bought just one bottle of Chamberlain's Cough Remedy and that one bottle cured him completely.' For sale by all dealers.

The Rivers-Bulman Outfitting Company, of Sumter, carrying a half page advertisement in this issue is a new enterprise with a selling force made up of experienced people. The salesmen and salesladies connected with this establishment are all of the first class and they will be pleased to visit them in their new store. We direct attention to the advertisement and ask our readers to give it their careful attention. The manager, Mr. Rivers, was for years the leading dry goods store in Sumter and has the reputation of knowing this business thoroughly. He is a first class buyer, and understands just the needs to supply the trading public.

Notice is hereby given that the next examination for obtaining Teachers' certificates will be held at the court house in Manning on Friday, October 3rd, 1913, beginning promptly at 9 o'clock.

The subjects for the examination will consist of English Grammar, Geography, Physiology and Hygiene, Arithmetic, United States History, Civics and Current Events, Pedagogy, Agriculture, and Algebra.

No teacher holding Diplomas or Certificates from other States can be received by the County Board. Such persons must obtain a State Certificate, or stand the examination.

Those who hold Second or Third Grade Certificates, and which are out of date should take this examination in order that they may be in a position to take an examination in January as has been in the past.

Let every one who is interested in his school see to it that notice is seen in his school teacher elect for the session 1913-14.

E. J. BROWNE, County Superintendent of Education.

THE TIMES editor has been engaged in newspaper work about 25 years, and up to the last few days he thought he had somewhat of a line on his business, but he realized the old saying, that it is never too late to learn, when a man who has never had a day's experience in the work approached him and told him how he should conduct his newspaper, what he should write, and what he should charge for his work. It is indeed refreshing to know that in this day of progress experience is not necessary for any business. Oh, says this man, "you do not boost the town." If ever a newspaper tried to arouse the business men of this community into a greater activity we thought this one did, but if ever we received any encouragement from our critics we do not recall it. No newspaper can boost a town by itself, it can do its share, but the business men must be behind the boost, just like the men are behind the gun to do effective work in battle. Relying upon newspaper to make business will accomplish but little, but if the business men will join the newspaper to induce trade to the town something can be accomplished we believe.

Williamsburg to Fight Over Booz. Kingstree, Aug. 30.—After an all day struggle, the Williamsburg county board of canvassers late today decided that the result of the recent election on the dispensary question held August 19th was a victory for the dispensary by a majority of 17 votes. The opponents of the dispensary announced that they would appeal to the State board of canvassers. The decision of the county board, which changed an apparent prohibition majority of two votes to a dispensary majority, was based on alleged illegality at Hebron and Muddy Creek boxes. The vote at these boxes were thrown out by the board by a vote of two to one.

Pursuant to announcement of last Tuesday the county board of canvassers met today at the county court house to hear arguments of counsel on protests. The board met at 10 o'clock and began proceedings before a crowded court room.

The dry forces wished to introduce a motion objecting to the board of canvassers acting in a judicial capacity, claiming that two of its members were disqualified, one because he had circulated a petition asking for the election of the State to be held in the State of South Carolina, and the other because he is a member of the town council which had appropriated the sum of \$100 for the payment of one of the canvassers.

The protest was not entertained and was thrown out.

The motion filed by the dispensary forces on Tuesday were then taken up and the testimony of witnesses and arguments from counsel were heard.

The day was one of wrangling and objection followed objection on the part of counsel on both sides, each side taking advantage of every technicality and trying to block progress in every way possible.

The hearing was not concluded until 6:30 this afternoon when the board retired and in a few minutes the election was declared. The chairman declared that by a vote of two to one the boxes at Hebron and Muddy Creek were declared illegal and were thrown out, thus making the result of the election in Williamsburg county stand in favor of the dispensary by a majority of 17, whereas before the dry forces appeared to have won by two votes.

Charlton Durrant, of Manning, counsel for the prohibitionists, gave notice that he would appeal the case to the State board of canvassers.

Much interest was manifested in the case and the court room was crowded all day long.—Columbia State

Death. Mrs. Christina G. Bulman died at her home on North Main street Thursday evening about 8 o'clock, after an illness of several months. She was the widow of the late C. F. A. Bulman, of this city, who pre-deceased her by twenty-one years, and was 72 years of age.

The funeral services will be held at the Lutheran church tomorrow (Saturday) morning at 10 o'clock. Mrs. Bulman has been a member of this church since it was built.

The deceased was born in Charleston in 1841 and was raised in that city. As Miss Christina Meyers, she was married to C. F. A. Bulman in Charleston in 1863. Soon after their marriage they moved to Manning, where they lived for several years, coming to Sumter in 1887, which has been her home ever since. Mrs. Bulman was well known in this city and all who knew her were her friends. She was loved by many for her many works of goodness and friendship, her life being an active one spent in work for her family and friends.

The deceased is survived by five sons, Messrs. L. L. of Columbia; E. A. Orangeburg; F. A. William, and Mellbrooks Bulman, Sumter; and two daughters, Mrs. J. J. Fowler, of Columbia, and Mrs. A. C. Coker, of Sumter. She is also survived by her brother, Mr. J. C. Meyer, of Charleston.—Sumter Item, 29th.

DAVIS STATION.

Mrs. E. G. Stokes and children returned last Tuesday from a weeks visit to relatives in Columbia.

Mr. and Mrs. R. L. Jones have returned to their home in Baltimore, after visiting relatives here.

Mr. and Mrs. Chove Shorter of Columbia spent last week here with their mother, Mrs. M. J. Shorter.

Dr. J. H. Shorter returned last week, after taking a few days rest at Glenn Springs.

School will open here the 15th, inst. Cotton picking is the "laxest" now, the farmers are taking a long time to pick, and are getting as fast as picked.

The building boom is on here. With the depot already completed and several stores being finished, the place begins to look like business town.

BREWER BROWN.

Get Rid of the Torment of Rheumatism.

That you can do by riding yourself of the cause. Weak and inactive kidneys allow uric acid to collect in the blood and bring about rheumatic pains swollen and aching joints follow. Take Foley Kidney Pills to ease you of the pain and torment. They will positively and permanently build up the kidneys, restore their normal action and keep uric acid crystals out of the blood and body. Try them. For sale by all dealers everywhere.

NOTICE.

Notice is hereby given that the next examination for obtaining Teachers' certificates will be held at the court house in Manning on Friday, October 3rd, 1913, beginning promptly at 9 o'clock.

The subjects for the examination will consist of English Grammar, Geography, Physiology and Hygiene, Arithmetic, United States History, Civics and Current Events, Pedagogy, Agriculture, and Algebra.

No teacher holding Diplomas or Certificates from other States can be received by the County Board. Such persons must obtain a State Certificate, or stand the examination.

Those who hold Second or Third Grade Certificates, and which are out of date should take this examination in order that they may be in a position to take an examination in January as has been in the past.

Let every one who is interested in his school see to it that notice is seen in his school teacher elect for the session 1913-14.

E. J. BROWNE, County Superintendent of Education.

STATE SUPERVISION ASKED BY CRUSHERS

Trade in Cotton Seed Will be Regulated by Department of Agriculture. Following Conference of Mill Men and Farmers' Representative With Commissioner.

For the first time in the history of cotton seed manufacturing industry, an effort is to be made this year under official State supervision to provide for an intelligent and careful marketing of the seed to be crushed and converted into oil and meal and hulls.

The hearing was not concluded until 6:30 this afternoon when the board retired and in a few minutes the election was declared. The chairman declared that by a vote of two to one the boxes at Hebron and Muddy Creek were declared illegal and were thrown out, thus making the result of the election in Williamsburg county stand in favor of the dispensary by a majority of 17, whereas before the dry forces appeared to have won by two votes.

At the recent meeting of the South Carolina Cotton Seed Crushers' Association at Lake Toxaway, N. C., a special committee, consisting of B. F. Taylor of Columbia, J. J. Lawton of Hartsville, John T. Steven of Kershaw, John A. Hudsons of Pelzer and H. C. Brown of Augusta was appointed to investigate the details of the proposed plan.

This proposition was promptly agreed to by the committee and acquiesced by Prof. Harper and Mr. Reid. There was some discussion as to the advisability of offering a premium on the maximum price to be paid for cotton seed when the seed was graded.

The representatives of the department of agriculture of Clemson college and of the farmers' union undertook the value to them of using every possible endeavor to carefully care for, examine and handle their seed in such manner as to get it to the market in the best possible shape and to urge them when they were particularly badly damaged seed to put that seed in the ground for fertilizer and not to offer it for sale, the mills having declared through their committee that they did not wish to buy this latter class of seed at any price.

GRADE STANDARDS. The following is the system of grading adopted: "Prims cotton seed shall be clean, dry and sound, free from dirt, trash and foreign matter, and shall contain up to requirements of prime seed shall be considered off seed. All seed shall be graded before unloading as follows: Take 10 representative samples of one pound each from different parts of the car or wagon. Thoroughly mix the 10 samples and from the composite sample then with a square edge cut off about 100 seed from the whole so separated pick up 100 seed in the order they are found, the 100 seed taken by the above method constitute the representative sample.

Reduction for seed damaged under 9 per cent. Seed damaged 10 per cent. and not over 15 per cent., deduct 7 1/2 per cent. from the cost price of same. Seed damaged 16 per cent. and not over 20 per cent., deduct 15 per cent. from the cost price of same. Seed damaged 21 per cent. and not over 25 per cent., deduct 20 per cent. from the cost price of same. Seed damaged 26 per cent. and not over 30 per cent., deduct 25 per cent. from the cost price of same. Seed damaged 31 per cent. and not over 35 per cent., deduct 30 per cent. from the cost price of same. Seed damaged 36 per cent. and not over 40 per cent., deduct 35 per cent. from the cost price of same. Seed damaged 41 per cent. and not over 45 per cent., deduct 40 per cent. from the cost price of same. Seed damaged 46 per cent. and not over 50 per cent., deduct 45 per cent. from the cost price of same. Seed damaged 51 per cent. and not over 55 per cent., deduct 50 per cent. from the cost price of same. Seed damaged 56 per cent. and not over 60 per cent., deduct 55 per cent. from the cost price of same. Seed damaged 61 per cent. and not over 65 per cent., deduct 60 per cent. from the cost price of same. Seed damaged 66 per cent. and not over 70 per cent., deduct 65 per cent. from the cost price of same. Seed damaged 71 per cent. and not over 75 per cent., deduct 70 per cent. from the cost price of same. Seed damaged 76 per cent. and not over 80 per cent., deduct 75 per cent. from the cost price of same. Seed damaged 81 per cent. and not over 85 per cent., deduct 80 per cent. from the cost price of same. Seed damaged 86 per cent. and not over 90 per cent., deduct 85 per cent. from the cost price of same. Seed damaged 91 per cent. and not over 95 per cent., deduct 90 per cent. from the cost price of same. Seed damaged 96 per cent. and not over 100 per cent., deduct 95 per cent. from the cost price of same.

PRESENT METHODS DEPRECATED. Commissioner Watson—speaking in a triple capacity, as representing the department of agriculture, and primarily the agricultural interest, the State farmers' union and the manufacturing interest, said that the present method of picking seed for feeding purposes was a mere bagatelle, or only 43,800 tons, against 27,900 the preceding year. It was true that he was requiring seed as to not, but the demand was greater for meal for fertilizer and in that regard it made very little difference whether the seed was damaged or not. He had a receipt supplied to him in that regard it made very little difference whether the seed was damaged or not. He had a receipt supplied to him in that regard it made very little difference whether the seed was damaged or not.
