9c. A YARD FOR Fruit of the Loom Bleaching At THE 5-10-25c. Store.

Remember the bazaar. Lead sale at Trinity Saturday. Tomorrow week is Thanksgiving. Attend the civic league bazaar today.

Mr. and Mrs. D. Hirschmann and Mr. Julien Weinberg went to Kingstree Sunday.

Mr. R. Crosby Newton the real estate man of Bennettsville, was in Manning yesterday.

When there is nothing stirring how in the name of Sallie Ann can the people expect news.

Mr. and Mrs. W. E. James of Summerton are spending this week in the city of Charleston.

Mrs. P. H. Arrowsmith of Lake City is in Manning visiting her parents Mr. and Mrs. P. B. Thames.

Edwin L. Hirsch Esq. of the Kingstree Bar spent yesterday in Manning on professional business.

Mr. and Mrs. R. R. Jeckinson, accompanied by Mr. Fred Lessene spent Sunday afternoon in Kingstree.

Rev. Thomas J. Clyde former Presiding Elder of the Sumter District died at Oaks S. C., on Nov. 3rd.

Quite a large party of Manningtons went to Sumter last Friday evening to see "The trail of the Lonesome Pige."

Mrs. A. C. Summers of Columbia, arrived in Manning last Thursday night on a visit to her sister Mrs. R. E. Harlee.

The Charleston fair is attracting many of Clarendon's citizens to the city where they always keep a good time on tap.

We are in receipt of a copy of "Memory Piles" from our old friend Mr. N. O. Pyles of Columbia, and we shall ever prize it.

We note the coming into this county a number of Mariboro farmers prospecting for farm lands. Clarendon welcomes such.

Mr. C. L. James of Summerton called to see us yesterday and he says the larger portion of the cotton in his section has been gathered.

Thomas E. Fischer Jr. a twelve year old grand son of Mrs. A. H. Breedin of this town, was accidentally killed with a parlor rifle in Charleston Monday.

The Men's Bible Classes of the several churches of Manning contemplate having a joint banquet in the near future, probably during the Christmas holidays.

The conversion of R. D. Clark's home on church street into a two story residence by Contractor O. W. McCoy is a decided improvement to that portion of the town.

Died of diphtheria last Thursday a four year old son of Mr. Hubert Gibbon, and we told there is another child in the family seriously ill with the same disease.

Married at the home of the bride's mother, by Rev. George E. Davis at Corouva, in Orangeburg county, Sunday 9th inst., Mr. Leslie R. Ridgill of Manning and Miss Shelley Sinoak a daughter of Mrs. E. M. Smoak.

Dr. James McDowell of Yorkville was in Manning last Friday shaking hands with his old friends. Dr. McDowell is one of the busiest physicians in his section of the State, but he finds time to run every day.

Arant's ad. is worth five cents. Save it. We would direct attention to the advertisement in this issue of the Booth-Shuler Lumber & Supply Co., of Sumter. This establishment has recently organized a building supply concern to fill the wants of this section of the State with all kinds of building material at advantageous prices. Those who are contemplating building or who are in need of building material will do well to communicate with this concern.

The Times readers will recall its report of the attempted robbery at the R. F. Epperson store at Pinewood, how it was frustrated by the timely shot from the gun of Mr. Clyde Geddings who was employed to watch the premises, the taking of the wounded man to the Sumter hospital, and bringing his alleged confederate here. Since then the wounded man whose name is John Spring has been brought to the Clarendon jail. Sheriff Gamble has been trying to locate these prisoners by writing around the country to ascertain if they are wanted elsewhere; to one of his inquiries he received a letter from Sheriff Cook of Alamance County, North Carolina, saying John Spring is an escaped convict from the gang of Alamance county, that he was convicted of larceny and sentenced to three years, but escaped after serving a short time, a reward of \$25 for his capture was paid by him. Sheriff Gamble after consulting with Supervisor Davis, decided he would deputize Mr. Clyde Geddings to deliver him to the North Carolina sheriff and collect the reward and expenses.

There was a very deplorable accident in Santee Swamp near the tram road of the Santee Lumber Company, last Monday afternoon, which resulted in the accidental killing of Willis Bennett, colored, by Mr. Fred Lanham, Dr. T. M. Davis, Dr. L. on Fischer and Mr. Fred Lanham of Summerton accompanied by Willis Bennett, Lawrence Tisdal, Moise Bennett, Baker Esquin, colored, were in Santee on a deer drive, and when they were returning out of the swamp the dogs began running coons, Mr. Lanham saw a coon standing on a log some distance off, which he shot at one of the dogs, which resulted in the head of Willis Bennett, and from this wound he died about one o'clock Thursday morning. All who were present say that it was a physical impossibility for Mr. Lanham to have seen the coon, as he was in the rear of the party. The coroner's jury returned a verdict of accidental killing. Mr. Lanham is quite distressed over the killing although he recognizes that it was purely accidental, and in this he is sustained by both white and colored. He is not, however, yet it grieves him, which is the natural feeling of a gentleman.

In Memoriam. Sacred to the memory of our daughter Mrs. Carrie Bennett, who died at her home in Sumter November 10, 1913. You have gone dear Carrie. Safely anchored where storms are over. God called you home it was His will. But in our hearts we love you still. MOTHER Silver Nov. 9, 1912.

Cotton Ginned in Clarendon County. Prior to Oct. 18th, there were ginned in this county in 1913, 20,495 bales of cotton as compared with 16,965 on the same date in 1912.

Bible Class Entertained. The Men's Bible Class of the Manning Presbyterian church was delightfully entertained Monday night by Messrs W. E. Daniels, W. M. Plowden and R. E. Thompson, at the home of Mr. Thompson. A magnificent supper was served, consisting of barbecue, turkey and sweets of almost every kind.

There were about thirty men present and to say that they did justice to the repast would be mildly expressing it. After supper the guests were provided with an adjoining room to enjoy at hour of smoking. During this time business was discussed and a number of important matters decided upon.

The class gave Mr. Thompson and the other hosts a hearty vote of thanks and an adjourned to meet with Dr. G. L. Dickson on the 15th, of December. J. M. A.

Honor Roll Jordan School. FIRST GRADE. Thomas Sprout, Edith Smith. SECOND GRADE. Ruth Thompson. THIRD GRADE. Bessie Ridgill. FOURTH GRADE. Lucile Rawlinson. EIGHTH GRADE. Cora Thompson, David Bradham, Dewey Graham. NINTH GRADE. Lessie Patrick, Loraine Thompson, Anna Wilkie. TENTH GRADE. Marion Thompson.

Sammy Swamp. Miss Sarah Dwight, the attractive teacher of Sammy Swamp school, gave an entertainment for the benefit of her school last Friday evening. Although this was the first attempt of anything of the kind, everything was in every respect a most brilliant success.

The supper was very much enjoyed by all, and a large sum of money was raised. Miss Vera Gibson of Greenwood was the guest of honor as being the youngest young lady present. A number of young people from Manning were present. The bride is the former of Clarendon.

Meeting of The Santee Association. The thirty-seventh annual meeting of the Santee Association convened with the Horeb church near Dalzell, Nov. the 5th, 7th, and 8th. W. Rakin preached the introductory sermon on the night of the 5th, after which delegates were enrolled and the organization was re-elected. Rev. J. W. Wilder was re-elected Moderator and Dr. C. G. Brown was continuing as clerk, and Wm. Haysworth was re-elected Treasurer. The first session was well attended, as were all those that followed. A fine spirit pervaded the whole meeting. Keep in view was taken in all the discussions of the different phases of work and objects fostered by the churches. All the pastors were present, besides a number of the prominent laymen from the various churches. There were also a few lady delegates from the churches. The Santee Association is one of the smaller Associations, having only twenty-four churches, which have altogether a membership of about two thousand and six hundred. The annual meeting is usually for all objects is something like \$30,000. Perhaps, there is more representative giving in the Santee Association than in any other Association in the State. That is, there are more individual gifts than any other Association, according to the proportion of the membership. The churches are well organized, and as a whole, have good strong pastors. The pastors for the most part are college-bred men and have had seminary training. A fine and cordial brotherly spirit prevails among all the pastors, which makes it possible for them to work together in harmony, and along the line of co-operation. There is no one in the Association who tries to boss, and lord it over his brethren; but the kindest feeling exists for each other. Pure democracy is the chief corner stone of all our structure. We are all upon an equal plane as to rights and authority. There were several visiting brethren among those in attendance upon the meetings. Dr. W. T. Dierux, Corresponding Secretary and Treasurer of the State Mission Board, was present and read the cause of State Missions in the Kingdom of Denmark. He was present and made a fine address on education. Rev. J. E. McManaway, of Greenville, an evangelist under the auspices of the Home Mission Board, was present and took subscriptions for the Home Bible and also took part in the discussion on the Home Mission report. Rev. W. E. Wilkins, Secretary of the Laymen's Movement, was also present and made an address. Dr. A. J. Hall, president of Cozier College, came on Saturday and took part in the discussion on education. The Horeb church spared no trouble to care for the delegates. Every one received hospitable treatment. There was super-abundance to eat, a good fire in the evening, and a cordial welcome. Each host or hostess tried in every way to make the matter of entertaining their respective delegates. The next meeting, which will be on Thursday night before the second of December, 1914, will meet with the Paville Baptist church. No doubt the Paville saints will do their utmost in caring for the Association at that time. TRENDS TA FOY.

Wilson's. The progressive citizens of the Wilson school led by E. G. Oskrove, took a notion the past summer that their school house did not fully measure up to the requirements of an up-to-date community, so they got busy and raised \$400.00 toward the building of a new school house. By raising that amount, they obtained county aid in the sum of \$200.00. They did a good part of the work themselves and as a result they have built one of the handsomest and best equipped school houses in the county. There was not a piece of timber on the ground September the first now the fact is the new building has been completed, painted both inside and out, and the school has been running in the new building at one o'clock. It is a credit to the community that can make a better showing than that? This is the spirit that should characterize every community. What they have done, others can do. Miss Lilla May has been their teacher for the past two years, and has now entered upon her third year. Their success has been largely due to the fact of having a good teacher and sticking to her with loyalty. A house divided against itself cannot stand. If other communities would only emulate those good people of Wilsons, lay aside their differences, and all pull together, how much better off the county would be.

Foreston. Notwithstanding the fact that the outer world seldom hears from us, we are still on the top of civilization, and busy as ever. It has been so busy harvesting their crops until time is a most valuable thing. Quite a number of our young people attended "The Trail of the Lonesome Pige," played in Sumter Friday night. Miss Marion Killian from Columbia, who is teaching Baywood school near Manning, was the guest of Miss Hattie H. Long, who is teaching the Holiday school here. There will be a barbecue and other things good to eat at the Holiday school house, Friday night Dec. 5th, Miss H. Long is wide awake on the school question and has already making things about the building looking to the public is cordially invited to attend. "POETA"

Change In Plans For The Fair. The plans for the Fair on December 12th have been modified somewhat. Instead of expecting each teacher to have a booth, we have decided to allow two or three teachers from the same school to unite, thereby making a more creditable display, but we must know by Nov. 22 how many booths will be required. We expect to have these in the Clark Tobacco Warehouse. On the morning of Dec. 12 the parade will start at the school house, march up the street; form a square around the court house. Will and the custodian of the different phases of work and objects fostered by the churches. All the teachers will please see that their pupils learn: Girls: What's the matter with Clarendon? Boys: She's all right! Girls: That's all right! Boys: Clarendon! Clarendon! Clarendon! All: Hurrah! Hurrah! Hurrah! Clarendon! Clarendon! Clarendon! After this we will march to the War-house, where we will give a singing of "America" before disbarring. The Better Babies Contest will begin promptly at 10 o'clock in the school building. The Manning babies will be examined first, thereby giving them the opportunity to get here. Those who wish to enter babies will please write or phone Mrs. E. S. Ervin. She can be reached at her home each morning between nine and two o'clock. Dr. Dierux, president of the Medical Association of the county, will allow me to attend their next meeting. I will have the instructions sent out by the Woman's Home Companion as to the conduct of the Better Babies contest and will do my best to explain them. A trained nurse and a real live baby will also be on hand and we will go through the examination so that there can be no possible hitch on the appointed day. KATHARINE THORNTON, Pres. Clarendon Co. S. I. Ass'd.

Boys' Corn Exhibits. The boys' corn exhibits was held in the court house last Saturday in accordance with the advertised notices previously given out. There were not as many exhibits as in former entries of this kind, but the quality of the samples on exhibition showed clearly that the boys had profited by instructions received at former county Government Agent L. B. Baker of Bishopville, made an interesting talk on corn seed selection. The following had ten ear exhibits: Willie Holladay, Wilson; Francis Alcorn; Hugh K. Kelly, Manning; Kirkland Corbett; Paxville; Clarence Dinkins, Alcorn; James Wells, Davis Station; Henry Bradham, Manning; Willie Young, Alcorn; Bennie Baggett, Wilkesboro; Stukes, Jordan; Miss Pauline Hodue, Manning. The prize for the best written history of how his crop was grown, was won by Clarence Dinkins of the Trinity section. This prize is a gold medal and is held until some one wrests it from the winner by producing a better written account at some subsequent contest. The honor of having carried off this prize for the preceding two years belongs to the Young Ears Club of the Trinity Rural Graded school. The prize for the greatest yield was also won by Clarence Dinkins, consisting of a five dollar pair of shoes, given by J. H. Right, of the Young Ears Club. The yield as reported was 79.8 bushels. The second greatest yield is credited to Tom J. Stukes of the Jordan section. He received \$2.00 in cash with a record of 77 bushels to the acre. The best report on corn exhibit was submitted by Miss Pauline Hodue who received \$3.00 in cash. The second best ten ear exhibit is credited to Francis Castine, who received \$2.00 in cash. The best report made on the government blanks was submitted by Friendly Geddings of Paxville, who is entitled to the handsome fountain pen donated by Dr. J. E. Arant. No prizes had been offered for the best corn ear, but a small cash prize of fifty cents was provided, and Hugh Kelly was declared to be the winner. In the afternoon Prof. James L. Carberry of Winthrop College and a representative of the Agricultural Department of Winthrop College, gave a practical demonstration in fruit canning on the court house square. He did not have as large an audience as he should have had, every house keeper could have profitably been present, but those who were present manifested great interest, not only in the actual canning of the fruit, but they also were interested in the lecture of Prof. Carberry. His talk on sanitary canning and the purity of foods generally we have no doubt will stimulate more interest in the canning and preserving industry. Miss Edith L. Parrott of Winthrop College, and also a representative of the department at Washington, who is head of the Girls Tomato Clubs of the State, and who by her energy has done a wonderful work, assembled a number of ladies and gentlemen in the Grand Jury room and for nearly an hour she spoke very interestingly about the formation of these tomato clubs, the good they are accomplishing, not only in the way of making money for those who engage in the industry, but also for the communities generally. Miss Parrott related in her interesting way, instances where girls have been successful in canning tomatoes, berries, fruits, vegetables, and everything that can be raised in a garden, and of instances of profits made by poultry raising. The clubs to be organized are not confined to the canning, they can take into consideration the raising of poultry, and anything else that can be converted into money. Every girl in the county should have been present and heard this lady talk, and they better feel sure the movement contemplated to provide for the organization of these clubs in Clarendon would be welcomed with enthusiasm. Miss Parrott is a thorough business woman, she was urged to come to Manning by Mr. C. A. McFaddin Clarendon's demonstration agent for the government. There are a number of counties clamoring for the services of this lady, but Clarendon is one of the fortunate ones who succeeded in convincing the legislative delegation that it was the part of wisdom to make provision for financing this proposition. The delegation present was the Senator, with Messrs. R. D. White, and Jos. H. Burgess, and unapologetically consented to have placed in the supply bill an item for \$500 to pay the salary of some lady to be employed by the board of education to organize these tomato clubs in this county. The understanding being that the county will pay \$200 of the federal government \$300, and Winthrop \$75, the lady is to be employed for nine months in the year, and she is to divide the county into districts and so group the schools that all in the county will be able to participate, and get the advantage of these clubs. Beginning some time in the early part of next year, whoever the county board employ, she will go over the county and organize the clubs, when they are organized, she will make inquiries as to them to teach the best and most profitable way to preserve and can foods, and it is to be hoped that at the next State Fair Clarendon will be able to have a fine exhibit of the industry. We believe the work of last Saturday resulted in great good for the future welfare of this county.

Bright Future For Tobacco. Lexington, Ky., Nov. 15, 1913. Editor The Manning Times: Dear Sir:—Will you allow me space in your paper to mention a few paramount facts about tobacco. I have spent about two weeks on the different markets in North Carolina since the South Carolina markets closed. I must say that the prices are better than I ever saw them before for all grades of the old belt tobacco. The bright smile of joy and satisfaction of well done seems to be the slogan for every grower of the bright weed. I have recently interviewed a good many prominent tobacco men in regard to the future for prices, etc. Every one seems to be very optimistic over the outlook. I think the farmers in the bright belt of eastern North Carolina and South Carolina certainly will realize high prices another year. The crop in the old belt of North Carolina is hardly a normal one and from what I can gather, since getting here, the Burley crop is the shortest in many years, caused by a long drought during growing season. I have learned from talking with different people about the situation that bright tobacco, such as is grown in South Carolina that the demand is getting greater each year. I am told by good authority that England lacked about 17,000,000 pounds of having enough to supply a trade in China alone this year. I have also learned that a good many of our competitors in America did not get any crop. The speculators that bought this year's bright crop sold it without any profit for four prices and a nice profit. We have the right climate and

natural conditions for growing bright tobacco. I certainly hope our farmers will avail themselves of this golden opportunity and plant more and give it better attention than in the past. A word to the new people that may be contemplating planting tobacco next year. I will be back in Manning again this spring by planting time. I shall be delighted to help you solve any problems you may have during growing season, free of all charge. A word about preparation of plant lands, kind of land to grow your plants on, etc. Pick you out a place that has medium moisture on the sunny side of a branch or pond. Try not to burn land that is inclined to be caw-fishy. You can burn about 150 square yards for four or five acres of tobacco, more in proportion to amount of land you want to plant. Cover this plant land with brush, wood and light wood and burn thoroughly, then dig or plow up, take out all roots, etc., rake off, lay off in small lead with something that will mark the ground. Mix your seed about one and one-half to two table spoonfuls of seed to a pint of clean ashes and sow over and over until you have sown all. Put poles around the bed, tack small strips across from pole to pole, about three feet apart and then stretch your plant cloth over. I will have seed for distribution in Manning at the proper time, which I will mention through the local of this paper later on. Yours to serve, R. D. COTHRAN.

A Maker Of Health. A good ointment medicine like Foley Kidney Pills gives health to many families. Mrs. O. Palmer, 635 Willow St., Green Bay, Wis., was seriously ill with kidney and bladder trouble. Mr. Palmer writes: "My wife is rapidly recovering her health and strength due solely to the use of Foley Kidney Pills." For sale by all dealers every where. adv.

Aileen Fladger, 96, Cleese Ervin, 92, Robert Bradham, 91. Declare War On Colds. A crusade of education which aims "that common colds may become uncommon within the next generation" has been begun by prominent New York physicians. Here is a list of the "don'ts" which the doctors say will prevent the annual visitation of the cold: "Don't sit in a draughty car." "Don't sleep in a hot room." "Don't avoid the fresh air." "Don't touch your nose at meal time." "Over-eat, and reduce your resistance." To which you would add—when you take a cold get rid of it as quickly as possible. To accomplish that you will find Chamberlain's Cough Remedy most excellent. Sold by all dealers.

No. 666. This is a prescription prepared especially for MALARIA or CHILLS & FEVER. Five or six doses will break any case, and it is a tonic for the Fever, will not return. It acts on the liver better than Calomel and does not grip or sicken. 25c.

SLOAN'S LINIMENT. Rheumatism Neuralgia. Stiffness Vanished. "I suffered with an awful stiffness in my legs.
