EXPERIENCE AND CONSERVATISM NEED-There is one thing the people must not lose sight of in connection with the county's finan cial deficit, it is the tremendous amount of tax dodging there has State of South Carolina. been in Clarendon within the past two years. It is well to say the county is in debt, but it would also be well to say "By my act I helped to put it in such a fix." There is plenty of law in the statutes to get every piece of property on the books, and there is also plenty of law to enforce the collection of the taxes; no law can enforce itself, and no law is worth the paper it is written on if it gets no more attention than the occasional criticism of a grand jury, the members of which are probably as responsible for the failure of the law being carried out as the other people. But this aside, if the county is as deeply in debt as the employed expert says, then it is evident something must be done at the next legislature to relieve the people of this condition as easily as possicondition would be ruinous, it would be a confiscation of propgood business judgment must do as patriotic citizens should, for legislators who are labeled vote for men who have the invote for such whether they are agreed with them on candidates which have axes to grind-today months." they are with one faction, and when it suits them to use the other side they go over horse,

## DELICIOUS **REFRESHING.**

THERE is no admission fee to our up-to .date and modern equipped Bottling plant. We would be glad to have every dealer and consumer pay us a visit, and let us show you through one of the most sanitary soft drink bottling plants in this part of the south. We were the first in this part of the country to install modern machinery in a soft drink

# Some Important Things We Want You to See and Know:

#### Bottle Washing and Finishing

All empty bottles go through, in automatic revolving pockets, large steam heated soaker, filled with a solution of Caustic soda and water, sufficient time to clean the bottles and destroy any germs. From there they are inverted on automatic rapid revolving bristle brushes, which thoroughly brush the inside of each bottle, and at the same time streams of clear water under full pressure are shot up into the bottles; they then pass, with necks downward, into automatic cup conveyers, and are rinsed six times before they reach the machine.

#### Water.

We use City Artesian well water, passing first through one of the best filters to the carbornator; thence through pressure hose to the bottling machine.

#### Syrups

Are tripled strained into porcelain lined containers, and from thence conveyed through closed pipe to bottling mrchine.

### Crowns.

We use only NEW CROWNS: throw away the used ones-don't return them to us. We don't use secondhand Crowns.

#### Our Plant.

Floors are concreted in and outside and flushed with water daily.

The most fastidious consumers who visit out bottling plant will satisfy themselves that our beverages are clean, pure and wholesome.

and I assume that even my accusers Our Principal, Prof. Myers, will be glad, for I will not assume that any Christian, whether preacher or layman, prefers to believe a minister of God is guilty of gross immorality rather than to know that he is innocent, and that he can continue to serve that Master whose servant he is with-

"As to the charges which was brought against me and the manner in which they were prosecuted shall say nothing. The Jew Zacchaeus said to the Master; 'If I have wronged any man by false accusation, I restore him fourfold.' I believe that the religion of Christ is no less exacting in such matters than the religion of the Jews. But I neither ask nor demand anything of my accusers or prosecutors. BECAUSE OF CHARGES.

"Our Conference, at its session in November, 1912, gave me and my man-agement of the Advocate a full and overwhelming endorsement. At its session in 1913 a majority of the same Conference requested the Bishop to reappoint me as editor of the Advocate. This action was taken expressly because of the charges against me, which were then pending. Had the Confer-ence known that I was not guilty of my offence against our Cburch either in law or in fact, as found by our highest Court, it is inconceivable that they would have taken such action on such grounds. I had previously been elected editor and publisher of the Advo-cate by the publishing committee, who had full power from the Conference to do so. 1 am under contract with them to do that work. After the judgment

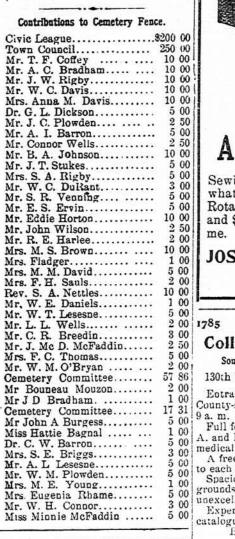

of the trial committee, in deference to the sentiment caused by their verdict, and with the concurrence of the publishing committee, I employed another editor, the whose efficient labors I am deeply grateful. Since the decision of the court of Appeals I stand exactly where I was before the Gonference. There is no longer any reason or excuse why I should not proceed to carry contract with the publishing out my

committee.

TAKE REIGNS AGAIN. "With this issue I, therefore, again assume the editorship of the Advocate. But I wish to lay down this work as soon as possible. I have published and edited the Advocate for eight years. In that time I have more than doubled its circulation, sending it into thous-ands of homes where it never went before, carrying the news of Methodism and the teachings of our religion and the words of wisdom of those Godly Each outfit packed in neat box \$1.00. men who have contributed to its col umns.
