Nervous?

Mrs. Walter Vincent, of Pleasant Hill, N. C., writes: "For three summers I suffered from nervousness, dreadful pains in my back and sides, and weak sinking spells. Three bottles of Cardui, the woman's tonic, relieved me entirely. I feel like another person, now."

Cardui

The Woman's Tonic

For over 50 years, Cardui has been helping to relieve women's unnecessary pains and building weak women up to health and strength. It will do the same for you, if given a fair trial. So, don't wait, but begin taking Cardui today, for its use cannot harm you, and should surely do you good. E-72

ROAD BUILDING

HEAVY, SHORT ROAD ROLLER

Useful Improvement May Be Constructed by Using Worn-Out Mowing Machine and Concrete.

Perhaps you have a grader of some sort and road drags, but you need a heavy short roller. They cost too much to buy, so make one this way. Procure an old worn-out mowing machine, any make, writes W. A. Dillon in Farmers' Mail and Breeze. Take off or break off all the parts that stick out past the wheels. Smooth off a bit of hard ground; now dig a small set just large enough for the hub. Set the machine up on one end, put a jacket of galvanized sheet iron around the wheels, secure it at short intervals with small stove bolts and make it fit neat and straight. Now fill the jacket with the best fine concrete. Tamp it well and allow it to stand until the concrete is well set. Remove the jacket, keep the roller shaded and spray it for eight or ten days.

Have the blacksmith put an iron frame on the roller. Heavy tire iron will do, using the hubs for spindles. When a strong tongue is added you will have as good a roller as anybody; one that will last a life time and will cost but little. Save the jacket to make more rollers with.

When your road is graded run the roller down the center, instead of on the sides, as now. Take two disk harrows the same number of disks and if possible the same kind. Turn the disk on the harrows so they will throw the dirt toward each other when placed side by side. Now set them close together side by side in the middle of the road to be worked. Take a light log chain and fasten the harrows together. Put a team on each harrow and drive down the road to be worked. Turn around; let out the chain a couple of feet; go back. Repeat the operation a number of times. You would be surprised how much dirt the disk harrow will cut up, and how much it will move toward the center. Finish with drag or grader. Then roll the center and you will have a good road at small cost.

We have organized a country club here and given each member a piece of road to drag, near his home. We elected a drag boss so when it is just right to drag the boss calls all the members and in about two hours we have all the roads in the district dragged. We have had very bad weather ever since organizing, but the plan appears to work well.

ROAD SCRAPER EASILY MADE

Two-inch Planking, Securely Bolted Together, Will Furnish Most Useful Farm Implement.

There are many jobs upon the highways and farms that require a few hours' use of a scraper, yet are not important enough to require the purchase of one. The scraper shown in illustration may be constructed of two-inch thick planking, securely bolted

Cheap Road Scraper.

together, and also re-enforced with angle irons, to make the joints more secure against the strain. The blade or cutting surface is made of an old saw blade, bolted to the box as shown in illustration. The horses are attached by a chain fastened to two iron hooks, one upon each side of the scraper. With two handles it is complete and ready to save many times its cost in small filling jobs.

EVERY FARMER SHOULD HELP

Every Day's Work Makes Roads Better If Done Intelligently—Merchants Aid in Work.

No man who farms should begrudge the time he spends in grading, dragging and ditching the highways. He must use them twelve months in the year. Every day's work makes them a little better if the work is done intelligently. In many localities the merchants have aided in the work of road betterment, and it seems ridiculous that their efforts should be distrusted by the farmers. Good roads associations in every county will eventually increase the value of all farming land.

Selection of Cows.

Extreme care is necessary in selecting cows, for no amount of skill in feeding and handling will stimulate a profit from a truly poor cow. A good dairy cow is one with a large capacity for using food above the maintenance requirement and one that uses this food for milk production. In determining the most desirable breed one must consult his own likes and dislikes first. The man who likes a Holstein cow and dislikes a Jersey will be more successful with the former.

SPECIAL TO WOMEN

The most economical, cleansing and germicidal of all antiseptics is

Paxtine

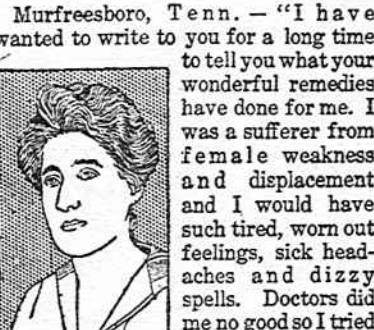

A soluble Antiseptic Powder to be dissolved in water as needed. As a medicinal antiseptic for douches in treating catarrh, inflammation or ulceration of nose, throat, and that caused by feminine ills it has no equal. For ten years the Lydia E. Pinkham Medicine Co. has recommended Paxtine in their private correspondence with women, which proves its superiority. Women who have been cured say it is "worth its weight in gold." At druggists, 50c large box, or by mail, The Paxton Toilet Co., Boston, Mass.

Whosoever You Need a General Tonic Take Grove's

The Old Standard Grove's Tasteless Chili Tonic is equally valuable as a General Tonic because it contains the well known tonic properties of QUININE and IRON. It acts on the Liver, Drives out Malaria, Enriches the Blood and builds up the Whole System. 50 cents.

MRS. MABEN WAS MADE WELL

By Lydia E. Pinkham's Vegetable Compound and Wants Other Suffering Women To Know It.

Murfreesboro, Tenn. — "I have wanted to write to you for a long time to tell you what your wonderful remedies have done for me. I was a sufferer from female weakness and displacement and I would have such tired, worn-out feelings, sick headaches and dizzy spells. Doctors did me no good so I tried the Lydia E. Pinkham Remedies—Vegetable Compound and Sanative Wash. I am now well and strong and can do all my own work. I owe it all to Lydia E. Pinkham's Vegetable Compound and want other suffering women to know about it."—Mrs. H. E. MABEN, 211 S. Spring St., Murfreesboro, Tenn.

This famous remedy, the medicinal ingredients of which are derived from native roots and herbs, has for nearly forty years proved to be a most valuable tonic and invigorator of the female organism. Women everywhere bear willing testimony to the wonderful virtue of Lydia E. Pinkham's Vegetable Compound.

Why Lose Hope.

No woman suffering from any form of female troubles should lose hope until she has given Lydia E. Pinkham's Vegetable Compound a fair trial.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

"Israel" Angel of Music. Israel or Israfil, in Mohammedan mythology, was the angel of music, who possesses the most melodious voice of all God's creatures. This is the angel who is to sound the resurrection trumpet, and will rattle the ears of the saints in Paradise, Israfil, Gabriel and Michael, were the three angels that warned Abraham of Sodom's destruction. In the Koran we read: "And the angel Israfil, whose hands are a lute, and who has the sweetest voice of all God's creatures."

Important.

Bear in mind that Chamberlain's Tablets not only move the bowels but improve the appetite and strengthen the digestion. For sale by all dealers.

Facing the Music.

Originally the expression "Facing the music" was British army slang, and applied to men who were, for misconduct, drummed out of the ranks to the tune of the "Rogue's March." As in general use, however it may have come from the theater, and refer to the fact that the actor and singer upon the stage has the orchestra facing him. In this case it would have in mind the trepidation with which the performer faced his audience while the orchestra played the prelude to his song or speech its meaning is, therefore, "meeting an emergency."

Best Cough Medicine for Children.

"Three years ago when I was living in Pittsburgh one of my children had a hard cold and coughed dreadfully. Upon the advice of a druggist I purchased a bottle of Chamberlain's Cough Remedy and it benefited him at once. I find it the best cough medicine for children because it is pleasant to take. They do not object to taking it."—Mrs. M. L. LAFRETTE TACK, Hum-City, Pa. This remedy contains no opium or other narcotic, and may be given to a child as confidently as to an adult. Sold by all dealers.—Adv.

Rifle Wounds.

Wounding an enemy in war is better than killing him, for unless he is captured it imposes on his side the burden of taking care of him. The Balkan war has again proved that the bullet of the modern high-power rifle with its terrific speed will go straight through a man, penetrating the most vital organs, without killing him; and it has even been found to go through from four to six men, one behind the other. This puts them out of the fight, but at the same time it is a good thing for the fighter, for it gives him a far better chance for his life.—Popular Mechanics.

Try This For Your Cough

Thousands of people keep coughing because unable to get the right remedy. Coughs are caused by inflammation of the throat and bronchial tubes. What you need is to soothe this inflammation. Take Dr. King's New Discovery, it penetrates the delicate mucous lining, raises the phlegm and quickly relieves the congested membranes. Get a 50c bottle from your druggist. "Dr. King's New Discovery" quickly and completely stopped my cough," writes J. R. WATTS, Floydale, Texas. Money back if not satisfied, but it nearly always helps.

Secret of His Success.

His character was good, his references were excellent and his ability was undoubted. He was a first favorite for the position. "And now," said his future employer, "would you mind telling me your politics? It won't make any difference to me, really, what side you support, only for the smooth working of my business and it is necessary often to know the political complexion of some of my employes." A hard look came into the candidate's eyes. "Politics?" he said, "what are my politics? The question can be very easily and briefly answered, I'm against politics." He was engaged forthwith.

It Really Does Relieve Rheumatism.

Everybody who is afflicted with Rheumatism in any form should by all means keep a bottle of Sloan's Liniment on hand. The minute you feel pain or soreness in a joint or muscle, bathe it with Sloan's Liniment. Do not rub it. Sloan's penetrates almost immediately right to the seat of pain, relieving the hot, tender, swollen feeling and making the part easy and comfortable. Get a bottle of Sloan's Liniment for 25 cents of any druggist and have it in the house—against colds, sore and swollen joints, rheumatism, neuralgia, sciatica and like ailments. Your monetary loss is not satisfied, but it does give almost instant relief.—Adv.

Scott Liked Work-Pressure. Scott, who was poet, novelist, lawyer, too, would have been greatest of all his Journalists. Listen to this from his Journal for February 15, 1828: "Yesterday I did not write a line of 'Woodstock.' Partly, I was a little out of spirits. . . Partly, I wanted to wait for some new ideas. . . Partly, I was a little too far beyond the press. I cannot pull well in long traces, when the draught is too far behind me. I love to have the press thumping, clattering and banging in my rear; it creates the necessity which almost makes me work best. Needs must when the devil drags. There is the very spirit of journalism; and that devil, surely, is the printer's devil!"

Flowers and Birds in Factories.

The time may come when ferns and canary birds will be considered a necessary part of every factory's equipment. In at least one workshop they have been found to serve a most useful purpose—in a somewhat negative sense, perhaps. In any event, it is susceptible of proof that where flowers and birds do not flourish the conditions are not what they should be for human beings. Flowers are regarded as a good test of the humidity of the air. If the air is too dry, as is often the case in steam heated interiors, plants will wither and die. Birds, like human beings, demand oxygen. If there be a deficiency of this element, the fact is speedily evident in the drooping spirits of the birds, their reduced activity and their unusual silence.

Clever Deception.

Men who craned their necks and basted against each other to get a look at the girl on exhibition in one of the store windows were given the laugh for women in the crowd. The fluttering of the girl's parasol, and the blowing of her dress convinced the men that they were looking at a "living model," and it was not until they had gazed at it for some time that they discovered they had been fooled. By arrangements of fans the breeze gently blew the gown worn by the wax figure, and also her parasol. Her hair was blown about her face in a most bewitching fashion and more than one man exclaimed, "Isn't she a peach!" and discovered his error when the women in the crowd snickered.—Worcester Post.

Dependency Due to Indigestion.

It is not at all surprising that persons who have indigestion become discouraged and despondent. Here are a few words of hope and cheer for them by Mrs. Blanche Bowers, Indiana, Pa. "For years my digestion was so poor that I could only eat the lightest foods. I tried everything that I heard of to get relief, but not until about a year ago when I saw Chamberlain's Tablets advertised and got a bottle of them, did I find the right treatment. I soon began to improve, and since taking a few bottles of them my digestion is fine." For sale by all dealers.—Adv.
