Rheumatism Sprains Lumbago Sciatica

Why grin and bear all these ills when Sloan's Liniment kills pain?

"I have used your Liniment and can say it is fine. I have used it for sore throat, strained shoulder, and it acted like a charm."—Allen Dunn, Route 1, Box 88, Pine Valley, Miss.

"I am a painter and paperhanger by trade, consequently up and down ladders. About two years ago my left knee became lame and sore. It pained me at nights at times till I could not rest, and I was contemplating giving up my trade on account of it when I chanced to think of Sloan's Liniment. I had never tried it before, and I am glad to state that less than one 25c. bottle fixed me up apparently as good as ever."—Charles C. Campbell, Florence, Texas.

HIGHWAY IMPROVEMENT

DEMAND FOR BETTER ROADS No Reason Why Portion of Tax Should Not Be Used in Putting Highways in Better Condition.

There is a growing demand for more and better road making during the autumn months. In many localities the roads become filled with deep ruts and the wheel tracks so depressed during the summer that they collect rains which soon wash them into gutters which soon ruin the roads for heavy loads and comfortable travel. There is no reason why a portion of

A Durable Stone Culvert.

the road tax should not be used for putting the highways in good condition for travel, says Northwest Agriculturalist. The split log drag and other road-making implements should be put to work before the ground freezes. The outside of the roads should be brought into the center of the track which will establish a crust that will shed the water, rather than retain rains, which are sure to occur during the late fall and early spring months. Roads having a full-high center are quite sure to remain in good condition during the rainy season of fall and spring. Steep hills, where water is apt to collect in wheel tracks, should be provided with open gutters on each side into which rains may be diverted with an occasional crest over which water cannot pass. Approaches to bridges and culverts should be so filled with earth that vehicles of all kinds may pass over them without serious jolts and jars. Roads are much improved when covered with gravel. This is a season of the year when such work can be accomplished at a minimum expense. Every township should own gravel pits from which road-making material can be cheaply obtained. Concrete roads will soon become popular. The same material only should be used in making small bridges and culverts. A good quality of sand and gravel is necessary to make serviceable concrete. Every farmer should have a special interest in all roads adjoining his premises and leading to market.

INCREASE THE LAND VALUES

Strong Argument in Favor of Good Roads is That They Enhance Value of Bordering Farms.

It takes all kinds of arguments to interest the numerous types of men found in every community in public improvements. One man will sanction and work for good roads when he is convinced that they will shorten and expedite the haul of some special crop that he produces. Another will assist because he owns a motorcar. One of the most effective arguments is that good roads will enhance the value of farms bordering upon them, says Breeder's Gazette.

Several real estate dealers in Iowa have begun to advertise land as located "on the Lincoln Highway." Experience has shown that this is a strong "talking point." Of course the great national road is not finished, but it is already famous, and since it will steadily increase in historic interest many properties abutting it will probably acquire an augmented selling value. Unfortunately only a small percentage of farms are located on the Lincoln Highway, but that thoroughfare marks the inauguration in this country of the old-world attitude toward convenient and pleasant highways and byways as a means of socializing and upbuilding a large-hearted, broad-minded citizenship.

Age of Progress. The age is progressive. Fifty or sixty years ago this country began to build railroads, and now we have more than nearly all the rest of the world together. In place of crude industrial facilities, we have the very best on earth; yet we are behind other civilized nations in the improvement of our roads. We are beginning now to do with our highways what should have been done long ago.

The spirit of good roads is hereditary. Dependancy Due to Indigestion. It is not at all surprising that persons who have indigestion become discouraged and despondent. Here are a few words of hope and cheer for them who are afflicted with this ailment. Mr. J. R. Watters, of Dallas, Texas, writes: "I was afflicted with indigestion for some time, but I found the right treatment. I soon began to improve, and since taking a few bottles of them my digestion is fine." For sale by all dealers.—Adv.

Put it on the Other Fellow. "We should so live," remarked the man on the car, "that the other fellow will be to blame if anything goes wrong."

HAVE YOU A CHILD?

Many women long for children, but because of some physical derangement are deprived of this greatest of all happiness.

The women whose names follow were restored to normal health by Lydia E. Pinkham's Vegetable Compound. Write and ask them about it.

"Lydia E. Pinkham's Vegetable Compound is a wonderful medicine for expectant mothers."—Mrs. A. M. MYERS, Gordonville, Mo.

"I highly recommend Lydia E. Pinkham's Vegetable Compound before child-birth, it has done so much for me."—Mrs. E. M. DOERF, R. R. 1, Conshohocken, Pa.

"I took Lydia E. Pinkham's Vegetable Compound to build up my system and have the dearest baby girl in the world."—Mrs. MOSE BLAKELEY, Imperial, Pa.

"I praise the Compound whenever I have a chance. It did so much for me before my little girl was born."—Mrs. E. W. SANDERS, Rowlesburg, W. Va.

"I took your Compound before baby was born and feel I owe my life to it."—Mrs. WINNIE TULLIS, Winter Haven, Florida.

"Israel" Angel of Music. Israel or Israfil, in Mohammedan mythology, was the angel of music, who possesses the most melodious voice of all God's creatures. This is the angel who is to sound the resurrection trumpet, and will ravish the ears of the saints in Paradise, Israfil, Gabriel and Michael, were the three angels that warned Abraham of Sodom's destruction. In the Koran we read: "and the angel Israfil, whose heart-strings are a harp, and who has the sweetest voice of all God's creatures."

Facing the Music. Originally the expression "Facing the music," was British army slang, and applied to men who were "or misconduct, drummed out of the ranks to the tune of the "Rogue's March!" As in general use, however, it may have come from the theater, and refer to the fact that the actor and singer upon the stage has the orchestra facing him. In this case it would have in mind the trepidation with which the performer faced his audience while the orchestra played the prelude to his song or speech. Its meaning is, therefore, "meeting an emergency."

Best Cough Medicine for Children. "Three years ago when I was living in Pittsburgh one of my children had a hard cold and coughed dreadfully. Upon the advice of a druggist I purchased a bottle of Chamberlain's Cough Remedy and it benefited him at once. I find it the best cough medicine for children because it is pleasant to take. They do not object to taking it."

Wounding an enemy in war is better than killing him, for unless he is captured it imposes on his side the burden of taking care of him. The Balkan war has again proved that the bullet of the modern high-power rifle with its terrific speed will go straight through a man, penetrating the most vital organs, without killing him; and it has even been found to go through four to six men, one behind the other. This puts them out of the fight, but at the same time it is a good thing for the fighter, for it gives him a far better chance for his life.—Popular Mechanics.

Secret of His Success. His character was good, his references were excellent and his ability was undoubted. He was a first favorite for the position. "And now," said his future employer, "would you mind telling me your politics? It won't make any difference to me, really, what side you support, only for the smooth working of my business I find it necessary often to know the political complexion of some of my employees." A hard look came into the candidate's eyes. "Politics?" he said, "what are my politics? The question can be very easily and briefly answered. I'm against politics." He was engaged forthwith.

It Really Does Relieve Rheumatism. Everybody who is afflicted with Rheumatism in any form should by all means keep a bottle of Sloan's Liniment on hand. The minute you feel pain or soreness in a joint or muscle, bathe it with Sloan's Liniment. Do not rub it. Sloan's penetrates almost immediately to the seat of pain, relieving the hot, tender, swollen feeling and making the part easy and comfortable. Get a bottle of Sloan's Liniment for 25 cents of any druggist and have it in the house—against dizziness, sore and swollen joints, rheumatism, neuralgia, sciatica and like ailments. Your money back if not satisfied, but it does give almost instant relief.—Adv.

STATE OF SOUTH CAROLINA County of Clarendon. By James M. Windham, Esq., Judge of Probate.

WHEREAS, J. B. Thames made suit to me to grant him Letters of Administration of the estate and effects of E. C. Thames. These are therefore to cite and admonish all and singular the kindred and creditors of the said E. C. Jam, From "Jamaica." Jam seems to take its name from Jamaica, and is comparatively a modern luxury. Galt, in his "Annals of the Parish," states that the fashion of jam making was introduced from Scotland about 1760, when berry bushes were planted by "some of our young men that had been sailors coming from Jamaica," and the condiment was valued in the first place chiefly as "an excellent medicine for a sore throat." A writer in Hone's "Everyday Book," in 1826, deplored the fact that jam could not be "purchased at the shops as other articles of consumption are."

Remarkable Cure of Croup. "Last winter when my little boy had croup I got him a bottle of Chamberlain's Cough Remedy. I honestly believe it saved his life," writes Mrs. J. E. Cook, Indiana, Pa. "It cut the phlegm and relieved his coughing spells. I am most grateful for what this remedy has done for him." For sale by all dealers.—Adv.

Flowers and Birds in Factories. The time may come when ferns and canary birds will be considered a necessary part of every factory's equipment. In at least one workshop they have been found to serve a most useful purpose—in a somewhat negative sense, perhaps. In any event, it is susceptible of proof that where flowers and birds do not flourish the conditions are not what they should be for human beings. Flowers are regarded as a good test of the humidity of the air. If the air is too dry, as is often the case in steam heated interiors, plants will wither and die. Birds, like human beings, demand oxygen. If there be a deficiency of this element, the fact is speedily evident in the drooping spirits of the birds, their reduced activity and their unusual silence.
