**How To Give Quinine To Children.**  
FERRELIN is the trade-mark name given to an improved Quinine. It is a Tasteless Syrup, pleasant to take and does not disturb the stomach. Children take it and never know it is Quinine. Also especially adapted to adults who cannot take ordinary Quinine. Does not excite nor cause nervousness springing in the head. The next time you need Quinine for any purpose, ask for Ferrelin. It is Quinine in a pleasant form. FERRELIN is blown in bottles. 25 cents.

**Conductor's Joke.**  
A middle-aged prim-looking woman with a pensive expression on her face, entered a cross-tie car today, relates the New York Times. She must have come from Boston, for at the least presumption, she had there, for she immediately opened the book and began devouring it. The conductor came up and asked her, "Please," she absent-mindedly replied from her book, "excuse me, I am so embarrassed." "Oh, I'm so embarrassed," she handed him a visiting card. The conductor looked at the card and said, "Finally the puzzled expression on his face relaxed into a grin, and he said: "See here, madam, this ain't no tea party."

**Malaria and Moonlight.**  
Indulgence in moonlight serenades or other nocturnal diversions down in the Panama Canal Zone is unsafe unless one is willing to pay the penalty in subsequent large doses of quinine. Malaria has so largely infected the Americans in the Zone after they have spent an evening at pleasure resorts, especially in the suburbs of Panama, that the health department has been obliged to issue a special warning that it is unsafe to do so. In case necessity or the search for pleasure leads one to so expose himself, it is said that quinine should be taken.

**Effective Punishments.**  
One of the first judges—real judges—of Deadwood put in operation many odd ideas of corrective punishment. A man was brought before him charged with shooting up a peaceful place without provocation. This judge used to delight in toiling off half a dozen good shots, whose business it was to fire all around the accused, who was made to stand up against a wall. The closer the shots and the more scared the accused, the better the judge liked it. If the accused demurred against this little trifling punishment he was formally ordered to stand up and the maximum sentence under the code was meted out to him. In the case of a prisoner who might not be impressed with the target practice sentence there were other penalties, such as a five mile gallop on a frisky horse, with the legs of the accused tied under the horse's belly and a saddle made of fair sized stones wrapped in a blanket for his seat. Protest against this meant again the extreme code punishment.

**FIELD DAY**

The following program for Field Day has been adopted by the Teachers' Association of Clarendon County.

Field Day in nearly all counties of the State has come to be recognized as a very important day. Clarendon County has enjoyed these features annually for the past three years.

In order to vary these features somewhat, and to extend the benefits and pleasures as widely as possible among all our people, it has been deemed advisable to have smaller features of a like kind conducted at the following places at some date the last of March, or the first of April, preceding the general Field day to be held at Manning on Friday, April, 16th, 1915.

Local arrangements to be left to the Principals of the schools in each of the following school groups, or to committees arranged for by them.

Paxville Group—Consisting of Paxville, Pinewood, Big Branch, Home Branch, Silver, Grange Hall, and Pineland.  
Summerton Group—Consisting of Summerton, Davis Station, Oak Grove, Cross Roads, Panola, Richbourg, St. Paul.  
Sardinia Group—Consisting of Sardinia, Enterprise, Harmony, Oakdale, Salem, New Zion, Barrow, Clarendon.  
Manning Group—Consisting of Manning, Jordan, Alcola, Trinity, Haven, Foreston, Wilson, Deep Creek, Rehoboth, Lane, Holladay, Baywood, Thigpen, New Harmony.  
Turbeville Group—Consisting of Turbeville, Coker, Gamble, Hicks, McFaddin, Barrineau, and the line schools if they care to enter. (Sunny-side and Central).

Each group of schools should plan its own literary features in addition to the ones outlined for the general field day on April 16th.

The County Board of Education offers each group of schools five dollars to be used towards the prize money fund, provided that the teachers, trustees, pupils, and patrons supplement this amount with enough to make up what amount may be deemed necessary. All these prizes to be arranged for by each group of schools in whatever manner each may adopt.

Feeling that the art of public speaking should be encouraged among our pupils, particular stress is laid upon that feature, and to this end, each school is earnestly requested to "try out" its pupils in the speaking of pieces at some time the last of March.

These pieces may be either original or selected. On these occasions, the patrons and friends of each particular school should be invited to attend. Representatives should be chosen at this time to represent your school at the group contest event.

The following classification of pupils has been decided upon for the general field day April 16th, and is suggested for each school, as well as for the occasion of the group contest features.

Class A—Boys and girls under 12 years of age.  
Class B—Boys and girls from 12 to 15 years of age.  
Class C—Boys and girls from 15 to 18 years of age.

Each school should send three representatives, one from each class, to the group contest feature. (Dates to be arranged for by each group.)

Each group will be entitled to three representatives, one from each class, to take part in the county field day contests.

It should be noted that there are five school groups, and three classes of contestants, will make up fifteen entries for the general field day.

This gives five entries for each class. The prize for each class will be either a gold medal, or some other prize of equal value.

Pupils who by merit shall be selected as the representatives, either from your school to the group contest, or at the group contest for the county contest, may speak the same piece, or prepare an entirely different piece. (Original or selected.)

Another special feature for the county field day will be a spelling contest in which the best speller wins. This is open to any and all pupils. Send to E. J. Browne, County Supt. for a printed list of fifteen hundred words which will be used.

**ATHLETIC CONTESTS.**

Teachers should encourage their pupils to engage in the following exercises: Running high jump, running broad jump, standing high jump, standing broad jump, and racing contests, all of which contests should be divided by age as per the speaking contests.

Each school group may select both a boy and a girl representative for each of the above contests, and divided by age as above suggested.

Vacancies may be filled at any time, both for the speaking contests, and the athletic contests, so that there may be no features without the proper number of contestants. This is especially desirable in the contests for the prizes for the speaking.

Small prizes will be given the winners in the athletic contests on the occasion of the general field day.

The speaking contests for the general field day at Manning on Friday April 16th, will begin at 10:30 o'clock, followed by the spelling contest. Dinner will be served about 1 o'clock in groups, according to your own individual arrangements.

The athletic contests will take place immediately after dinner, followed by basket ball, base ball, etc.

Let each school group arrange to provide a pleasant day for all the patrons of your respective schools.

All names of contestants should be sent in promptly before the general field day, stating from what school or schools such ones are from, their classification, and any other data that will enable us to have matters in good shape.

Send names to County Supt. E. J. Browne, or to Miss Beulah M. Edge, Alcola, President School Improvement Association.

Note: Entertainment books containing suitable selections for the oratorical contests may be ordered from T. S. Dennison, Chicago, Ill. The Eldridge Entertainment House, Franklin, Ohio., F. A. Owen Pub. Co., Danville, N. Y. Teachers should aid their pupils at once in getting up the proper selections. Order Catalogues at once, either from these firms, or others, in case you have nothing on hand suitable.

**They Don't Know.**  
Men talk about what they would do if they had \$1,000,000, but nine out of ten lie about it. If they had \$1,000,000 the first thing they would do would be to lay plans and concoct schemes for getting two—Toledo Blade.

**Keep Ponies in Ice Stables.**  
A Danish explorer, who has just returned from a journey across the inland ice of Greenland, made use of Icelandic ponies, which he found to be well adapted to Arctic travel. When stops were made the horses were sheltered in holes cut in the ice. These ice stalls were quite comfortable, and in severe weather were covered with tarpaulins, to keep out snow and wind. The small horses gave a good account of themselves, and will doubtless be used extensively in future Arctic expeditions.—Popular Mechanics.
