### Schools May Bar Children.

Common colds are contagious and boards of health in many cities are considering barring children with colds from school. Foley's Honey and Tar is an old and reliable family medicine and frees children from coughs, colds, croup and whooping cough. Parents may save trouble by giving before school opens. Dicksons Drug Store—Adv.

### Saint's Tender Conscience.

St. Macarius was originally a confectioner in Alexandria. He withdrew from trade and took up a life in the desert, devoting himself wholly to religious thought. His conscience, it is said, became so tender, that having once killed a gnat that bit him he immediately hastened, in a penitent mood, to a marsh which abounded in great flies, a torment even to the wild boar. He exposed himself to these insects six months, at the end of which time his body was a mass of sores, and he could only be recognized by his voice.

### Flowers and Birds in Factories.

The time may come when ferns and canary birds will be considered a necessary part of every factory's equipment. In at least one workshop they have been found to serve a most useful purpose—in a somewhat negative sense, perhaps. In any event, it is susceptible of proof that where flowers and birds do not flourish the conditions are not what they should be for human beings. Flowers are regarded as a good test of the humidity of the air. If the air is too dry, as is often the case in steam heated interiors, plants will wither and die. Birds, like human beings, demand oxygen. If there be a deficiency of this element, the fact is speedily evident in the drooping spirits of the birds, their reduced activity and their unusual silence.

### Many Complaints Heard.

This summer many persons are complaining of head aches, lame backs, rheumatism, biliousness and of being "always tired." Aches, pains all ills caused by kidneys not doing their work yield quickly to Foley Kidney Pills. They help eliminate, give sound sleep and make you feel better. Dickson Drug Store—Adv.

### To Kill Crabs and Lobsters.

The killing of lobsters and crabs for the table forms the subject of an interesting pamphlet issued by the Society for the Prevention of Cruelty to Animals of London. It gives the results of a series of experiments carried out by Mr. Joseph Stiel, late of the Jersey marine biological laboratory. He comes to the conclusion that the most humane way of killing crabs and lobsters is to place them in cold water and very gradually raise the temperature. The death which ensues is apparently quite painless, and must be somewhat analogous to that of a person succumbing to a "heat wave."

### E. G. Hudson's Statement.

E. G. Hudson, merchant of Chamblee Ga., says Foley Cathartic Tablets are the "best on earth" for a thorough cleansing movement of the bowels without the slightest inconvenience or sickness and no bad effects. They certainly do relieve indigestion or constipation quickly and lighten up the liver. They make you feel light, free and energetic. Dicksons Drug Store—Adv.

### Saving for the Boy.

As my friend Jones dropped a letter in the mail box he remarked: "There goes \$3,000 for my boy the day he casts his first vote." I inquired where this precious letter was going. "My resignation to the board of governors of the club," said he, naming one of the four or five of which he is a member. Then he proceeded to explain. "It costs me \$100 a year to walk into that club about ten times. I'm going to deposit that \$100 each year for my son, investing whenever the sum is considerable enough. In the twenty years from now until that election day when the baby's first ballot is put in the slot, the aggregate of these club dues and interest will amount to \$3,000. Am I wise?" "I'll just pass his question along to you—Gleason, a Philadelphia Ledger.

### A Wonderful Antiseptic.

Germs and infection aggravate ailments and retard healing. Stop that infection at once. Kill the germs and get rid of the poisons. For this purpose a single application of Sloan's Liniment not only kills the pain but destroys the germs. This neutralizes infection and gives nature assistance by overcoming congestion and gives a chance for the free and normal flow of the blood. Sloan's Liniment is an emergency doctor and should be kept constantly on hand. 25c. 50c. the \$1.00 size contains six times as much as the 25c.—Adv.

Your druggist will refund money if PAZO OINTMENT fails to cure any case of Itching, Blind, Bleeding or Protruding Piles in 6 to 14 days. The first application gives ease and rest. 50c.

### Had Proved It.

"Daughter," called the father from his position at the top of the stairs, at the well-known hour of 11:55 p. m., "Doesn't that young man know how to say 'good-night'?" "Does he?" echoed the young lady in the darkened hall; "well, I should say he does."

### Dr. King's New Life Pills

The best in the world.

### Children's Kidneys

#### No Mamma Mother Should Neglect The Little One's Health.

Often times weak kidneys cause great annoyance and embarrassment to children. Inability to control the kidney secretions, at night or while at play, is attributed to carelessness and too frequently the child is punished. Parents having children troubled with kidney weakness would do well to treat the kidneys with a tested and proven kidney remedy. If there is pain in the back, discolored urine, irregular urination, headaches, dizzy spells or a tired, worn-out feeling, try Doan's Kidney Pills at once. A remedy that has been used in kidney troubles for over 30 years and has been recommended by thousands. Proof of merit in a Manning citizen's statement.

Mrs. J. S. Bell, S. Boundary St., Manning, says: "A dizzy member of my family suffered from this disease after a fever. He had dizzy spells and the kidneys acted so frequently, causing much annoyance both day and night. I got Doan's Kidney Pills at the Dickson Drug Co., and they relieved the trouble." Price 50c. at all dealers. Do not simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Bell had. Foster-Milburn Co., Props., Buffalo, N. Y.

### NOTICE.

Write me and I will explain how I was cured in 4 days of a severe case of Piles of 40 years' standing without pain, knife or desecration from business. No one need suffer from this disease when this humane cure can be had right here in South Carolina. R. M. JOSEY, Route 4, Lamar, S. C.

### Try to Parse This.

A correspondent, says the listener of the Boston Transcript, sends in a rare bit of English. It was written by a woman in excusing her tardiness in answering an inquiry that had been addressed to her: "I would have written before but I have been sick with a dog bite in the arm. The man that owns the sawmill's dog bit me in the road." The excuse was accepted as sufficient.

### Every Home Needs a Faithful Cough Aid

When seasons change and colds appear—when you first detect a cold after sitting next to one who has sneezed, or when it is that a tried and tested remedy should be faithfully used before him never wrote a testimonial before, but I know positively that for myself and family, Dr. King's New Discovery is the best cough remedy we ever used and we have tried them all." 50c and \$1.00.—Adv.

### Effective Punishments.

One of the first judges—real judges—of Deadwood, got in operation many odd ideas of corrective punishment. If a man was brought before him charged with shooting up a peaceful place without provocation this judge used to delight in tolling off half a dozen good shots, whose business it was to fire all around the accused, who was made to stand up against a wall. The closer the shots and the more scared the accused the better the judge liked it. If the accused demurred against this little tit-for-tat punishment he was formally ordered to stand up and the maximum sentence under the code was meted out to him. In the case of a prisoner who might not be impressed with the target practice sentence there were other penalties, such as a five mile gallop on a frisk horse, with the legs of the accused tied under the horse's belly and a saddle made of fair sized stones wrapped in a blanket for his seat. The test against this meant again the extreme code punishment.

### Health And Happiness Depend Upon Your Liver.

That sluggish liver with its sluggish flow of bile is what makes the world look so dark at times. Dr. King's New Life Pills go straight to the root of the difficulty by waking up the action of the liver and increasing the flow. Dr. King's New Life Pills cause the bowels to act more freely and drive away those "moody days." 25c a bottle—Adv.

### Hearing Heart Beats.

If you hear your heart beat in one ear, as many persons do, it is no proof of anything wrong with the heart. It is much more likely to be a local defect such as a chronic catarrh of the middle ear or stiffness and retraction of the drum. This is on the authority of a leading physician of Chicago.

### HIGH LIFE IN PERU.

#### The Pace Has to Be Slow on the "Roof of the Continent."

Professor Alsworth Ross of the University of Wisconsin, in an article in the Century Magazine entitled "Peru, the Roof of the Continent," tells of the difficulty of merely sustaining life in the higher altitudes among the Andes. He says: "Life at Cerro de Pasco, nearly a league up, is as trying as life under a diving bell at the bottom of the ocean. The newcomer gasps for air like a stranded fish and wakes up at night gulping mouthfuls out of the thin atmosphere. Three quick steps put you out of breath, and after climbing a flight of stairs you must sit down for a rest. 'I know,' panted a 'tenderfoot,' 'how I'll feel when I'm eighty.'"

No employee is sent up by the company unless he has passed a physician's examination, but occasionally one gets blue in the face and has to be sent down forthwith. Thus the Inca Chronicle often has such items as, "Jake L. who returned here last April, has been sent home with his heart machinery in bad shape."

### Recovering Rapidly.

When the doctor came down from seeing her husband he told her that her good man would shortly be on the road to convalescence. "What's that?" she asked. "I mean he will be getting better," said the doctor. "You will know because he will get irritable—extremely so." When he called the next day the doctor found the devoted woman as happy as a sandboy, smiling and singing to herself. "And how are we today?" he asked. "Oh, he's getting better all right," she answered. "He came down to the kitchen this morning and threw a coffee pot at the cook, and shot our old house dog because it wouldn't say 'Please!' So I cooked him a dish of tripe and onions and he has gone back to work. It's wonderful how you doctors know things!"

### SLEEP AND SLEEPINESS

#### What Slumber Does and How Insomnia Should Be Treated.

In his book on "Sleep and Sleeplessness" H. Adington Bruce gives the new theory of sleep as follows: "It is now known that sleep, contrary to the belief formerly so widely entertained, is no mere passive, negative state, the product of toxic or other harmful elements, but is an active, positive function, a protective instinct of gradual evolution and dependent for its operation partly on the will and partly on the environment."

### Origin of a Phrase.

The phrase "First in war, first in peace," etc., referring to George Washington, originated with Henry Lee of Virginia. In a resolution introduced in the house of representatives he had recommended that a committee be appointed to consider the most suitable manner of paying honor to the memory of the man "First in war, first in peace and first in the hearts of his fellow citizens." The phrase was again used in a speech in praise of General Washington made by Mr. Lee in 1790, but this time the word "countrymen" was substituted for "fellow citizens." Philadelphia Press.

#### For Colds is—

Dr. Bell's Pine-Tar-Honey which goes to the very root of cold troubles. It clears the throat and gives relief from the congested and stuffed feeling. The pine has ever been the friend of man in driving away colds. Moreover, the pine-honey qualities are peculiarly effective in fighting children's colds. ### India's Aluminum Wealth.

India offers a great field for future supplies of aluminum. There are great deposits of laterite and bauxite from which aluminum is derived. It is said that the Indian product could be placed on the market at a figure less than half that of the present quotation. The use of this metal is handicapped by the cost at present, and if the metal could be secured at a lower cost its field of usefulness would be greatly expanded. There are many comparatively accessible points where factories for the extraction of aluminum could be located.
