The proof the county. These licenses will have to be obtained by May 1st of this year and annually hereafter in January.

We made little other change in our county affairs, except that we raised the tax levy one-half mill. The reanot being received to pay the county it to yourself to clear the system of expenses and the county has been going steadily in debt. In fact, last year When the child is subject to attacks of croup, see to it theat he eats a light evening meal, as an overloaded stombeen incurred from year to year. We thought it better for the county to pay which nearly all the counties of the State have, and as a result the officers have had to discount their warrants at heavy interest, and others who had claims against the county have had to wait for months for their money. As a result of this the county has, no doubt, had to pay very high prices for the supplies which it must purchase. We put the county on the same footing as other counties of the State and gave the Commissioners the power to borrow money and pledge the year's taxes

the idea being that they should pay cash as they go. The Tax Commission began their labors last year by changing the assessmen on the Banks of the State. The result of this was to make the Bank in which I am interested pay slightly more taxes. As I knew that Banks were paying far more in proportion than most other corporatios individuals of the State, I felt hard toward the Commission. Upon further investigation and going into the matter with members of the .Commission I found that they had not raised taxes of banks as a whole, but had simply equalized the taxes between the different Banks of the State so that they would all pay on the same basis. I considered that fair, and told them so, and when a bill came up in the Senate to perfect the law under which they were operating I voted for it I am willing to give

them a fair trial, because the tax laws

# A Woman's Problem

How to Feel Well During Middle Life Told by Three Women Who Learned from Experience.

The Change of Life is a most critical period of a woman's existence, and neglect of health at this time invites disease and pain. Women everywhere should remember that there is no other remedy known to medicine that will so successfully carry women through this trying period as Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs. Read these letters:—

Philadelphia, Pa.—"I started the Change of Life five years ago. I always had a headache and backache with bearing down pains and I would have heat flashes very bad at times with dizzy spells and nervous feelings. After taking Lydia E. Pinkham's Vegetable Compound I feel like a new person and am in better health and no more troubled with the aches and pains I had before I took your wonderful remedy. I recommend it to my friends for I cannot praise it enough."—Mrs. Margaret Grass-MAN, 759 N. Ringgold St., Philadelphia, Pa.

Beverly, Mass.—"I took Lydia E. Pinkham's Vegetable Compound, for nervousness and dyspepsia, when I was going through the Change of Life. I found it very helpful and I have always speker of it to other nave always spoken of it to other women who suffer as I did and have had them try it and they also have received good results from it."—Mrs. George A. Dunbar, 17 Roundy St., Beverly, Mass.

Erie, Pa.—"I was in poor health when the Change of Life started with me and I took Lydia E. Pinkham's Vegetable Compound, or I think I should not have got over it as easy as I did. Even now if I do not feel good I take the Compound and it restores me in a short time. I will praise your remedies to every woman for it may help them as it has me."—Mrs. E. Kissling, 931 East

24th St., Erie, Pa. No other medicine has been so successful in relieving woman's suffering as has Lydia E. Pinkham's Vegetable Compound. Women may receive free and helpful advice by writing the Lydia E. Pinkham Medicine Co., Lynn, Mass. Such letters are received and answered by women only and held in strict confidence.
