The Columbia State Vs Democratic Party

"LET THE HEATHEN RAGE."

Columbia, S.-C., June 5, 1916.

Editor Times:-

Dear Sir: In an editorial in its issue of June 2. The Columbia State, in commenting upon a statement which I made in regard to a letter from ex-Governor Evans to Senator J. A. Banks, in which Mr. Evans made a gratuitous and uncalled for attack upon me as a "discredited politician," said that my statement as to Mr. Evans was a charge against the Democratic party, which was "better calculated to injure the party than though it came from an avowed republican." I enclose a copy of my reply to The State, which, as you will see, is made up almost entirely of quotations taken from its own editorial columns. The editor, after repeated attacks of this character upon me, has refused to print my reply. I am sending you a copy of same, which in justice not only to me, but to the people of South Carolina, should be made public. Respectfully,

John L. McLaurin.

The Columbia State mistakes a political convention ring for the Democratic party of the State. The Manning Times. THE COLUMBIA STATE VS MR. EVANS vote of the State would not exceed 55,000, but when the back districts were heard from they increased the estimate by over 20,000 votes. And of these votes, cast mainly by Reformers, Evans hardly received half. The Reformers did it, and we freely accord them the credit.

"It is no secret why they did it. They doubted the honesty of this slated candidate. They recognized his lack of ability. They realized that he could be a creditable repsentative of this State in United States Senate. They did not propose to support a tainted candidate because he had got a clutch on the coat-tails of a bigge man and expected to be hauled into a position many sizes too large for him and ten times too high for him.

"They didn't vote for Evans because they couldn't trust him because by his course he had forfeited all confidence in his personal integrity."

They behold Evans in the center of a very maelstrom of suspicion, crimination and corruption; they see the dispensary under his management, a shame and a scandal; they realize that in beginning the exposure of its more than 'incipient rottenness' he is guided by selfish fears and revenges, and not by a sense of pub-

September 8, 1896, in speaking of the defeat of Governor Evans by Judge Earle: "The hosts of darkness have not conquered The people are unbridled and unseduced. Votes of honest men have told for the right."

September 11, 1896: "John Gary Evans failed because the people were against him and not all the strength of Tillman, and the dispensary machine, and officialdom, and partisanship, and corruption combined could seduce enough of them from their position of antagonism to him. Had these agencies not been employed he would have been buried under a majority five times as great as that which vanquished him. That all these usually potential influences failed to save him is at once a demonstration of his expectation. fluences failed to save him is at once a demonstration of his ex treme obnoxiousness and a tribute to the integrity and patriotism of the majority of the Democratic voters of South Carolina."

September 12, 1896; "The John Gary Evans that the The State said could be beaten is the John Gary Evans who is beaten now. He lacked 8,000 votes of reaching the maximum we declared he could not pass. The John Gary Evans whom The State prosecuted almost alone so long as the John Gary Evans who has now been pronounced guilty by the people. The John Gary Evans whom the Constitutional Convention adjudged to be so honest that he would not filch a matter of five votes is the same John Gary Evans who is now adjudged by 43,000 voters capable of a 'divvy' of \$15, 000 in bond commissions and untold sums in whiskey rebates."

The Columbia State also added some testimony as to Governor Evans' unpaid bill to the State Penitentiary for "rations" while he was sovernor, and as to gubernatorial convict farm' which it said was the "highest hurdle of all, and we don't see how it can be jumped." (See its issue of March 24 and March 25, 1899.) It brought testimony as to other matters, ad nauseam. (See its I didate for re-election to the Office of County Superintendent of Education of Clarendent of County Superintendent of Education of Clarendent of County Superintendent of the Usual rules governing dies from 1896 to 1908.)

Such is the opinion held by The Columbia State of the man whom it would make synonmous with the Democratic party in

And I am also reminded of another tradgedy recorded in Holy Writ; In the Old Testament we are told how the Ephraimites tried to pretend that they were of the tribe of Jephthah, and would have their inability to pronounce the word "shibboleth," and they were mercilessly slaughtered by the Gileadites, led by Jephthah.
